Disclosure of Fund Expenses

June 30, 2018 (Unaudited)

Examples. As a shareholder of one or more portfolios listed on the following pages, (each a "Portfolio" and collectively, the "Portfolios") you incur only one of two potential types of costs. You incur no transaction costs, which include sales charges and redemption fees. However, you do incur ongoing costs, including management fees, distribution (12b-1) and shareholder service fees and other Portfolio expenses. The following examples are intended to help you understand your ongoing costs (in dollars) of investing in the Portfolios and to compare these costs with the ongoing costs of investing in other mutual funds. The examples are based on an investment of \$1,000 invested on January 1, 2018 and held through June 30, 2018.

Actual Expenses. The first line under each Portfolio of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under each Portfolio of the table under the heading "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes. The second line under each Portfolio of the table below provides information about hypothetical account values and hypothetical expenses based on each Portfolio's actual expense ratios and an assumed rate of return of 5% per year before expenses, which are not the Portfolio's actual returns. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in a Portfolio and other mutual funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

The expenses shown in the table below are meant to highlight ongoing Portfolio costs only. See "Note on Fees" on the following page below the table.

⁽¹⁾ Annualized based on the Portfolios' expenses from January 1, 2018 through June 30, 2018.

NOTE ON FEES

If you are an owner of variable annuity contracts or variable life insurance policies ("Contracts") or a participant in a qualified plan, you may also incur fees associated with the Contract you purchase or the qualified plan, such as transaction costs including sales charges and redemption fees, which are not reflected in the table and example above. Additional information about the cost of investing in a Portfolio is presented in the prospectus for your Contract or disclosure documents for the plan through which the Portfolio's shares are offered to you.

Expenses are equal to the Portfolios' annualized expense ratio multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half year (181), then divided by 365.

Performance Overview

June 30, 2018 (Unaudited)

INVESTMENT OBJECTIVE

The Morningstar Conservative ETF Asset Allocation Portfolio seeks to provide investors with current income and preservation of capital.

The Morningstar Income and Growth ETF Asset Allocation Portfolio seeks to provide investors with current income and capital appreciation.

The Morningstar Balanced ETF Asset Allocation Portfolio seeks to provide investors with capital appreciation and some current income.

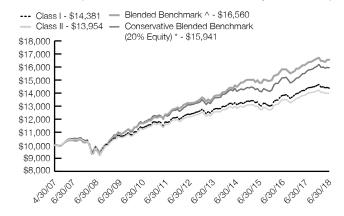

The Morningstar Growth ETF Asset Allocation Portfolio seeks to provide investors with capital appreciation.

The Morningstar Aggressive Growth ETF Asset Allocation Portfolio seeks to provide investors with capital appreciation.

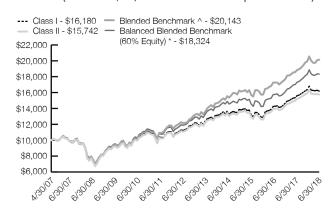

MORNINGSTAR ETF ASSET ALLOCATION SERIES PERFORMANCE SUMMARY

The illustration below is based on a hypothetical \$10,000 investment in each of the respective Portfolios since inception (4/30/07). All results shown assume reinvestments of dividends and capital gains.

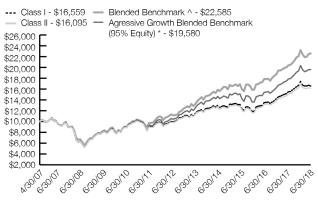

Conservative (return of \$10,000 based on actual performance)

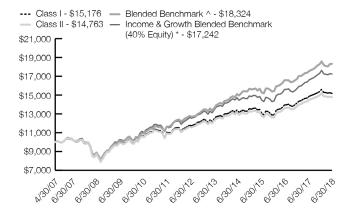

Balanced (return of \$10,000 based on actual performance)

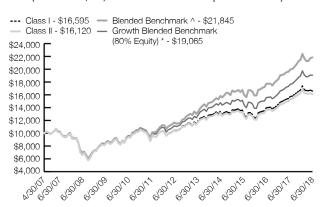

Aggressive Growth (return of \$10,000 based on actual performance)

Income & Growth (return of \$10,000 based on actual performance)

Growth (return of \$10,000 based on actual performance)

Performance data quoted represents past performance. Past performance is no guarantee of future results and investment returns and principal value of the Portfolios will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance quoted. The graphs and tables on pages 4 and 5 do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or the redemption of Portfolio shares. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. To obtain performance data current to the most recent month-end, please call 1-866-432-2926.

Performance data does not reflect expenses incurred from investing through a separate account or qualified plan and does not reflect variable annuity or life insurance contract charges. If it did, the overall fees and expenses would be higher.

The S&P 500[®] and the Barclays Indexes reflect the reinvestment of dividends.

^{**} Total return for a period of less than one year is not annualized.

Performance Overview (continued)

June 30, 2018 (Unaudited)

ALPS Portfolio Solutions Distributor, Inc. (the "Distributor") is the distributor for the Portfolios. The Distributor is not affiliated with the Sub-Adviser.

Morningstar Investment Management LLC ("Morningstar") utilizes asset allocation models they have developed to allocate each Portfolio's assets among the underlying exchange-traded funds ("ETFs"). First, Morningstar seeks to develop an optimal long-term strategic asset allocation model for each Portfolio using different asset classes. Morningstar uses a process called mean variance optimization ("MVO") as a primary tool to develop the strategic asset class allocations. Using expected returns, standard deviations and correlations of the different asset classes, MVO seeks to identify a combination of asset classes that is expected to maximize return for a given level of risk or minimize risk for a given level of return. Next, Morningstar applies its dynamic asset allocation process. Dynamic asset allocation is the process of making short-term deviations from the strategic ETF Asset Allocation Portfolio based on the market outlook to attempt to add value by capitalizing on market and other systemic trends. The goal of dynamic asset allocation overlay is to enhance the Portfolios' overall risk and return characteristics by dynamically deviating from the long-term strategic asset allocation positions.

MORNINGSTAR ETF ASSET ALLOCATION SERIES INVESTMENT ALLOCATION SUMMARY

^{*} As of June 30, 2018. Holdings are subject to change and may not reflect the current or future position of the Portfolio.

The table below shows there were no changes in the strategic allocations provided by Morningstar's proprietary asset allocation methodology for the six months ended June 30, 2018. Portfolio holdings are influenced by the strategic allocations, but actual investment percentages in each category may vary from time to time. See each Portfolio's Schedule of Investments on the following pages for actual holdings allocations as of June 30, 2018.

Each Portfolio allocates investments among multiple ETF asset classes including: U.S. equity, fixed income, commodities, real estate, and international ETFs. Asset allocation does not assure a profit or protect against down markets. Equity securities are subject to investment risk, including possible loss of principal amount invested. The stocks of smaller companies are subject to above-average market-price fluctuations. There are specific risks associated with international investing, such as currency fluctuations, foreign taxation, differences in financial reporting practices, and rapid changes in political and economic conditions. Real estate investments are subject to specific risks, such as risks related to general and local economic conditions and risks related to individual properties. Fixed income securities are subject to interest rate risk, prepayment risk, and market risk. Commodity trading is highly speculative and involves a high degree of risk.

The Morningstar ETF Allocation Series Portfolios are not ETFs; instead, they consist of five risk-based asset allocation portfolios that invest in underlying ETFs, which are typically open-end investment companies or unit investment trusts.

Also see Notes to Financial Statements (Note 6) for further description of Expense Limitation Agreement in effect and Financial Highlights tables for expense ratios as of June 30, 2018. Note the net expense ratios above, as shown in the current Prospectus, include estimated acquired fund fees, which are not incurred in the expense ratios stated throughout the rest of this report. The Adviser and Sub-Adviser have contractually agreed to jointly waive its management fee and subadvisory fee, respectively, and/or reimburse expenses so that net expense ratios, excluding distribution and/or service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions, and extraordinary expenses, do not exceed a maximum of 0.53% of Class I or Class II shares average daily net assets through April 29, 2019. This means that acquired fund fees and expenses and extraordinary expenses may cause the Portfolio's gross expense ratios shown above to exceed the maximum amounts of 0.53% for Class I or Class II agreed to by the Adviser and Sub-Adviser.

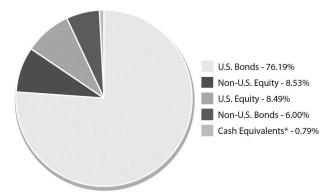

[^] Excludes adjustments in accordance with accounting principles generally accepted in the United States of America and as such, the net asset value and total return for shareholder transactions reported to the market may differ from the net asset value for financial reporting purposes.

Performance Overview

June 30, 2018 (Unaudited)

Investment Objective

The ALPS | Alerian Energy Infrastructure Portfolio (the "Portfolio") seeks investment results that correspond (before fees and expenses) generally to the price and yield performance of its underlying index, the Alerian Energy Infrastructure Index (the "AMEI Index").

The Portfolio employs a "passive management" – or indexing – investment approach designed to track the performance of the AMEI Index. Developed by Alerian, the AMEI Index is intended to give investors a means of tracking the overall performance of North American energy infrastructure companies. The AMEI Index is a composite of North American energy infrastructure companies engaged in the pipeline transportation, storage, and processing of energy commodities (also known as "midstream energy businesses"). Each constituent is assigned to one of four categories: (i) U.S. Energy Infrastructure MLPs; (ii) U.S. General Partners; (iii) U.S. Energy Infrastructure Companies; and (iv) Canadian Energy Infrastructure Companies.

Portfolio Overview

During the six-month period from January 1, 2018 to June 30, 2018, the ALPS Alerian Energy Infrastructure Portfolio's Class I Shares delivered a net return of -2.72% (Class III delivered a net return of -2.83%). This compares to the Portfolio's index, the Alerian Midstream Energy Select Index ("AMEI"), which fell 5.18% and 2.18% on a price-return and total-return basis, respectively.

Buckeye Partners (BPL) and Shell Midstream Partners (SHLX) were removed from the index during the June 2018 quarterly review.

Energy infrastructure companies performed well to start the year supported by rising crude prices. However, specific to the energy infrastructure space, there were a series of negative headlines in February and March that weighed on performance, including dividend cuts and corporate reorganizations. Macquarie Infrastructure Corp (MIC) announced a dividend cut, and NuStar GP Holdings (NSH) announced a distribution cut and plans to merge with its MLP, NuStar Energy (NS). On March 15th, the FERC announced that MLPs could no longer include an income tax allowance in their cost-of-service pipeline rates. At the same time, FERC announced a proposed rulemaking that would allow FERC to determine which interstate natural gas pipelines may be overearning given the lowered corporate tax rate and the change in policy regarding the income tax allowance for MLPs. While only select assets of select MLPs and corporations will likely be impacted and cost-of-service pipeline rates are not necessarily decreasing, energy infrastructure companies, particularly MLPs, were broadly sold in a textbook example of a market overreaction. Energy infrastructure companies recovered in the second quarter of 2018 as oil prices improved but remain below the relative highs from January.

While headline risk has been a headwind for the space, the underlying fundamentals for North American energy infrastructure are quite constructive. According to the International Energy Agency, the US and Canada combined produced 19.6 million barrels per day of crude and natural gas liquids in the first quarter of 2018 – accounting for approximately 20% of global supply. On the natural gas side, US production reached a new record high in April 2018, and Canadian natural gas production also continues to grow. This production growth creates opportunities for energy infrastructure companies to build new projects, providing visibility to cash flow growth.

Performance data quoted represents past performance. Past performance is no guarantee of future results and investment returns and principal value of the Portfolios will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance quoted. The tables above do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or the redemption of Portfolio shares. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. To obtain performance data current to the most recent month-end, please call 1-866-432-2926.

Performance returns do not reflect expenses incurred from investing through a separate account or qualified plan and do not reflect variable annuity or life insurance contract charges. If they did, the overall fees and expenses would be higher.

- Total return for a period of less than one year is not annualized.
- Also see Notes to Financial Statements (Note 6) for further description of Expense Limitation Agreement in effect, and Financial Highlights tables for expense ratios as of June 30, 2018. The Adviser has contractually agreed to waive its management fee and/or reimburse expenses so that net expense ratios, excluding distribution and/or service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions, and extraordinary expenses, do not exceed 0.80% of either Class I or Class III shares average daily net assets through April 29, 2019. This agreement may only be terminated during the period by the Board of Trustees of ALPS Variable Investment Trust.
- ³ The Alerian Midstream Energy Select Index is a composite of North American energy infrastructure companies engaged in the pipeline transportation, storage, and processing of energy commodities. As of June 29, 2018 the benchmark for the Fund changed from the Alerian Energy Infrastructure Index (AMEI) to the Alerian Midstream Energy Select Index (AMEI). An investor cannot invest directly in an index.

Investments in securities of MLPs involve risks that differ from an investment in common stock. MLPs are controlled by their general partners, which generally have conflicts of interest and limited fiduciary duties to the MLP, which may permit the general partner to favor its own interests over the MLPs.

The benefit you are expected to derive from the Portfolio's investment in MLPs depends largely on the MLPs being treated as partnerships for federal income tax purposes. As a partnership, an MLP has no federal income tax liability at the entity level. Therefore, treatment of one or more MLPs as a corporation for federal income tax purposes could affect the Portfolio's ability to meet its investment objective and would reduce the amount of cash available to pay or distribute to you.

If an MLP in the Portfolio is deemed a corporation rather than a partnership for federal income tax purposes, then the income would be subject to federal taxation at the entity level, reducing the amount of cash available for distribution to the Portfolio which could result in a reduction of the Portfolio's value.

Legislative, judicial, or administrative changes and differing interpretations, possibly on a retroactive basis, could negatively impact the value of an investment in MLPs and therefore the value of your investment in the Portfolio.

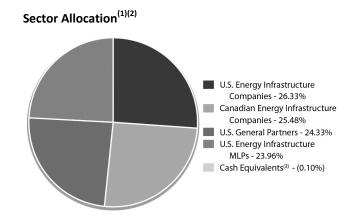

The ALPS | Alerian Energy Infrastructure Portfolio is distributed by ALPS Portfolio Solutions Distributor (the "Distributor"). The Distributor is not affiliated with Alerian.

Performance Overview

June 30, 2018 (Unaudited)

Investment Objective

The investment objective of the ALPS | Red Rocks Listed Private Equity Portfolio (the "Portfolio") is to seek to maximize total return, which consists of appreciation on its investments and a variable income stream.

The Portfolio will invest at least 80% of its net assets in securities of U.S. and non-U.S. companies, including those in emerging markets, listed on a national securities exchange, or foreign equivalent, that have a majority of their assets invested in or exposed to private companies or have as their stated intention to have a majority of their assets invested in or exposed to private companies ("Listed Private Equity Companies"). Although the Portfolio does not invest directly in private companies, it is managed with a similar approach: identifying and investing in long-term, high-quality Listed Private Equity Companies.

PORTFOLIO PERFORMANCE | AS OF JUNE 30, 2018

				Since Inception	Current Prospec	Ratios as Disclosed in tus dated 4/30/18
	Six Months ¹	1 Year	3 Year	(10/24/14)	Gross	Net ²
ALPS Red Rocks Listed Private						
Equity Portfolio - Class I	-1.32%	4.92%	7.34%	9.34%	2.14%	1.75%
ALPS Red Rocks Listed Private						
Equity Portfolio - Class III	-1.48%	4.57%	7.03%	9.00%	2.50%	2.10%
Red Rocks Global Listed Private Equity Index ³	-0.26%	7.12%	8.17%	10.97%		
MSCI World Total Return Index ⁴	0.43%	11.09%	8.48%	8.42%		

Performance data quoted represents past performance. Past performance is no guarantee future results and investment returns and principal value of the Portfolio will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than then the performance quoted. The graph and tables above do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or the redemption of Portfolio shares. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. To obtain performance data current to the most recent month-end, please call 1-866-432-2926.

Performance returns do not reflect expenses incurred from investing through a separate account or qualified plan and do not reflect variable annuity or life insurance contract charges. If they did, the overall fees and expenses would be higher.

Total return for a period of less than one year is not annualized.

Also see Notes to Financial Statements (Note 6) for further description of Expense Limitation Agreement in effect, and Financial Highlights tables for expense ratios as of June 30, 2018. The Adviser has contractually agreed to waive its management fee and/or reimburse expenses so that net expense ratios, excluding distribution and/or service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions and extraordinary expenses, do not exceed 0.95% of the Portfolio's Class I or Class III shares average daily net assets

through April 29, 2019. This agreement may only be terminated during the period by the Board of Trustees of ALPS Variable Investment Trust. The Red Rocks Global Listed Private Equity Index includes securities, ADRs, and GDRs of 40 to 75 private equity companies, including business development companies, master limited partnerships and other vehicles whose principal business is to invest in, lend capital to or provide services to privately held companies.

MSCI World Total Return Index – Morgan Stanley Capital International's market capitalization weighted index is composed of companies representative of the market structure of 23 developed market countries in North America, Europe, and the Asia/Pacific Region. An investor cannot invest directly in an index.

There are inherent risks in investing in private equity companies, which encompass financial institutions or vehicles whose principal business is to invest in and lend capital to privately – held companies. Generally, little public information exists for private and thinly traded companies, and there is a risk that investors may not be able to make a fully informed investment decision.

Listed Private Equity Companies may have relatively concentrated investment portfolios, consisting of a relatively small number of holdings. A consequence of this limited number of investments is that the aggregate returns realized may be adversely impacted by the poor performance of a small number of investments, or even a single investment, particularly if a company experiences the need to write down the value of an investment.

ALPS Portfolio Solutions Distributor, Inc. (the "Distributor") is the distributor for the ALPS | Red Rocks Listed Private Equity Portfolio. The Distributor is affiliated with Red Rocks Capital.

ALPS | Stadion Core ETF Portfolio

Performance Overview

June 30, 2018 (Unaudited)

Investment Objective

The investment objective of the ALPS | Stadion Core ETF Portfolio (the "Portfolio" or the "Core Fund") is to seek a balance between current income and growth of capital, with a greater emphasis on growth of capital.

The Portfolio is actively managed, investing primarily in exchange traded funds ("ETFs"). The investment approach of the Portfolio is to participate in expanding cyclical markets while becoming defensive as conditions deteriorate.

PORTFOLIO PERFORMANCE | AS OF JUNE 30, 2018

				Since Inception	as Disclose	xpense Ratios d in Current dated 4/30/18
	Six Months ¹	1 Year	3 Year	(4/30/14)	Gross	Net ²

U.S. Aggregate ⁴	1.84%	11.34%	9.91%	9.61%		

Performance data quoted represents past performance. Past performance is no guarantee future results and investment returns and principal value of the Portfolio will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than then the performance quoted. The graph and tables above do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or the redemption of Portfolio shares. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. To obtain performance data current to the most recent month-end, please call 1-866-432-2926.

Performance returns do not reflect expenses incurred from investing through a separate account or qualified plan and do not reflect variable annuity or life insurance contract charges. If they did, the overall fees and expenses would be higher.

Total return for a period of less than one year is not annualized.

Also see Notes to Financial Statements (Note 6) for further description of Expense Limitation Agreement in effect, and Financial Highlights tables for expense ratios as of June 30, 2018. The Adviser and Stadion Money Management, LLC (the "Sub-Adviser) have contractually agreed to jointly waive its management fee and subadvisory fee, respectively, and/or reimburse expenses so that net expense ratios, excluding distribution service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions, and extraordinary expenses, do not exceed 0.65% of the Portfolio's Class III shares average daily net assets through April 29, 2019. This agreement may only be terminated during the period by the Board of Trustees of ALPS Variable Investment Trust.

The S&P Target Risk® Growth Index seeks to provide increased exposure to equities, while also using some fixed income exposure to dampen

risk. An investor cannot invest directly in an index.

The S&P 500® Total Return Index is the Standard & Poor's Composite Index of 500 stocks and is a widely recognized, unmanaged index of common stock prices. The Barclays U.S. Aggregate Bond Index is an unmanaged index of prices of U.S. dollar-denominated investment-grade fixed income securities with remaining maturities of one year and longer. An investor may not invest directly in an index.

ALPS Portfolio Solutions Distributor, Inc. (the "Distributor") is the distributor for the ALPS | Stadion Core ETF Portfolio. The Distributor is not affiliated with the Sub-Adviser.

Investment in the Fund is subject to investment risks, including, without limitation, market risk, management style risk, risks related to "fund of funds" structure, sector risk, fixed income risk, tracking risk, risks related to ETF net asset value and market price, foreign securities risk, risks related to portfolio turnover and small capitalization companies risk. Since the Fund is a "fund of funds," an investor will indirectly bear fees and expenses charged by the underlying ETFs and investment companies in which the Fund invests in addition to the Fund's direct fees and expenses.

Growth of \$10,000 (as of June 30, 2018)

ALPS | Stadion Core ETF Portfolio (return of \$10,000 based on actual performance)

Performance data quoted represents past performance. Past performance is no guarantee of future results and investment returns and principal value of the Portfolio will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance quoted. The tables and graphs within the performance overview section do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or the redemption of Portfolio shares. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. To obtain performance data current to the most recent month-end, please call 1-866-432-2926.

Performance data does not reflect expenses incurred from investing through a separate account or qualified plan and does not reflect variable annuity or life insurance contract charges. If it did, the overall fees and expenses would be higher.

ALPS | Stadion Tactical Growth Portfolio

Performance Overview

June 30, 2018 (Unaudited)

Investment Objective

The investment objective of the ALPS | Stadion Tactical Growth Portfolio (the "Portfolio" or the "Growth Fund") is to seek long-term capital appreciation.

The Portfolio is an allocation strategy utilizing a proprietary Sharpe ratio analysis to maintain or reduce equity exposure. Broad market exchange traded funds ("ETFs") and sector ETFs are over/under weighted based on potential return per unit of risk taken.

PORTFOLIO PERFORMANCE | AS OF JUNE 30, 2018

Performance returns do not reflect expenses incurred from investing through a separate account or qualified plan and do not reflect variable annuity or life insurance contract charges. If they did, the overall fees and expenses would be higher.

Total return for a period of less than one year is not annualized.

Also see Notes to Financial Statements (Note 6) for further description of Expense Limitation Agreement in effect, and Financial Highlights tables for expense ratios as of June 30, 2018. The Adviser and Sub-Adviser have contractually agreed to jointly waive its management fee and sub-advisory fee, respectively, and/or reimburse expenses so that net expense ratios, excluding distribution and/or service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions, and extraordinary expenses, do not exceed 0.80% of the Portfolio's Class I or Class III shares average daily net assets through April 29, 2019. This agreement may only be terminated during the period by the Board of Trustees of ALPS Variable Investment Trust.

The Morningstar Target Risk Index family is designed to meet the needs of investors who would like to maintain a target level of equity exposure across equities, bonds and inflation-hedged instruments. The Morningstar Moderately Aggressive Target Risk Index seeks approximately 80%

global equity exposure.

The S&P 500[®] Total Return Index is the Standard & Poor's Composite Index of 500 stocks and is a widely recognized, unmanaged index of common stock prices. An investor may not invest directly in an index.

Sharpe Ratio: This risk adjusted measure of a portfolio's return was developed by the Nobel laureate, William F. Sharpe. The goal of the ratio is to determine how well a portfolio compensates an investor for each unit of risk imbedded in the portfolio. Its calculation involves taking a portfolio's return over a certain time period, subtracting the return of a risk-free security [U.S. Treasury Bill], and then dividing by the standard deviation of the portfolio's return. The higher the Sharpe Ratio, the better the portfolio has compensated for its risk.

ALPS Portfolio Solutions Distributor, Inc. (the "Distributor") is the distributor for the ALPS | Stadion Tactical Growth Portfolio. The Distributor is not affiliated with the Sub-Adviser.

Investment in the Portfolio is subject to investment risks, including, without limitation, market risk, management style risk, risks related to "fund of funds" structure, sector risk, fixed income risk, tracking risk, risks related to ETF net asset value and market price, foreign securities risk, risks related to portfolio turnover, and small capitalization companies risk. Since the Portfolio is a "fund of funds," an investor will indirectly bear fees and expenses charged by the underlying ETFs and investment companies in which the Portfolio invests in addition to the Portfolio's direct fees and expenses.

1. ORGANIZATION

ALPS Variable Investment Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an openend management investment company and is organized as a Delaware business trust by a Declaration of Trust dated July 26, 2000. The Financial Statements herein relate to the following nine series of the Trust: Morningstar Conservative ETF Asset Allocation Portfolio, Morningstar Income and Growth ETF Asset Allocation Portfolio, Morningstar Growth ETF Asset Allocation Portfolio, Morningstar Growth ETF Asset Allocation Portfolio, Morningstar Aggressive Growth ETF Asset Allocation Portfolio (each a "Morningstar Portfolio," and collectively the "Morningstar Portfolios"), ALPS | Alerian Energy Infrastructure Portfolio, ALPS | Red Rocks Listed Private Equity Portfolio, ALPS | Stadion Core ETF Portfolio and ALPS | Stadion Tactical Growth Portfolio are each a "Stadion Portfolio," and collectively the "Stadion Portfolios") (each, a "Portfolio," and collectively, the "Portfolios"). The Morningstar Portfolios and the ALPS | Alerian Energy Infrastructure Portfolio are each considered non-diversified under the 1940 Act and may invest a greater portion of their assets in a more limited number of issuers than a diversified portfolio. The ALPS | Red Rocks Listed Private Equity Portfolio and the Stadion Portfolios have each elected to qualify as diversified Portfolios under the 1940 Act.

The Morningstar Portfolios offer Class I and Class II shares. ALPS | Alerian Energy Infrastructure Portfolio, ALPS | Red Rocks Listed Private Equity Portfolio, and the Stadion Portfolios offer Class I and Class III shares. Each class has equal rights as to class and voting privileges. The classes differ principally in the applicable distribution and shareholder service fees. Shareholders of each class also bear certain expenses that pertain to that particular class. All shareholders bear the common expenses of the Portfolios and earn income and realized gains/losses from the Portfolios pro rata based on the average daily net assets of each class, without distinction between share classes. Dividends are determined separately for each class based on income and expenses allocable to each class. Realized gain distributions are allocated to each class pro rata based on the shares outstanding of each class on the date of distribution. Common expenses of the Portfolios (including legal fees, printing and mailing fees, and fees and expenses of the independent trustees) are allocated to each Portfolio in proportion to its average daily net assets. Expenses directly attributable to a particular Portfolio (including advisory, custodial, registration, professional and audit fees) are charged directly to that Portfolio. Differences in per share dividend rates generally result from differences in separate class expenses, including distribution and shareholder service fees, if applicable.

Under the Trust's organizational documents, its Officers and Trustees are indemnified against certain liability arising out of the performance of their duties with respect to the Portfolios. In addition, in the normal course of business, the Trust, on behalf of the Portfolios, enters into contracts with vendors and others that provide general indemnification to the extent permissible under law. Each Portfolio's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust and/or the Portfolios.

The Portfolios are investment vehicles for variable annuity contracts and variable life insurance policies. The Portfolios also may be used as investment vehicles for qualified pension and retirement plans and certain registered and unregistered separate accounts. Shares of the Portfolios are offered only to participating insurance companies and their separate accounts to fund the benefits of variable annuity contracts and variable life insurance policies, qualified pensions, retirement plans or registered and unregistered separate accounts. Shares are not offered to the general public.

Each variable annuity contract and variable life insurance policy owner ("Contract Owner") and retirement plan participant ("Participant") also incurs fees associated with the variable annuity, variable life insurance or retirement plan through which he or she invested. As a Contract Owner or Participant, you may incur additional fees and different terms and conditions associated with your investment program that are not disclosed in the Portfolios' Financial Statements.

2. SIGNIFICANT ACCOUNTING POLICIES

The Portfolios' financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). This requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Each Portfolio is considered an investment company under GAAP and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board Accounting Standards Codification Topic 946.

Security Valuation: The price of Portfolio shares ("net asset value") is determined as of the close of the regular session of trading on the New York Stock Exchange ("NYSE") (usually 4:00 p.m. Eastern Time), on each day the NYSE is open for business. Securities, including Exchange Traded Funds ("ETFs") and Exchange Traded Notes ("ETNs") for which exchange quotations are readily available, are valued at the last sale price, or if no sale price or if traded on the over-the-counter market, at the mean between the last bid and ask price. Shares of an open-end investment company are valued at that investment company's net asset value per share. Securities for which quotations are not readily available are valued under procedures established by the Trust's Board of Trustees (the "Board") to determine fair value in good faith.

Securities traded on one or more of the U.S. national securities exchanges, the NASDAQ Stock Market LLC or any foreign stock exchange will be valued at the last sale price or the official closing price on the exchange or system where such securities are principally traded for the business day as of which such value is being determined.

June 30, 2018 (Unaudited)

Each Portfolio's investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Board. When market quotations are not readily available, or in management's judgment they do not accurately reflect fair value of a security, or an event occurs after the market close but before the Portfolio is priced that materially affects the value of a security, the securities will be valued by the adviser using fair valuation procedures established by the Board. Examples of potentially significant events that could materially impact the value of a security include, but are not limited to, company specific announcements, significant market volatility, natural disasters, armed conflicts, significant governmental actions, or a security's trading has been halted, suspended or the security has not traded since the prior day and the closure of the primary trading market at a time when under normal conditions it would be open.

In the case of foreign securities, management may consider the following when determining the "fair value" of a security: (a) the country's or geographic region's political and economic environment; (b) the nature of any significant events which have occurred from the time of the market quotation to the valuation of each Portfolio's net asset value which may materially impact each Portfolio's net asset valuation; (c) American Depository Receipt trading; (d) Exchange-Traded Fund trading; (e) foreign currency exchange activity; (f) other relevant matters; and (g) if a stock split occurs on a Japanese exchange, management will fair value using the last day of trading price until the security commences trading again.

If the current price of a foreign security is unavailable as a result of a foreign stock exchange's closure for a foreign holiday, such foreign security's value will be the closing price of such security on the last day such foreign exchange was open, adjusted by the current foreign exchange rate, assuming there are no significant events which occurred which may materially impact each Portfolio's net asset value determination.

Fair Value Measurements: The Portfolios disclose the classification of their fair value measurements following a three-tier hierarchy based on the inputs used to measure fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Valuation techniques used to value the Portfolios' investments by major category are as follows:

Equity securities, exchange-traded funds and limited partnerships for which market quotations are readily available, are valued at the last reported sale price or official closing price as reported by a third party pricing vendor on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the mean of the most recent quoted bid and ask prices on such day and are generally categorized as Level 2 in the hierarchy. Investments in open-end mutual funds are valued at their closing net asset value each business day and are categorized as Level 1 in the hierarchy.

Various inputs are used in determining the value of each Portfolio's investments as of the reporting period end. When inputs used fall into different levels of the fair value hierarchy, the level in the hierarchy within which the fair value measurement falls for an investment is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The designated input levels are not necessarily an indication of the risk or liquidity associated with these investments. These inputs are categorized in the following hierarchy under applicable financial accounting standards:

- Level 1 Unadjusted quoted prices in active markets for identical investments, unrestricted assets or liabilities that a Portfolio has the ability to access at the measurement date;
- Level 2 Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and
- Level 3 Significant unobservable prices or inputs (including the Portfolio's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

June 30, 2018 (Unaudited)

Total	\$5,094,800	\$-	\$-	\$5,094,800

The Portfolios recognize transfers between levels as of the end of the period. For the six months ended June 30, 2018, there were no transfers between Level 1 and Level 2 securities. The Portfolios did not have significant unobservable inputs (Level 3) used in determining fair value for the For the six months ended June 30, 2018.

Income Taxes: For federal income tax purposes, the Portfolios currently qualify, and intend to remain qualified, as regulated investment companies under the provisions of Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), by distributing substantially all of their investment company taxable net income including realized gain, not offset by capital loss carryforwards, if any, to shareholders. Accordingly, no provisions for federal income or excise taxes have been made.

As of and during the six months ended June 30, 2018, the Portfolios did not have a liability for any unrecognized tax benefits. Each Portfolio files U.S. federal, state, and local tax returns as required. Each Portfolio's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations which is generally three years after the filing of the tax return. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

The Treasury Department has issued Regulations under Code Section 817(h) that pertain to diversification requirements for variable annuity and variable life insurance contracts. Each Portfolio intends to comply with these diversification requirements.

Expenses: Most expenses of the Trust can be directly attributed to a Portfolio. Expenses that cannot be directly attributed are apportioned among the Portfolios based on average net assets. Expenses are allocated among classes within a Portfolio based on daily class level net assets, except for distribution fees associated with each Portfolio's Distribution Plan under Rule 12b-1 of the 1940 Act ("12b-1 fees") which are only allocated to the Class II shares and Class III shares. In addition, Class III shares and certain Class I shares are also offered with fees for non-distribution related services provided to Shareholders, under a shareholder services plan (a "Services Plan").

Distributions to Shareholders: Each Portfolio currently intends to declare and pay capital gains and income dividends, if any, on an annual basis. All dividends and capital gains distributions paid by the Portfolios will be automatically reinvested, at net asset value, in additional shares of the Portfolios unless otherwise indicated. There is no fixed dividend rate and there can be no assurance that the Portfolios will pay any dividends or realize any capital gains. Any net capital gains earned by each Portfolio are distributed at least annually to the extent necessary to avoid federal income and excise taxes. Distributions to shareholders are recorded by each Portfolio on the ex-dividend date.

Master Limited Partnerships ("MLPs"): Pursuant to Section 851(b)(3) of the Code, the ALPS | Alerian Energy Infrastructure Portfolio may invest no more than 25% of the value of its total assets in the securities of one or more qualified publicly traded partnerships, which include MLPs. Unlike direct investments in MLPs, income and losses from the Alerian Energy Infrastructure Portfolio's investments in MLPs will not directly flow through to the personal tax returns of shareholders. The ALPS | Alerian Energy Infrastructure Portfolio will report distributions from its investments, including MLPs, made to shareholders annually on Form 1099. Shareholders will not, solely by virtue of their status as ALPS | Alerian

June 30, 2018 (Unaudited)

Energy Infrastructure Portfolio shareholders, be treated as engaged in the business conducted by underlying MLPs for federal or state income tax purposes or for purposes of the tax on unrelated business income of tax-exempt organizations. MLPs are publicly traded partnerships engaged in, among other things, the transportation, storage and processing of minerals and natural resources, and are treated as partnerships for U.S. federal income tax purposes. By confining their operations to these specific activities, MLP interests, or units, are able to trade on public securities exchanges exactly like the shares of a corporation, without entity level income taxation. To qualify as an MLP and not be taxed as a corporation for income tax purposes, a partnership must, for any taxable year, receive at least 90% of its income from qualifying sources as set forth in Section 7704(d) of the Code. These qualifying sources include, among other things, certain natural resource-based activities such as the processing, transportation and storage of any mineral or natural resources. MLPs generally have two classes of owners, the general partner and limited partners. The general partner of an MLP is typically owned by a major energy company, an investment fund, the direct management of the MLP, or is an entity owned by one or more of such parties. The general partner may be structured as a private or publicly traded corporation or other entity. The general partner typically controls the operations and management of the MLP through an up to 2% equity interest in the MLP plus, in many cases, ownership of common units and subordinated units. Limited partners typically own the remainder of the partnership, through ownership of common units, and have a limited role in the partnership's operations and management.

Non-U.S. Securities Risk: The ALPS | Alerian Energy Infrastructure Portfolio and the ALPS | Red Rocks Listed Private Equity Portfolio invest directly in securities of non-U.S. issuers which involve risks not ordinarily associated with investments in securities and instruments of U.S. issuers. Non-U.S. securities exchanges, brokers and companies may be subject to less government supervision and regulation than exists in the U.S. Dividend and interest income may be subject to withholding and other non-U.S. taxes, which may adversely affect the net return on such investments. There may be difficulty in obtaining or enforcing a court judgment abroad. In addition, it may be difficult to effect repatriation of capital invested in certain countries. When investing in securities issued by non-U.S. issuers, there is also the risk that the value of such an investment, measured in U.S. dollars, will decrease because of unfavorable changes in currency exchange rates.

Security Transactions and Investment Income: Investment security transactions are accounted for as of the trade date. Dividend income is recorded on the ex-dividend date. Realized gains and losses from securities transactions and unrealized appreciation and depreciation of securities are determined using the identified cost basis.

The books and records of the Portfolios are maintained in U.S. dollars. Investment valuations and other assets and liabilities initially expressed in foreign currencies are converted each business day into U.S. dollars based upon current exchange rates. The portion of realized and unrealized gains or losses on investments due to fluctuations in foreign currency exchange rates is not separately disclosed and is included in realized and unrealized gains or losses on investments, when applicable.

3. FEDERAL TAXES AND TAX BASIS INFORMATION

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. GAAP. Reclassifications are made to each Portfolio's capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations. The amounts and characteristics of tax basis distributions and composition of distributable earnings/(accumulated losses) are finalized at fiscal year-end; accordingly, tax basis balances have not been determined as of June 30, 2018. The tax character of the distributions paid during the year ended December 31, 2017 were as follows:

2017	Ordinary Income	ary Income Long-Term Capital		Total
Morningstar Conservative ETF Asset Allocation Portfolio	\$ 629,586	\$	168,676	\$ 798,262
Morningstar Income and Growth ETF Asset Allocation				
Portfolio	1,400,904		3,670,413	5,071,317
Morningstar Balanced ETF Asset Allocation Portfolio	3,131,006		11,573,417	14,704,423
Morningstar Growth ETF Asset Allocation Portfolio	3,119,814		11,429,474	14,549,288
Morningstar Aggressive Growth ETF Asset Allocation				
Portfolio	1,247,342		5,598,582	6,845,924
ALPS Alerian Energy Infrastructure Portfolio	1,653,877		_	1,653,877
ALPS Red Rocks Listed Private Equity Portfolio	490,336		_	490,336
ALPS Stadion Core ETF Portfolio	13,164		_	13,164
ALPS Stadion Tactical Growth Portfolio	14,517		_	14,517

As of December 31, 2017, the Portfolios had the following capital loss carryforwards which will reduce the Portfolios' taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Code and thus will reduce the amount of the distributions to shareholders which would otherwise be necessary to relieve the Portfolios of any liability for federal tax.

Notes to Financial Statements

June 30, 2018 (Unaudited)

Portfolio	Short-Term	Long-Term			
ALPS Alerian Energy Infrastructure Portfolio	\$ 1,133,184	\$ 2,213,485			

The Portfolios elect to defer to the period ending December 31, 2018, capital losses recognized during the period November 1, 2017 to December 31, 2017 as follows:

Portfolio

ALPS | Alerian Energy Infrastructure Portfolio \$ 65,815

As of June 30, 2018, the cost of investments for federal income tax purposes and accumulated net unrealized appreciation/(depreciation) on investments were as follows:

	st of Investment for Income Tax Purposes	(oss Appreciation Excess of Value Over Tax Cost)	oss Depreciation cess of Tax Cos Over Value)	Net Unrealized Appreciation/ (Depreciation)
Morningstar Conservative ETF Asset Allocation Portfolio	\$ 32,260,343	\$	339,705	\$ (741,029)	\$ (401,324)
Morningstar Income and Growth ETF Asset Allocation Portfolio	75,717,558		3,299,042	(1,321,317)	1,977,725
Morningstar Balanced ETF Asset Allocation Portfolio	172,047,800		13,048,698	(2,255,887)	10,792,811
Morningstar Growth ETF Asset Allocation Portfolio	201,053,876		23,942,215	(2,143,464)	21,798,751
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	89,714,447		10,969,662	(552,568)	10,417,094
ALPS Alerian Energy Infrastructure Portfolio	88,583,107		(228,144)	(6,344,610)	(6,572,754)
ALPS Red Rocks Listed Private Equity Portfolio	22,938,014		2,678,354	(763,258)	1,915,096
ALPS Stadion Core ETF Portfolio	14,915,498		482,284	(236,422)	245,862
ALPS Stadion Tactical Growth Portfolio	4,494,766		608,519	(8,485)	600,034

The difference between book-basis and tax-basis are primarily due to the deferral of losses from wash sales. In addition, certain tax cost basis adjustments are finalized at fiscal year-end and therefore have not been determined as of June 30, 2018.

4. INVESTMENT TRANSACTIONS

Purchases and sales of investment securities, other than short-term investments, during the six months ended June 30, 2018, were as follows for each Portfolio:

Portfolio		Purchases		Sales
Morningstar Conservative ETF Asset Allocation Portfolio	\$	8,137,235	\$	8,767,076
Morningstar Income and Growth ETF Asset Allocation Portfolio			13,573,830	
Morningstar Balanced ETF Asset Allocation Portfolio			26,921,445	
Morningstar Growth ETF Asset Allocation Portfolio	25,670,035			28,613,567
Morningstar Aggressive Growth ETF Asset Allocation Portfolio		9,960,519		10,605,516
ALPS Alerian Energy Infrastructure Portfolio		12,091,649		11,624,979
ALPS Red Rocks Listed Private Equity Portfolio		6,074,501		2,847,325
ALPS Stadion Core ETF Portfolio		5,667,616		1,029,330
ALPS Stadion Tactical Growth Portfolio			2,943,334	

5. INVESTMENT ADVISORY AND SUB-ADVISORY AGREEMENTS

ALPS Advisors, Inc. (the "Adviser") acts as the Portfolios' investment adviser. The Adviser is an indirect wholly owned subsidiary of DST. DST is a wholly-owned subsidiary of SS&C Technologies Holdings, Inc. ("SS&C"), a publicly traded company listed on the NASDAQ Global Select Market, which acquired DST in a transaction which closed on April 16, 2018. The Adviser is responsible for the overall management of each Portfolio's business affairs. The Adviser invests the assets of each Portfolio, either directly or through the use of one or more sub-advisers, according to each Portfolio's investment objective, policies, and restrictions. The Adviser has delegated daily management of the Portfolios listed below to the corresponding Sub-Adviser set forth in the table below. Each Sub-Adviser is engaged to manage the investments of each respective Portfolio in accordance with such Portfolio's investment objective, policies and limitations and any investment guidelines established by the Adviser and the Board. The Sub-Advisers are responsible, subject to the supervision and control of the Adviser and the Board, for the purchase, retention and sale of investments in the portion of each Portfolio's investment portfolio under its management.

June 30, 2018 (Unaudited)

Portfolio	Sub-Adviser
Morningstar Conservative ETF Asset Allocation Portfolio	Morningstar Investment Management LLC
Morningstar Income and Growth ETF Asset Allocation Portfolio	Morningstar Investment Management LLC
Morningstar Balanced ETF Asset Allocation Portfolio	Morningstar Investment Management LLC
Morningstar Growth ETF Asset Allocation Portfolio	Morningstar Investment Management LLC
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	Morningstar Investment Management LLC
ALPS Red Rocks Listed Private Equity Portfolio	Red Rocks Capital LLC
ALPS Stadion Core ETF Portfolio	Stadion Money Management, LLC
ALPS Stadion Tactical Growth Portfolio	Stadion Money Management, LLC

Pursuant to the Investment Advisory Agreements (the "Advisory Agreements"), each Portfolio pays the Adviser an annual management fee based on the Portfolio's average daily net assets. The management fee is paid on a monthly basis. The following table reflects each Portfolio's annual contractual management fee rate.

Portfolio	Management Fee
Morningstar Conservative ETF Asset Allocation Portfolio	0.45%
Morningstar Income and Growth ETF Asset Allocation Portfolio	0.45%
Morningstar Balanced ETF Asset Allocation Portfolio	0.45%
Morningstar Growth ETF Asset Allocation Portfolio	0.45%
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	0.45%
ALPS Alerian Energy Infrastructure Portfolio	0.70%
ALPS Red Rocks Listed Private Equity Portfolio	0.90%
ALPS Stadion Core ETF Portfolio	0.50%
ALPS Stadion Tactical Growth Portfolio	0.75%

Pursuant to the Investment Sub-Advisory Agreements, the Adviser pays each Sub-Adviser an annual sub-advisory management fee which is based on a Portfolio's average daily net assets. The Adviser pays the sub-advisory management fee out of the management fee paid to the Adviser pursuant to the Advisory Agreement. The following table reflects the contractual sub-advisory fees annual rates.

Portfolio	Average Daily Net Assets	Sub-Advisory Fee
Morningstar Conservative ETF Asset Allocation Portfolio	All Asset Levels	0.15%
Morningstar Income and Growth ETF Asset Allocation Portfolio	All Asset Levels	0.15%
Morningstar Balanced ETF Asset Allocation Portfolio	All Asset Levels	0.15%
Morningstar Growth ETF Asset Allocation Portfolio	All Asset Levels	0.15%
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	All Asset Levels	0.15%
ALPS Red Rocks Listed Private Equity Portfolio	First \$200 Million	0.57%
	\$200 Million - \$500 Million	0.52%
	Over \$500 Million	0.47%
ALPS Stadion Core ETF Portfolio	All Asset Levels	0.50%
ALPS Stadion Tactical Growth Portfolio	All Asset Levels	0.50%

6. OTHER AGREEMENTS

Distribution Agreement and Rule 12b-1 Plans: ALPS Portfolio Solutions Distributor, Inc. (the "Distributor"), an affiliate of the Adviser, serves as the principal underwriter and national distributor for the shares of each Portfolio pursuant to a Distribution Agreement with the Trust. The Trust has adopted distribution plans pursuant to Rule 12b-1 under the 1940 Act relating to Class I, Class II and Class III Portfolio shares, respectively (the "12b-1 Plans").

The Class I shares have adopted a Defensive Distribution Plan that recognizes that the Adviser may use its management fees, in addition to its past profits or its other resources, to pay for expenses incurred in connection with providing services intended to result in the sale of Portfolio shares and/or shareholder support services. As of June 30, 2018, there were no payments from Class I due to the Plan. The Class II and Class III Distribution Plans permit the use of each Portfolio's assets to compensate the Distributor for its services and costs in distributing shares and servicing shareholder accounts. Under the 12b-1 Plans, the Distributor receives, as a percentage of average annual net assets, the amounts outlined in the following table.

June 30, 2018 (Unaudited)

Portfolio	Class II	Portfolio	Class III
Morningstar Conservative ETF Asset Allocation Portfolio	0.25%	ALPS Alerian Energy Infrastructure Portfolio	0.25%
Morningstar Income and Growth ETF Asset Allocation Portfolio	0.25%	ALPS Red Rocks Listed Private Equity Portfolio	0.25%
Morningstar Balanced ETF Asset Allocation Portfolio	0.25%	ALPS Stadion Core ETF Portfolio	0.25%
Morningstar Growth ETF Asset Allocation Portfolio	0.25%	ALPS Stadion Tactical Growth Portfolio	0.25%
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	0.25%		

Shareholder Servicing Fees: The ALPS | Alerian Energy Infrastructure Portfolio, the ALPS | Red Rocks Listed Private Equity Portfolio, and the Stadion Portfolios have each adopted a shareholder services plan (a "Services Plan") with respect to each Portfolio's Class I and III shares. Under the Services Plan, each Portfolio is authorized to pay insurance companies, banks and their affiliates and other institutions, including broker-dealers and Trust affiliates ("Participating Organizations"), an aggregate fee in an amount not to exceed on an annual basis 0.15% of the average daily net asset value of the Class I shares and 0.25% of the average daily net asset value of the Class III shares of each Portfolio attributable to or held in the name of a Participating Organization for its clients as compensation for providing service activities pursuant to an agreement with a Participating Organization. Any amount of such payment not paid during a Portfolio's fiscal year for such service activities, attributed to that fiscal year, shall be reimbursed to the Portfolio as soon as practicable.

Expense Limitation Agreements: Under the terms of the Expense Limitation Agreements between the Adviser and/or the Sub-Advisers, as applicable for the benefit of the Portfolios, the Adviser and/or Sub-Advisers have contractually agreed to waive certain fees they are entitled to receive from the Portfolios. Specifically, the Adviser and certain Sub-Advisers agree to reimburse Portfolio expenses and/or waive a portion of the investment advisory, sub-advisory, and other fees (excluding distribution and/or service (12b-1) fees, shareholder service fees, acquired fund fees and expenses, taxes, brokerage commissions and extraordinary expenses) that the Adviser and/or Sub-Advisers are entitled to receive to the extent necessary for the Portfolios to maintain a total annual expense ratio not to exceed the per share annual rates set forth in the table below. All parties also agree that the waivers shall continue at least through the end of the period stated below.

Portfolio	Class I	Class II	Class III	Expires
Morningstar Conservative ETF Asset Allocation Portfolio	0.53%	0.53%	N/A	4/29/2019
Morningstar Income and Growth ETF Asset Allocation Portfolio	0.53%	0.53%	N/A	4/29/2019
Morningstar Balanced ETF Asset Allocation Portfolio	0.53%	0.53%	N/A	4/29/2019
Morningstar Growth ETF Asset Allocation Portfolio	0.53%	0.53%	N/A	4/29/2019
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	0.53%	0.53%	N/A	4/29/2019
ALPS Alerian Energy Infrastructure Portfolio	0.80%	N/A	0.80%	4/29/2019
ALPS Red Rocks Listed Private Equity Portfolio	0.95%	N/A	0.95%	4/29/2019
ALPS Stadion Core ETF Portfolio	0.65%	N/A	0.65%	4/29/2019
ALPS Stadion Tactical Growth Portfolio	0.80%	N/A	0.80%	4/29/2019

The Adviser and Sub-Advisers of the Morningstar Portfolios, ALPS | Alerian Energy Infrastructure Portfolio, ALPS | Red Rocks Listed Private Equity Portfolio, and the Stadion Portfolios may be permitted to recover expenses they have waived or reimbursed, on a class-by-class basis, through the agreements described above to the extent that expenses in later periods fall below the annual limits set forth in these agreements. The Portfolios will not be obligated to pay any such fees and expenses more than three years after the end of the fiscal year in which the fee and expense was waived or reimbursed.

At June 30, 2018, the available recoupable balances are as follows:

Portfolio	Expires 2018	Expires 2019	Expires 2020	Total
Morningstar Conservative ETF Asset Allocation Portfolio	\$ _	\$ _	\$ 3,174	\$ 3,174
Morningstar Income and Growth ETF Asset Allocation Portfolio	_	_	634	634
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	_	_	1,542	1,542
ALPS Alerian Energy Infrastructure Portfolio	_	_	3,554	3,554
ALPS Red Rocks Listed Private Equity Portfolio	51,552	66,698	32,295	150,545
ALPS Stadion Core ETF Portfolio	25,333	25,406	8,841	59,580

Administration, Bookkeeping and Pricing Agreement: ALPS Fund Services, Inc. ("AFS"), an affiliate of the Adviser and the Distributor, serves as administrator pursuant to a Fund Accounting and Administration Agreement ("Administration Agreement") with the Trust. As such, AFS provides all necessary bookkeeping, shareholder recordkeeping services and pricing services to each Portfolio. Under the Administration Agreement, AFS will provide portfolio accounting services, expense accrual and payment services, fund valuation and financial reporting services, tax accounting services and compliance control services. AFS does not charge the Trust a fee in connection with providing services under the Administration Agreement.

June 30, 2018 (Unaudited)

Transfer Agency and Service Agreement: AFS also serves as transfer agent to each Portfolio pursuant to a Transfer Agency and Service Agreement ("TA Agreement") with the Trust. Under the TA Agreement, AFS will provide all of the customary services of a transfer agent and dividend disbursing agent including, but not limited to: (1) receiving and processing orders to purchase or redeem shares; and (2) mailing shareholder reports and prospectuses to current shareholders. AFS does not charge the Trust a fee in connection with providing services under the TA Agreement.

7. TRUSTEES FEES

As of June 30, 2018, there were five Trustees, three of whom are not "interested persons" of the Trust within the meaning of that term under the 1940 Act (each, an "Independent Trustee"). Each Independent Trustee receives an annual retainer of \$22,500, a per meeting fee of \$3,500, and reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. The Chairman of the Board and Audit Committee Chairman receives an additional annual retainer of \$10,000 and \$3,000, respectively. Trustees' fees and expenses accrued by the Portfolios for the period ending June 30, 2018 are reported on the Statements of Operations.

8. RELATED PARTY TRANSACTIONS

Certain Portfolios engaged in cross trades between each other during the six months ended June 30, 2018 pursuant to Rule 17a-7 under the 1940 Act. Cross trading is the buying or selling of portfolio securities between funds to which the Adviser serves as the investment adviser. The Board of trustees previously adopted procedures that apply to transactions between the Portfolios pursuant to Rule 17a-7. At its regularly scheduled meetings, the Trustees review such transactions as of the most current calendar quarter for compliance with the requirements set forth by Rule 17a-7 and the Trust's procedures. The procedures require that the transactions be a purchase or sale for no consideration other than cash payment against prompt delivery of a security for which market quotations are readily available, and be consistent with the investment policies of each Portfolio.

Transactions related to cross trades during the six months ended June 30, 2018 were as follows:

Portfolio	Purchase cost paid to Portfolios		proceeds received om Portfolios	ed gain/(loss) on s to Portfolios
Morningstar Conservative ETF Asset Allocation Portfolio	\$ 131,412	\$	_	\$ _
Morningstar Income and Growth ETF Asset Allocation Portfolio	479,971		1,241	87
Morningstar Balanced ETF Asset Allocation Portfolio	70,758		190,130	20,237
Morningstar Growth ETF Asset Allocation Portfolio	56,654		178,928	21,664
Morningstar Aggressive Growth ETF Asset Allocation Portfolio	_		368,496	16,384

Additional Information

June 30, 2018 (Unaudited)

PROXY VOTING

Portfolio policies and procedures used in determining how to vote proxies relating to Portfolio securities and a summary of proxies voted by the Portfolios for the 12 months ended June 30, are available without charge, upon request, by contacting your insurance company or plan sponsor, by calling (toll-free) (866) 432-2926 or by accessing the Securities and Exchange Commission's ("Commission") website at http://www.sec.gov.

PORTFOLIO HOLDINGS

The Portfolios file their complete schedule of portfolio holdings with the Commission for the first and third quarters of each fiscal year on Form N-Q within 60 days after the end of the period. Copies of the Portfolios' Forms N-Q are available without a charge, upon request, by contacting your insurance company or plan sponsor, by calling (toll-free) (866) 432-2926 or by accessing the Commission's website at http://www.sec.gov. You may also review and copy Form N-Q at the Commission's Public Reference Room in Washington, D.C. You can obtain information on the operation of the Public Reference Room, including information about duplication fee charges, by calling 1-202-551-5850. This information can be obtained by electronic request at the following e-mail address: publicinfo@sec.gov.

SHAREHOLDER MEETING RESULTS

ALPS | Alerian Energy Infrastructure Portfolio

Shareholder Meeting

A Special Meeting of Shareholders of the Portfolio, a series of the Trust, was held at the offices of ALPS Advisors, Inc., at 1290 Broadway, Suite 1100, Denver, CO 80203 on May 31, 2018. At the meeting, the following matters were voted on by the Shareholders. The results of the Special Meeting of Shareholders are noted below:

Proposal 1: To approve a new investment advisory agreement (the "New Advisory Agreement") between the Trust, on behalf of the Portfolio, and the Adviser.

		Shares Voted	
		Against/Withheld	
	Shares Voted In Favor	or Abstentions	Proposal Approved

LICENSING AGREEMENT			

Alerian (the "Licensor") has entered into an index licensing agreement with ALPS Advisors Inc. (the "Adviser") with respect to the Alerian Energy Infrastructure Portfolio (the "Alerian Portfolio"), to allow the Adviser's use of the Alerian Energy Infrastructure Index (the "Index"). The following disclosure relates to the Licensor:

Alerian is the designer of the construction and methodology for the underlying index (each an "Underlying Index") for the Alerian Portfolio. "Alerian" and "Alerian Energy Infrastructure Index" are service marks or trademarks of Alerian. Alerian acts as brand licensor for the Index. Alerian is not responsible for the descriptions of the Index or the Funds that appear herein. Alerian is not affiliated with the Trust, the Adviser or the Distributor.

Additional Information

June 30, 2018 (Unaudited)

The Alerian Portfolio is not is issued, sponsored, endorsed, sold or promoted by the Licensor or its affiliates. Licensor makes no representation or warranty, express or implied, to the owners of the Alerian Portfolio or any member of the public regarding the advisability of investing in securities generally or in the Alerian Portfolio particularly or the ability of the Index to track general market performance. Licensor's only relationship to the Licensee is the licensing of the Index which is determined, composed and calculated by Licensor without regard to the Licensee or the Alerian Portfolio. Licensor has no obligation to take the needs of the Licensee or the owners of the Fund into consideration in determining, composing or calculating the Index. Licensor is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of the Alerian Portfolio to be issued or in the determination or calculation of the equation by which the Alerian Portfolio is to be converted into cash. Licensor has no obligation or liability in connection with the issuance, administration, marketing or trading of the Alerian Portfolio. The Index is a trademark of Alerian and its general use is granted under a license for Alerian.

LICENSOR DOES NOT GUARANTEE THE QUALITY, ACCURACY AND/OR THE COMPLETENESS OF THE INDEX OR ANY DATA INCLUDED THEREIN AND SHALL HAVE NO LIABILITY FOR ERRORS OR OMISSIONS OF ANY KIND RELATED TO THE INDEX OR DATA. LICENSOR MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY LICENSEE, OWNERS OF THE ALERIAN PORTFOLIO, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE INDEX OR ANY DATA INCLUDED THEREIN IN CONNECTION WITH THE RIGHTS LICENSED TO LICENSEE OR FOR ANY OTHER USE. LICENSOR MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL LICENSOR HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.

The Adviser does not guarantee the accuracy and/or the completeness of the Index or any data included therein, and the Adviser shall have no liability for any errors, omissions or interruptions therein. The Adviser makes no warranty, express or implied, as to results to be obtained by the Alerian Portfolio, owners of the Shares of the Alerian Portfolio or any other person or entity from the use of the Index or any data included therein. The Adviser makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Index or any data included therein. Without limiting any of the foregoing, in no event shall the Adviser have any liability for any special, punitive, direct, indirect, or consequential damages (including lost profits) arising out of matters relating to the use of the Index, even if notified of the possibility of such damages.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

MORNINGSTAR PORTFOLIOS

At a meeting on March 5, 2018, the Board of Trustees, including a majority of the Trustees who are not "interested persons" of the Trust (the "Independent Trustees"), approved the continuation of the Existing Investment Advisory Agreement with ALPS Advisors, Inc. ("ALPS Advisors") and the Existing Investment Sub-Advisory Agreement with Morningstar Investment Management, LLC (formerly known as Ibbotson Associates, Inc.) ("Morningstar") for the maximum period permitted under the Investment Company Act of 1940, as amended (the "1940 Act"), in each case for the Morningstar Portfolios. The Board, including a majority of the Independent Trustees also approved a New Investment Advisory Agreement with ALPS Advisors and New Investment Sub-Advisory Agreement with Morningstar (together with the New Investment Advisory Agreement, the "New Advisory Agreements"), Interim Investment Advisory Agreement, the "Interim Advisory Agreements").

The Independent Trustees were assisted by independent legal counsel throughout the contract review process. They discussed the proposed continuance of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement and the approval of the New Advisory Agreements and the Interim Advisory Agreements (the Existing Investment Advisory Agreement, Existing Investment Sub-Advisory Agreement, New Advisory Agreements and the Interim Advisory Agreements are together defined as the "Agreements") in executive session with such counsel at which no representatives of fund management, ALPS Advisors or Morningstar were present. The Independent Trustees relied upon the advice of independent legal counsel and their own business judgment in determining the material factors to be considered in evaluating the Agreements and the weight to be given to each such factor. The conclusions reached by the Board, including the Independent Trustees, were based on a comprehensive evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching his or her conclusions with respect to each agreement.

Consideration by the Board of the New Advisory Agreements and Interim Advisory Agreements was necessary because DST Systems, Inc. ("DST"), the ultimate parent company to ALPS Advisors, had entered into an agreement to be acquired by SS&C Technologies Holdings, Inc. ("SS&C") (the "Transaction"). Because ALPS Advisors would be acquired along with DST, the closing of the Transaction (the "Closing"), which occurred on April 16, 2018, may be deemed a change in control with respect to the Adviser. This change in control with respect to the Adviser may in turn be deemed to trigger an "assignment" of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement under the 1940 Act. As required by the 1940 Act, the Existing Advisory Agreements and Existing RiverFront Sub-Advisory Agreement provide for their automatic termination in the event of an assignment, and therefore, the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement automatically terminated upon Closing. In order for the ALPS Advisors to continue as the adviser and Morningstar to continue as the sub-adviser to the Morningstar Portfolios, the Board and the Portfolios' shareholders must approve the New Advisory Agreements, which would take effect, if approved, upon the date of such shareholder approval. Prior to such shareholder approval, and in accordance with rules under the 1940 Act, ALPS Advisors and Morningstar provided services to the Morningstar Portfolios pursuant to the Interim Advisory Agreements. As of the date of this report, the New Advisory Agreements have received shareholder approval.

Nature, Extent and Quality of the Services Provided

The Board considered the nature, extent and quality of the services provided by ALPS Advisors, including investment subadviser selection, evaluation and monitoring and trade execution and the portfolio management services provided by Morningstar, in light of the investment objective of each Morningstar Portfolio. The Board also considered the portfolio team's demonstrated consistency in investment approach for the Morningstar Portfolios, and took note of the degree of portfolio overlap across the various Morningstar Portfolios. The Board reviewed the background and experience of (i) the current ALPS Advisors' personnel responsible for evaluation and monitoring for each Morningstar Portfolio and (ii) the Portfolio manager personnel of Morningstar responsible for managing the investments of each Morningstar Portfolio. The Board also considered the compliance structure and records of ALPS Advisors and Morningstar. Finally, the Board considered the Board's and the Trust's previous association with the current personnel employed by ALPS Advisors, the relationships those ALPS Advisors' personnel maintain with Morningstar and the ability of those personnel to evaluate the services provided by Morningstar.

The Board concluded that the nature, extent and quality of the services provided by ALPS Advisors and Morningstar to the Morningstar Portfolios were appropriate and consistent with the terms of the respective Agreements and that each Morningstar Portfolio and its shareholders were likely to benefit from the services provided under the Agreements. The Board also concluded that the quality of the services provided by the senior advisory personnel employed by Morningstar had been consistent and that ALPS Advisors and Morningstar have sufficient personnel, with the appropriate education and experience, to serve each Morningstar Portfolio effectively. The Board also concluded that Morningstar had demonstrated a continuing ability to attract and retain well-qualified personnel and that the structure of ALPS Advisors' operations was sufficient to retain and properly motivate the Morningstar Portfolios' current senior advisory personnel at ALPS Advisors. Finally, the Board concluded that the financial condition of each of ALPS Advisors and Morningstar was sound.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

Investment Performance

The Board reviewed the net total return performance of each Morningstar Portfolio as of January 31, 2018, over the one-, two-, three-, four-, five, and ten-year periods. The Board considered information from an independent research provider regarding the net total return performance of each Morningstar Portfolio relative to its performance universe. The Board also received and considered the quarterly commentaries from ALPS Advisors and Morningstar regarding the performance characteristics of each Morningstar Portfolio.

The Board noted generally, that, as of January 31, 2018: (i) the net total return performance of the Conservative Portfolio and the Income and Growth Portfolio each underperformed its respective performance universe average and benchmark for the one- and two-year period, and lagged the performance universe average and benchmark for the remaining periods; (ii) the net total return performance of the Balanced Portfolio was approximately equal to its performance universe average and benchmark for the one-year period, and overperformed slightly the performance universe average and benchmark for the two-, three, and four-year periods; (iii) the net total return performance of the Growth Portfolio outperformed its performance universe averages and benchmarks for the one-, two-, three-, and four-year periods; and (iv) the net total return performance of the Aggressive Growth Portfolio outperformed its performance universe average and benchmark for the one- and two-year periods while lagging the performance universe average slightly for the three- and four-year periods.

Investment Advisory Fee Rate and Comparisons

The Board reviewed the fees paid by each Morningstar Portfolio to ALPS Advisors and the fees paid by ALPS Advisors to Morningstar under the Agreements. The Board also took note of the fact that Morningstar would be paid by ALPS Advisors and not directly by each Morningstar Portfolio. In its review, the Board considered information about, among other things, (i) the rates of compensation paid to ALPS Advisors (and overall expense ratios for open-end mutual funds comparable in character (such as asset size) and investment strategy to the Morningstar Portfolios, after taking into account agreements to waive fees and/or reimburse expenses and (ii) the fees charged by Morningstar to other comparable client accounts (including, for example, Morningstar's stated fee schedule and fee range for its subadvisory clients). In connection therewith, the Board noted Morningstar's statements regarding the range of services that are provided in its capacity as subadviser to the Morningstar Portfolios.

The Board noted that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to ALPS Advisors' and Morningstar's other clients employing comparable strategies, as applicable, were not indicative of any unreasonableness with respect to the advisory and subadvisory fees proposed to be payable by the Morningstar Portfolios.

The Board concluded that each Morningstar Portfolio's actual management fees and total expenses were below or within an acceptable range when compared with the median of the actual management fees and total expenses charged to similar open-end funds in the expense group and wider expense universe average, taking into account management and non-management fees and the limitations of the peer universe for the Morningstar Portfolios.

The Board also concluded that both the (i) actual management fees payable by each Morningstar Portfolio to ALPS Advisors and the fees payable by ALPS Advisors to Morningstar; and (ii) actual total expenses borne by each Morningstar Portfolio, were reasonable in relation to the nature and quality of the respective services provided, taking into account the fees charged by other advisers for managing comparable open-end mutual funds and the range of fees Morningstar charges to other subadvisory clients.

Profitability and Costs of Services to Investment Advisers

The Board reviewed reports of the financial condition of ALPS Advisors and Morningstar's parent organization, as well as current profitability analyses provided by ALPS Advisors and Morningstar respectively. The Board considered the profitability of ALPS Advisors to its overall relationship with the Morningstar Portfolios, which included fees payable to ALPS Advisors for investment advisory services. It was noted that there were no additional fees payable to other ALPS Advisors' affiliates for non-investment advisory services provided by such affiliates to the Morningstar Portfolios. The Board concluded that the profits attributable to the services provided by ALPS Advisors to each Morningstar Portfolio were not excessive.

The Board also considered the profitability of Morningstar's overall relationship with the Morningstar Portfolios, which included fees payable to Morningstar by ALPS Advisors for advisory services. In light of the foregoing, the Board concluded that the profits attributable to the services provided by Morningstar to each Morningstar Portfolio were not excessive.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

Economies of Scale

The Board reviewed certain financial information provided by ALPS Advisors and Morningstar, as well as the asset size of each Morningstar Portfolio, and concluded that, to the extent additional economies of scale could be realized as the assets of each Morningstar Portfolio increase, such economies would likely not be significant at the current time.

Other Benefits

The Board also considered ALPS Advisors' and Morningstar's statements regarding potential "fall-out" benefits (including the receipt of research products and services from unaffiliated brokers) that ALPS Advisors and Morningstar might receive in connection with their association with the Morningstar Portfolios. The Board concluded that there were no material incidental benefits accruing to ALPS Advisors or Morningstar in connection with their relationship with the Morningstar Portfolios.

During the review process, the Trustees noted certain instances where clarification or follow-up was appropriate and others where the Trustees determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided, the Board had received sufficient information to approve the Agreements.

Based on the Trustees' deliberations and their evaluation of the information described above, the Trustees, including all of the Independent Trustees, concluded that ALPS Advisors' compensation for investment advisory services and Morningstar's compensation for investment subadvisory services are consistent with the best interests of each Morningstar Portfolio and its shareholders.

STADION PORTFOLIOS

At a meeting on March 5, 2018, the Board of Trustees, including a majority of the Trustees who are not "interested persons" of the Trust (the "Independent Trustees"), approved the continuation of the Existing Investment Advisory Agreement with ALPS Advisors, Inc. ("ALPS Advisors") and the Existing Investment Sub-Advisory Agreement with Stadion Money Management, LLC ("Stadion") for the maximum period permitted under the Investment Company Act of 1940, as amended (the "1940 Act"), in each case for the Stadion Portfolios. The Board, including a majority of the Independent Trustees also approved a New Investment Advisory Agreement with ALPS Advisors and New Investment Sub-Advisory Agreement with Stadion (together with the New Investment Advisory Agreement, the "New Advisory Agreements"), Interim Investment Advisory Agreement, the "Interim Advisory Agreements").

The Independent Trustees were assisted by independent legal counsel throughout the contract review process. They discussed the proposed continuance of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement and the approval of the New Advisory Agreements and the Interim Advisory Agreements (the Existing Investment Advisory Agreement, Existing Investment Sub-Advisory Agreement, New Advisory Agreements and the Interim Advisory Agreements are together defined as the "Agreements") in executive session with such counsel at which no representatives of fund management, ALPS Advisors or Stadion were present. The Independent Trustees relied upon the advice of independent legal counsel and their own business judgment in determining the material factors to be considered in evaluating the Agreements and the weight to be given to each such factor. The conclusions reached by the Board, including the Independent Trustees, were based on a comprehensive evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching his or her conclusions with respect to each agreement.

Consideration by the Board of the New Advisory Agreements and Interim Advisory Agreements was necessary because DST Systems, Inc. ("DST"), the ultimate parent company to ALPS Advisors, had entered into an agreement to be acquired by SS&C Technologies Holdings, Inc. ("SS&C") (the "Transaction"). Because ALPS Advisors would be acquired along with DST, the closing of the Transaction (the "Closing"), which occurred on April 16, 2018, may be deemed a change in control with respect to the Adviser. This change in control with respect to the Adviser may in turn be deemed to trigger an "assignment" of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement under the 1940 Act. As required by the 1940 Act, the Existing Advisory Agreements and Existing RiverFront Sub-Advisory Agreement provide for their automatic termination in the event of an assignment, and therefore, the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement automatically terminated upon Closing. In order for the ALPS Advisors to continue as the adviser and Stadion to continue as the subadviser to the Stadion Portfolios, the Board and the Portfolios' shareholders must approve the New Advisory Agreements, which would take effect, if approved, upon the date of such shareholder approval. Prior to such shareholder approval, and in accordance with rules under the 1940 Act, ALPS Advisors and Stadion provided services to the Stadion Portfolios pursuant to the Interim Advisory Agreements. As of the date of this report, the New Advisory Agreements have received shareholder approval.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

Nature, Extent and Quality of the Services Provided

The Board considered the nature, extent and quality of the services provided by ALPS Advisors, including investment subadviser selection, evaluation and monitoring and trade execution and the portfolio management services provided by Stadion, in light of the investment objective of each Stadion Portfolio. The Board also considered the Portfolio team's demonstrated consistency in investment approach for each Stadion Portfolio, and took note of the degree of portfolio overlap across the Stadion Portfolios. The Board reviewed the background and experience of (i) the current ALPS Advisors' personnel responsible for evaluation and monitoring for the Stadion Portfolios and (ii) the Portfolio manager personnel of Stadion responsible for managing the investments of the Stadion Portfolios. The Board also considered the compliance structure and records of ALPS Advisors and Stadion. Finally, the Board considered the Board's and the Trust's previous association with the current personnel employed by ALPS Advisors, the relationships those ALPS Advisors' personnel maintain with Stadion, and the ability of those personnel to evaluate the services provided by Stadion.

The Board concluded that the nature, extent and quality of the services provided by ALPS Advisors and Stadion to the Stadion Portfolios were appropriate and consistent with the terms of the respective Agreements and that each Stadion Portfolio and its shareholders were likely to benefit from the services provided under the Agreements. The Board also concluded that, bearing in mind the relative newness of the Stadion Portfolios, the quality of the services provided by the senior advisory personnel employed by Stadion had been consistent and that ALPS Advisors and Stadion have sufficient personnel, with the appropriate education and experience, to serve each Stadion Portfolio effectively. The Board also concluded that Stadion had demonstrated a continuing ability to attract and retain well-qualified personnel and that the structure of ALPS Advisors' operations was sufficient to retain and properly motivate the Stadion Portfolios' current senior advisory personnel at ALPS Advisors. Finally, the Board concluded that the financial condition of each of ALPS Advisor and Stadion was sound.

Investment Performance

The Board reviewed the net total return performance of the Core ETF Portfolio for the one- and two-year period ended of January 31, 2018, and of the Tactical Growth Portfolio for the one-year period ended January 31, 2018. The Board noted that, in the case of both Stadion Portfolios, there was limited performance history to consider, and also took into account the fact that the Core ETF Portfolio had recently modified its principal investment strategies. The Board also considered the limitations on the comparability of performance information for certain related funds and accounts. The Board also received and considered the quarterly commentaries from ALPS Advisors regarding the performance characteristics of the Stadion Portfolios.

The Board noted generally that, as of January 31, 2018: (i) the net total return performance of the Core ETF Portfolio outperformed or was approximately equal to its performance universe average and benchmark for the two-year and three-year periods while lagging slightly for the one-year period; and (ii) the net total return performance of the Tactical Growth Portfolio outperformed both its performance universe average and benchmark for the one- and two-year periods.

Investment Advisory Fee Rate and Comparisons

The Board reviewed the fees paid by each Stadion Portfolio to ALPS Advisors and the fees paid by ALPS Advisors to Stadion under the Agreements. The Board also took note of the fact that Stadion would be paid by ALPS Advisors and not directly by the Stadion Portfolios. In its review, the Board considered information about, among other things, (i) the rates of compensation paid to ALPS Advisors (and overall expense ratios for open-end mutual funds comparable in character (such as asset size) and investment strategy to the Stadion Portfolios, after taking into account agreements to waive fees and/or reimburse expenses, (ii) the fees charged by Stadion to other comparable client accounts (including, for example, Stadion's stated fee schedule and fee range for its subadvisory clients), and (iii) the asset size of each Stadion Portfolio relative to its peers. In connection therewith, the Board noted Stadion's statements regarding the range of services that would be provided in its capacity as subadviser.

The Board also noted that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to Stadion's other clients employing comparable strategies were not indicative of any unreasonableness with respect to the advisory and subadvisory fees proposed to be payable by the Stadion Portfolios.

The Board concluded that each Stadion Portfolio's contractual management fees were lower than the median of the fees charged to similar openend funds in the expense group. The Board also concluded that each Stadion Portfolio's actual management fees were equal to or lower than the expense group median, the Core Portfolio's actual total expenses were higher than the expense universe average and the Tactical Growth Portfolio's actual total expenses were lower than the expense group universe average.

The Board further concluded that both the (i) actual management fees payable by each Stadion Portfolio to ALPS Advisors and the fees payable by ALPS Advisors to Stadion and (ii) total expenses borne by each Stadion Portfolio were reasonable in relation to the nature and quality of the

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

respective services provided, taking into account the fees charged by other advisers for managing comparable open-end mutual funds and the range of fees Stadion charges to other subadvisory clients.

Profitability and Costs of Services to Investment Advisers

The Board reviewed reports of the financial condition of ALPS Advisors and Stadion, as well as current profitability analyses provided by ALPS Advisors and current and prospective profitability analyses provided by Stadion. The Board considered whether the provision of services by ALPS Advisors to the Stadion Portfolios was profitable to ALPS Advisors, noting that there were no additional fees payable to other ALPS Advisors' affiliates for non-investment advisory services provided to the Stadion Portfolios. The Board concluded that the profits attributable to the services provided by ALPS Advisors to each Stadion Portfolio were not excessive.

The Board also considered the profitability of Stadion's overall relationship with the Morningstar Portfolios, which included fees payable to Stadion by ALPS Advisors for advisory services. In light of the foregoing, the Board concluded that the profits attributable to the services provided by Stadion to each Stadion Portfolio were not excessive.

Economies of Scale

The Board reviewed certain financial information provided by ALPS Advisors and Stadion, as well as the asset size of the Stadion Portfolios, and concluded that, to the extent any economies of scale could be realized as the assets of the Stadion Portfolio increase, such economies would likely not be significant at the current time.

Other Benefits

The Board also considered ALPS Advisors' and Stadion's statements regarding potential "fall-out" benefits (including the receipt of research products and services from unaffiliated brokers) that ALPS Advisors and Stadion might receive in connection with their association with the Stadion Portfolios. The Board concluded that there were no material incidental benefits accruing to ALPS Advisors or Stadion in connection with their relationship with the Stadion Portfolios.

During the review process, the Trustees noted certain instances where clarification or follow-up was appropriate and others where the Trustees determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided, the Board had received sufficient information to approve the Agreements.

Based on the Trustees' deliberations and their evaluation of the information described above, the Trustees, including all of the Independent Trustees, concluded that ALPS Advisors' compensation for investment advisory services and Stadion's compensation for investment subadvisory services are consistent with the best interests of the Stadion Portfolios and their shareholders.

ALERIAN PORTFOLIO

At a meeting on March 5, 2018, the Board of Trustees, including a majority of the Trustees who are not "interested persons" of the Trust (the "Independent Trustees"), approved the continuation of the Existing Investment Advisory Agreement with ALPS Advisors, Inc. ("ALPS Advisors") for the maximum period permitted under the Investment Company Act of 1940, as amended (the "1940 Act"), for the Alerian Portfolio. The Board, including a majority of the Independent Trustees also approved a New Investment Advisory Agreement with ALPS Advisors (together with the "New Advisory Agreement") and Interim Investment Advisory Agreement with ALPS Advisors (the "Interim Advisory Agreement").

The Independent Trustees were assisted by independent legal counsel throughout the contract review process. They discussed the proposed continuance of the Existing Investment Advisory Agreement and the approval of the New Advisory Agreement and the Interim Advisory Agreement (the Existing Investment Advisory Agreement, New Advisory Agreement and the Interim Advisory Agreement are together defined as the "Agreements") in executive session with such counsel at which no representatives of fund management were present. The Independent Trustees relied upon the advice of independent legal counsel and their own business judgment in determining the material factors to be considered in evaluating the Agreements and the weight to be given to each such factor. The conclusions reached by the Board, including the Independent Trustees, were based on a comprehensive evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching his or her conclusions with respect to each agreement.

Consideration by the Board of the New Advisory Agreements and Interim Advisory Agreements was necessary because DST Systems, Inc. ("DST"), the ultimate parent company to ALPS Advisors, had entered into an agreement to be acquired by SS&C Technologies Holdings, Inc. ("SS&C") (the "Transaction"). Because ALPS Advisors would be acquired along with DST, the closing of the Transaction (the "Closing"), which occurred on April 16,

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

2018, may be deemed a change in control with respect to the Adviser. This change in control with respect to the Adviser may in turn be deemed to trigger an "assignment" of the Existing Investment Advisory Agreement under the 1940 Act. As required by the 1940 Act, the Existing Advisory Agreement provides for its automatic termination in the event of an assignment, and therefore, the Existing Investment Advisory Agreement automatically terminated upon Closing. In order for the ALPS Advisors to continue as the adviser to the Alerian Portfolio, the Board and the Portfolio's shareholders must approve the New Advisory Agreement, which would take effect, if approved, upon the date of such shareholder approval. Prior to such shareholder approval, and in accordance with rules under the 1940 Act, ALPS Advisors provided services to the Alerian Portfolio pursuant to the Interim Advisory Agreement. As of the date of this report, the New Advisory Agreement has received shareholder approval.

Nature, Extent and Quality of the Services Provided

The Board considered the nature, extent and quality of the services provided by ALPS Advisors in light of the investment objective of the Alerian Portfolio. The Board reviewed the research and decision-making processes utilized by ALPS Advisors, including the methods adopted to seek to achieve compliance with the investment objectives, policies and restrictions of the Alerian Portfolio. The Board also considered the portfolio manager's demonstrated consistency in investment approach for the Alerian Portfolio. The Board reviewed the background and experience of the current ALPS Advisors' personnel responsible for the management of the Alerian Portfolio. The Board also considered the compliance structure and records of ALPS Advisors. Finally, the Board considered the Board's and the Trust's previous association with the current personnel employed by ALPS Advisors and the relationships those ALPS Advisors' personnel maintain with the index provider to the Alerian Portfolio.

The Board concluded that the nature, extent and quality of the services to be provided by ALPS Advisors to the Alerian Portfolio were appropriate and consistent with the terms of the Agreements and that the Alerian Portfolio and its shareholders were likely to benefit from services provided under the Agreements. The Board also concluded that the quality of the services provided by the senior advisory personnel employed by ALPS Advisors had been consistent, and that ALPS Advisors would have sufficient personnel, with the appropriate education and experience, to serve the Alerian Portfolio effectively. The Board also concluded that ALPS Advisors had demonstrated a continuing ability to attract and retain well-qualified personnel. Finally, the Board concluded that the financial condition of ALPS Advisors was sound.

Investment Performance

The Board reviewed the net total return performance of the Alerian Portfolio for the one-year, two-year, and three-year periods ended January 31, 2018. The Board also considered the limitations on the comparability of performance information for certain related funds and accounts. The Board also received and considered the quarterly commentaries from ALPS Advisors regarding the performance characteristics of the Alerian Portfolio.

The Board noted that the net total return performance of the Alerian Portfolio outperformed both its performance universe average and benchmark for the two-year period and four-year period, and slightly lagged, but was within an acceptable range of, its performance universe average and benchmark, for the one-year and three-year periods ended January 31, 2018.

Investment Advisory Fee Rate and Comparisons

The Board reviewed the fees paid by the Alerian Portfolio to ALPS Advisors under the Agreements.

In its review, the Board considered information about, among other things, (i) the rates of compensation paid to ALPS Advisors (and overall expense ratios for open-end mutual funds comparable in character (such as asset size) and investment strategy to the Alerian Portfolio, after taking into account agreements to waive fees and/or reimburse expenses, (ii) the fees charged by ALPS Advisors to other comparable client accounts, if any, and (iii) the asset size of the Alerian Portfolio relative to its peers. Further, the Board also considered the differences in the level of services provided by ALPS Advisors to the Alerian Portfolio and to other comparable accounts, if any. In connection with the foregoing, the Board noted, for example, ALPS Advisors' statements regarding differences in operational structures of a certain similarly managed fund.

The Board also noted that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to ALPS Advisors' other clients employing comparable strategies were not indicative of any unreasonableness with respect to the advisory fees proposed to be payable by the Alerian Portfolio.

The Board concluded that the Alerian Portfolio's actual management fees and total expenses were lower than the median of the fees charged to similar open-end funds in the expense group, taking into account management and non-management fees and the limitations of the peer universe for the Alerian Portfolio.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

The Board also concluded that both the (i) actual management fees payable by the Alerian Portfolio to ALPS Advisors and (ii) total expenses borne by the Alerian Portfolio, were reasonable in relation to the nature and quality of the respective services provided, taking into account the fees charged by other advisers for managing comparable open-end mutual funds and the fees ALPS Advisors charges to other clients.

Profitability and Costs of Services to Investment Adviser

The Board reviewed reports of the financial condition of ALPS Advisors, as well as current profitability analyses provided by ALPS Advisors. The Board considered whether the provision of services by ALPS Advisors to the Alerian Portfolio was profitable to ALPS Advisors, noting that there were no additional fees payable to the other ALPS Advisors' affiliates for non-investment advisory services provided to the Alerian Portfolio. In light of the foregoing, the Board concluded that the profits attributable to the services provided by ALPS Advisors to the Alerian Portfolio were not excessive.

Economies of Scale

The Board reviewed certain financial information provided by ALPS Advisors and the asset size of the Alerian Portfolio, and concluded that, to the extent any economies of scale could be realized as the assets of the Portfolio increase, such economies would likely not be significant at the current time.

Other Benefits

The Board also considered the potential "fall-out" benefits (including the receipt of research products and services from unaffiliated brokers) that ALPS Advisors might receive in connection with its association with the Alerian Portfolio. The Board concluded that there were no material incidental benefits accruing to ALPS Advisors in connection with its relationship with the Alerian Portfolio.

During the review process, the Trustees noted certain instances where clarification or follow-up was appropriate and others where the Trustees determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided, the Board had received sufficient information to approve the Agreements.

Based on the Trustees' deliberations and their evaluation of the information described above, the Trustees, including all of the Independent Trustees, concluded that ALPS Advisors' compensation for investment advisory services is consistent with the best interests of the Alerian Portfolio and its shareholders.

RED ROCKS PORTFOLIO

At a meeting on March 5, 2018, the Board of Trustees, including a majority of the Trustees who are not "interested persons" of the Trust (the "Independent Trustees"), approved the continuation of the Existing Investment Advisory Agreement with ALPS Advisors, Inc. ("ALPS Advisors") and the Existing Investment Sub-Advisory Agreement with Red Rocks Capital LLC ("Red Rocks") for the maximum period permitted under the Investment Company Act of 1940, as amended (the "1940 Act"), in each case for the Red Rocks Portfolios. The Board, including a majority of the Independent Trustees also approved a New Investment Advisory Agreement with ALPS Advisors and New Investment Sub-Advisory Agreement with Red Rocks (together with the New Investment Advisory Agreement, the "New Advisory Agreements"), Interim Investment Advisory Agreement, the "Interim Advisory Agreements").

The Independent Trustees were assisted by independent legal counsel throughout the contract review process. They discussed the proposed continuance of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement and the approval of the New Advisory Agreements and the Interim Advisory Agreements (the Existing Investment Advisory Agreement, Existing Investment Sub-Advisory Agreement, New Advisory Agreements and the Interim Advisory Agreements are together defined as the "Agreements") in executive session with such counsel at which no representatives of fund management, ALPS Advisors or Red Rocks were present. The Independent Trustees relied upon the advice of independent legal counsel and their own business judgment in determining the material factors to be considered in evaluating the Agreements and the weight to be given to each such factor. The conclusions reached by the Board, including the Independent Trustees, were based on a comprehensive evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching his or her conclusions with respect to each agreement.

Consideration by the Board of the New Advisory Agreements and Interim Advisory Agreements was necessary because DST Systems, Inc. ("DST"), the ultimate parent company to ALPS Advisors, had entered into an agreement to be acquired by SS&C Technologies Holdings, Inc. ("SS&C") (the "Transaction"). Because ALPS Advisors would be acquired along with DST, the closing of the Transaction (the "Closing"), which occurred on April 16,

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

2018, may be deemed a change in control with respect to the Adviser. This change in control with respect to the Adviser may in turn be deemed to trigger an "assignment" of the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement under the 1940 Act. As required by the 1940 Act, the Existing Advisory Agreements and Existing RiverFront Sub-Advisory Agreement provide for their automatic termination in the event of an assignment, and therefore, the Existing Investment Advisory Agreement and Existing Investment Sub-Advisory Agreement automatically terminated upon Closing. In order for the ALPS Advisors to continue as the adviser and Red Rocks to continue as the subadviser to the Red Rocks Portfolios, the Board and the Portfolios' shareholders must approve the New Advisory Agreements, which would take effect, if approved, upon the date of such shareholder approval. Prior to such shareholder approval, and in accordance with rules under the 1940 Act, ALPS Advisors and Red Rocks provided services to the Red Rocks Portfolios pursuant to the Interim Advisory Agreements. As of the date of this report, the New Advisory Agreements have received shareholder approval.

Nature, Extent and Quality of the Services Provided

The Board considered the nature, extent and quality of the services provided by ALPS Advisors and Red Rocks Capital, including evaluation and monitoring and trade execution, in light of the investment objective of the Red Rocks Portfolio. The Board also considered the Portfolio team's demonstrated consistency in investment approach for the Red Rocks Portfolio as well as ongoing discussions regarding the Red Rocks Portfolio's peer group. The Board reviewed: (i) the background and experience of the current ALPS Advisors' personnel responsible for the evaluation and monitoring for the Red Rocks Portfolio; and (ii) the portfolio management personnel of Red Rocks Capital responsible for managing the investments of the Red Rocks Portfolio. The Board also considered the compliance structures and records of ALPS Advisors and Red Rocks Capital. Finally, the Board considered the Board's and the Trust's previous association with the current personnel employed by ALPS Advisors.

The Board concluded that the nature, extent and quality of the services to be provided by ALPS Advisors and Red Rocks Capital to the Red Rocks Portfolio were appropriate and consistent with the terms of the respective Agreements, and that the Red Rocks Portfolio and its shareholders were likely to benefit from services provided under those Agreements. The Board also concluded that the quality of the services provided by the senior advisory personnel employed by each of ALPS Advisors and Red Rocks Capital had been consistent and that each investment adviser would have sufficient personnel, with the appropriate education and experience, to serve the Red Rocks Portfolio effectively. The Board also concluded that ALPS Advisors had demonstrated a continuing ability to attract and retain well-qualified personnel. Finally, the Board concluded that the financial condition of ALPS Advisors and Red Rocks Capital was sound.

Investment Performance

The Board reviewed the net total return performance of the Red Rocks Portfolio for the one-year and two-year periods ended January 31, 2018. The Board also considered the limitations on the comparability of performance information for certain related funds and accounts. The Board also received and considered the quarterly commentaries from ALPS Advisors regarding the performance characteristics of the Red Rocks Portfolio.

The Board noted that the net total return performance of the Red Rocks Portfolio outperformed its performance universe average for the one-, two-, and three-year periods ended January 31, 2018.

Investment Advisory Fee Rate and Comparisons

The Board reviewed the fees paid by the Red Rocks Portfolio to ALPS Advisors under the Agreements.

The Board reviewed the fees paid by the Red Rocks Portfolio to ALPS Advisors and the fees paid by ALPS Advisors to Red Rocks Capital under the Agreements. The Board also took note of the fact that Red Rocks Capital would be paid by ALPS Advisors and not directly by the Red Rocks Portfolio. In its review, the Board considered information about, among other things, (i) the rates of compensation paid to ALPS Advisors (and overall expense ratios for open-end mutual funds comparable in character (such as asset size) and investment strategy to the Red Rocks Portfolio, after taking into account agreements to waive fees and/or reimburse expenses and (ii) the fees charged by Red Rocks Capital to other comparable client accounts.

The Board noted that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to ALPS Advisors' and Red Rocks Capital's other clients employing comparable strategies, as applicable, were not indicative of any unreasonableness with respect to the advisory and subadvisory fees proposed to be payable by the Red Rocks Portfolio.

The Board concluded that the Red Rocks Portfolio's actual management fees and total expenses were lower than the median of the fees charged to similar open-end funds in the expense group, taking into account management and non-management fees and the limitations of the peer universe for the Red Rocks Portfolio.

Approval of Investment Advisory & Sub-Advisory Agreements

June 30, 2018 (Unaudited)

The Board also concluded that both the (i) actual management fees payable by the Red Rocks Portfolio to ALPS Advisors and (ii) total expenses borne by the Red Rocks Portfolio, were reasonable in relation to the nature and quality of the respective services provided, taking into account the fees charged by other advisers for managing comparable open-end mutual funds and the fees ALPS Advisors charges to other clients.

Profitability and Costs of Services to Investment Adviser

The Board reviewed reports of the financial condition of ALPS Advisors. The Board also reviewed a current profitability analysis provided by ALPS Advisors, and as part of its consideration of profitability, took note of the fact that Red Rocks Capital is a wholly-owned subsidiary of ALPS Advisors. The Board considered whether the provision of services by ALPS Advisors to the Red Rocks Portfolio was profitable to ALPS Advisors, noting that there were no additional fees payable to the other ALPS Advisors' affiliates for non-investment advisory services provided to the Red Rocks Portfolio. The Board concluded that the profits attributable to the services provided by ALPS Advisors to the Red Rocks Portfolio were not excessive, and that in light of the foregoing (including ALPS Advisors' ownership of Red Rocks Capital), the Board concluded that the profits attributable to the services provided by Red Rocks Capital to the Red Rocks Portfolio were not excessive.

Economies of Scale

The Board reviewed certain financial information provided by ALPS Advisors and Red Rocks Capital, and bearing in mind the asset size of the Red Rocks Portfolio, concluded that, to the extent any economies of scale could be realized as the assets of the Portfolio increase, such economies would likely not be significant at the current time.

Other Benefits

The Board also considered the potential "fall-out" benefits (including the receipt of research products and services from unaffiliated brokers) that ALPS Advisors or Red Rocks Capital might receive in connection with its association with the Red Rocks Portfolio. The Board concluded that there were no material incidental benefits accruing to ALPS Advisors or Red Rocks Capital in connection with their relationship with the Red Rocks Portfolio.

During the review process, the Trustees noted certain instances where clarification or follow-up was appropriate and others where the Trustees determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided, the Board had received sufficient information to approve the Agreements.

Based on the Trustees' deliberations and their evaluation of the information described above, the Trustees, including all of the Independent Trustees, concluded that ALPS Advisors' compensation for investment advisory services and Red Rocks Capital's compensation for investment subadvisory services are consistent with the best interests of the Red Rocks Portfolio and its shareholders.

Semi-Annual Report June 30, 2018

The Management Commentaries included in this shareholder report contain certain forward-looking statements about the factors that may affect the performance of the Funds in the future. These statements are based on Fund management's predictions and expectations concerning certain future events and their expected impact on the Funds, such as performance of the economy as a whole and of specific industry sectors, changes in the levels of interest rates, the impact of developing world events, and other factors that may influence the future performance of the Funds. Management believes these forward-looking statements to be reasonable, although they are inherently uncertain and difficult to predict. Actual events may cause adjustments in portfolio management strategies from those currently expected to be employed.
