Dear Shareholder:

Security Investors, LLC (the “Investment Adviser”) is pleased to present the semi-annual shareholder report for 18 of our Funds (the “Funds”) that are part of the Rydex Variable Trust. This report covers performance of the Funds for the semi-annual period ended June 30, 2019.

The Investment Adviser is a part of Guggenheim Investments, which represents the investment management businesses of Guggenheim Partners, LLC (“Guggenheim”), a global, diversified financial services firm.

Guggenheim Funds Distributors, LLC is the distributor of the Funds. Guggenheim Funds Distributors, LLC is affiliated with Guggenheim and the Investment Adviser.

We encourage you to read the Economic and Market Overview section of the report, which follows this letter.

We are committed to providing innovative investment solutions and appreciate the trust you place in us.

Sincerely,

Security Investors, LLC

Sector funds may not be suitable for all investors. Investing in sector funds is more volatile than investing in broadly diversified funds, as there is a greater risk due to the concentration of the fund's holdings in issuers within the same sector or industry. Certain of the sector funds are considered non-diversified and can invest a greater portion of their assets in securities of individual issuers than a diversified fund. As a result, changes in the market value of a single security could cause greater fluctuations in the value of fund shares than would occur in a more diversified fund.

U.S. economic growth slowed to an annualized 2.1% in the second quarter from 3.1% in the first quarter. Personal consumption expenditures rebounded sharply, as expected, while government spending contributed an outsized 0.9% to growth, the most since mid-2009. However, negative contributions were seen from housing, business capital expenditures, inventory investment, and net exports. Looking ahead, we expect the economy to grow at a 2.0% pace in the third quarter.

The second quarter gross domestic product ("GDP") release also featured annual revisions to the five prior years of data, which showed that growth peaked in year-over-year terms in the second quarter of 2018, earlier than previously thought. An upwardly revised personal savings rate could give consumption room to run, while downwardly revised and shrinking corporate profits may continue to pressure investment spending and could begin to weigh more heavily on hiring.

With growth in the first half of the year coming in somewhat above potential, the labor market continued to strengthen, albeit at a slower pace than the year before. Net monthly payroll gains averaged 165,000 in the first half of 2019, down from 235,000 in the first half of 2018. This was enough to push the unemployment rate down by 0.2% to 3.7%. While the labor market remains strong, we believe the sharper slowdown in aggregate hours worked—a component of Guggenheim's U.S. Recession Dashboard—may foreshadow a deterioration in labor market conditions in 2020.

After a weak start to the year, core inflation picked up in the second quarter but remained below the U.S. Federal Reserve's (the "Fed") target at 1.8% annualized. We expect inflation to firm a bit further in the second half of 2019. The Fed is also closely watching inflation expectations, which currently sit below levels the Fed would like to see. After a 14% decline in the fourth quarter of 2018, stocks rebounded as the Fed's pivot on monetary policy took hold, and the government shutdown was resolved.

Internationally, the European Central Bank kept policy rates constant but modified their forward guidance, noting that rates would remain at or below current levels until mid-2020 at the earliest. They also signaled a high probability of rate cuts and a resumption of asset purchases at the September meeting. In Japan, core inflation weakened in the second quarter to 0.6%, while industrial production and exports remained in contraction from year ago levels.

Although the U.S. economy is in good shape overall, on July 31, 2019 after the period ended, the Fed announced its first rate cut since 2008 amid growing downside risks to policymakers' baseline growth and inflation forecasts. Key among these are slowing global growth, the threat of additional U.S.-China tariffs and a possible hard Brexit, the odds of which have increased with the ascendance of Boris Johnson as the U.K. Prime Minister. While a possible U.S. fiscal contraction in 2020 was averted by the recently-signed budget deal, we expect two more Fed rate cuts in 2019, as Chair Jerome Powell seeks to sustain the expansion. In our view, this could serve to embolden the White House to impose new tariffs on China and Europe later this year, which could in turn further cloud the outlook for global growth.

For the six months ended June 30, 2019, the Standard & Poor's 500® ("S&P 500") Index* returned 18.54%. The MSCI Europe-Australasia-Far East ("EAFE") Index* returned 14.03%. The return of the MSCI Emerging Markets Index* was 10.58%.

In the bond market, the Bloomberg Barclays U.S. Aggregate Bond Index* posted a 6.11% return for the period, while the Bloomberg Barclays U.S. Corporate High Yield Index* returned 9.94%. The return of the ICE Bank of America ("BofA") Merrill Lynch 3-Month U.S. Treasury Bill Index* was 1.24% for the six-month period.

The opinions and forecasts expressed may not actually come to pass. This information is subject to change at any time, based on market and other conditions, and should not be construed as a recommendation of any specific security or strategy.

***Index Definitions:**

The following indices are referenced throughout this report. Indices are unmanaged and not available for direct investment. Index performance does not reflect transaction costs, fees, or expenses.

Bloomberg Barclays U.S. Aggregate Bond Index is a broad-based flagship benchmark that measures the investment grade, U.S. dollar-denominated, fixed-rate taxable bond market, including U.S. Treasuries, government-related and corporate securities, mortgage-backed securities or "MBS" (agency fixed-rate and hybrid adjustable-rate mortgage, or "ARM", pass-throughs), asset-backed securities ("ABS"), and commercial mortgage-backed securities ("CMBS") (agency and non-agency).

Bloomberg Barclays U.S. Corporate High Yield Index measures the U.S. dollar-denominated, high yield, fixed-rate corporate bond market. Securities are classified as high yield if the middle rating of Moody's, Fitch, and S&P is Ba1/BB +/BB + or below.

ICE BofA Merrill Lynch 3-Month U.S. Treasury Bill Index is an unmanaged market index of U.S. Treasury securities maturing in 90 days that assumes reinvestment of all income.

MSCI EAFE Index is a free float-adjusted market capitalization index that is designed to measure the equity market performance of developed markets, excluding the U.S. & Canada.

MSCI Emerging Markets Index is a free float-adjusted market capitalization weighted index that is designed to measure equity market performance in the global emerging markets.

MSCI U.S. REIT Index is a free-float market capitalization weighted index that is comprised of equity real estate investment trust ("REIT") securities that belong to the MSCI U.S. Investable Market 2500 Index. The MSCI U.S. REIT Index includes only REIT securities that are of reasonable size in terms of full and free float-adjusted market capitalization to ensure that the performance of the equity REIT universe can be captured and replicated in actual institutional and retail portfolios of different sizes.

S&P 500® is a broad-based index, the performance of which is based on the performance of 500 widely held common stocks chosen for market size, liquidity, and industry group representation.

S&P 500® Consumer Discretionary Index is a sub-index of the S&P 500® Index. The Consumer Discretionary Index includes companies in the following industries: automobiles and components, consumer durables, apparel, hotels, restaurants, leisure, media, and retailing.

S&P 500® Consumer Staples Index is a sub-index of the S&P 500® Index. The Consumer Staples Index comprises companies whose businesses are less sensitive to economic cycles. It includes manufacturers and distributors of food, beverages, and tobacco and producers of nondurable household goods and personal products. It also includes food & drug retailing companies as well as hypermarkets and consumer super centers.

S&P 500® Energy Index is a sub-index of the S&P 500® Index. The Energy Index comprises companies whose businesses are dominated by either of the following activities: the construction or provision of oil rigs, drilling equipment, and other energy-related equipment and services, including seismic data collection; companies engaged in the exploration, production, marketing, refining, and/or transportation of oil and gas products, coal, and other consumable fuels.

S&P 500® Financials Index is a sub-index of the S&P 500® Index. The Financials Index contains companies involved in activities such as banking, mortgage finance, consumer finance, specialized finance, investment banking and brokerage, asset management and custody, corporate lending, insurance, financial investment, and real estate, including REITs.

S&P 500® Health Care Index is a sub-index of the S&P 500® Index. The Health Care Index encompasses two main industry groups. The first includes companies which manufacture health care equipment and supplies or provide health care-related services, including distributors of health care products, providers of basic health-care services, and owners and operators of health care facilities and organizations. The first group also includes companies operating in the health care technology industry. The second group includes companies primarily involved in the research, development, production, and marketing of pharmaceuticals, biotechnology, and life sciences products.

S&P 500® Industrials Index is a sub-index of the S&P 500® Index. The Industrials Index includes companies whose businesses are dominated by one of the following activities: the manufacture and distribution of capital goods, including aerospace & defense, construction, engineering & building products, electrical equipment, and industrial machinery; the provision of commercial services and supplies, including printing, environmental, office, and security services; the provision of professional services, including employment and research & consulting services; or the provision of transportation services, including airlines, couriers, marine, road & rail, and transportation infrastructure.

S&P 500® Information Technology Index is a sub-index of the S&P 500® Index. The Information Technology Index covers the following general areas: technology software & services, including companies that primarily develop software in various fields such as the internet, applications, systems, databases management, and/or home entertainment, and companies that provide information technology consulting and services, as well as data processing and outsourced services; secondly, technology hardware & equipment, including manufacturers and distributors of communications equipment, computers & peripherals, electronic equipment, and related instruments; and thirdly, semiconductors & semiconductor equipment manufacturers.

S&P 500® Materials Index is a sub-index of the S&P 500® Index. The Materials Index encompasses a wide range of commodity-related manufacturing industries. Included in this sector are companies that manufacture chemicals, construction materials, glass, paper, forest products, and related packaging products, and metals, minerals, and mining companies, including producers of steel.

S&P 500® Telecommunication Services Index is a sub-index of the S&P 500® Index. The Telecommunications Services Index contains companies that provide communications services primarily through a fixed-line, cellular, wireless, high bandwidth, and/or fiber optic cable network.

S&P 500® Utilities Index is a sub-index of the S&P 500® Index. The Utilities Index encompasses those companies considered electric, gas or water utilities, or companies that operate as independent producers and/or distributors of power.

All mutual funds have operating expenses, and it is important for our shareholders to understand the impact of costs on their investments. Shareholders of a fund incur two types of costs: (i) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, other distributions, and exchange fees, and (ii) ongoing costs, including management fees, administrative services, and shareholder reports, among others. These ongoing costs, or operating expenses, are deducted from a fund's gross income and reduce the investment return of the fund.

A fund's expenses are expressed as a percentage of its average net assets, which is known as the expense ratio. The following examples are intended to help investors understand the ongoing costs (in dollars) of investing in a fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The examples are based on an investment of \$1,000 made at the beginning of the period and held for the entire six-month period beginning December 31, 2018 and ending June 30, 2019.

The following tables illustrate the Funds' costs in two ways:

Table 1. Based on actual Fund return: This section helps investors estimate the actual expenses paid over the period. The "Ending Account Value" shown is derived from the Fund's actual return, and the fifth column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Fund. Investors may use the information here, together with the amount invested, to estimate the expenses paid over the period. Simply divide the Fund's account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number provided under the heading "Expenses Paid During Period."

Table 2. Based on hypothetical 5% return: This section is intended to help investors compare a fund's cost with those of other mutual funds. The table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses paid during the period. The example is useful in making comparisons because the U.S. Securities and Exchange Commission (the "SEC") requires all mutual funds to calculate expenses based on the 5% return. Investors can assess a fund's costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

The calculations illustrated above assume no shares were bought or sold during the period. Actual costs may have been higher or lower, depending on the amount of investment and the timing of any purchases or redemptions.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads) on purchase payments, and contingent deferred sales charges ("CDSC") on redemptions, if any. Therefore, the second table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

More information about the Funds' expenses, including annual expense ratios for periods up to five years (subject to the Fund's inception date), can be found in the Financial Highlights section of this report. For additional information on operating expenses and other shareholder costs, please refer to the appropriate Fund prospectus.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Financials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

^a Unaudited figures for the period ended June 30, 2019. Percentage amounts for the period, except total return and portfolio turnover rate, have been annualized.

^b Net investment income (loss) per share was computed using average shares outstanding throughout the period.

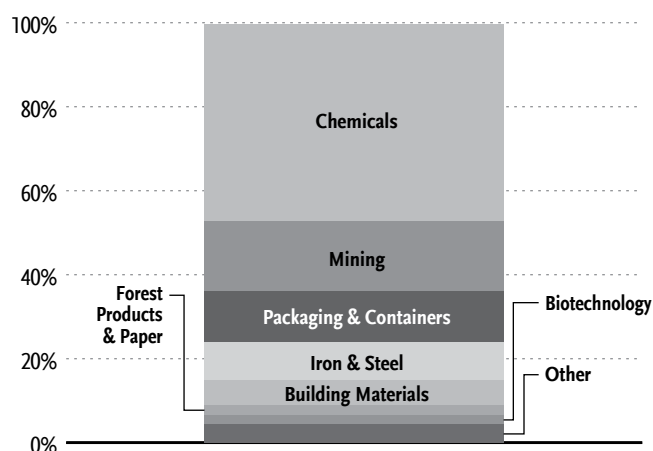

^c Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^d Reverse share split — Per share amounts for the periods presented through December 31, 2016 have been restated to reflect a 1:6 reverse share split effective December 1, 2016.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and S&P 500 Materials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Health Care Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and S&P Information Technology Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and S&P 500 Energy Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

S&P 500 Index	18.54%	10.42%	10.71%	14.70%

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and S&P 500 Health Care Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

^a Unaudited figures for the period ended June 30, 2019. Percentage amounts for the period, except total return and portfolio turnover rate, have been annualized.

^b Net investment income (loss) per share was computed using average shares outstanding throughout the period.

^c Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^d The amount shown for a share outstanding throughout the period does not accord with the aggregate net losses on investments for the year because of the sales and purchases of fund shares in relation to fluctuating market value of the investments of the Fund.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Information Technology Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance returns do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Consumer Discretionary Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

^a Unaudited figures for the period ended June 30, 2019. Percentage amounts for the period, except total return and portfolio turnover rate, have been annualized.

^b Net investment income (loss) per share was computed using average shares outstanding throughout the period.

^c Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^d Does not include expenses of the underlying funds in which the Fund invests.

^e Reverse share split — Per share amounts for the period presented through December 31, 2014 have been restated to reflect a 1:5 reverse share split effective January 24, 2014.

S&P 500 Index	18.54%	10.42%	10.71%	14.70%

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and MSCI U.S. REIT Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Consumer Discretionary Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

S&P 500 Index	18.54%	10.42%	10.71%	14.70%

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Telecommunication Services Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

‡ 6 month returns are not annualized.

^a Unaudited figures for the period ended June 30, 2019. Percentage amounts for the period, except total return and portfolio turnover rate, have been annualized.

^b Net investment income (loss) per share was computed using average shares outstanding throughout the period.

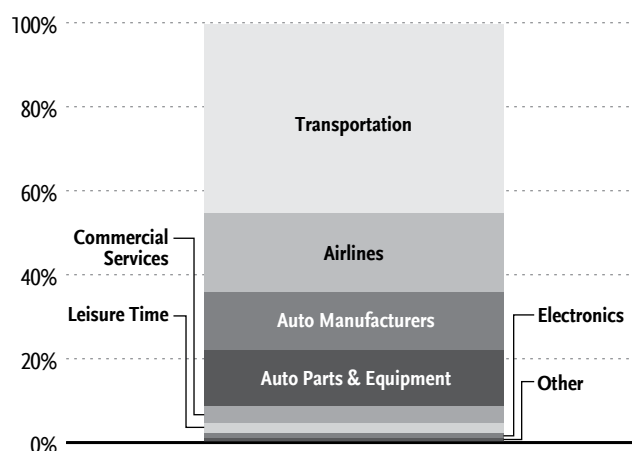

^c Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^d Reverse share split — Per share amounts for the period presented through December 31, 2014 have been restated to reflect a 1:5 reverse share split effective January 24, 2014.

* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Industrials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^a Unaudited figures for the period ended June 30, 2019. Percentage amounts for the period, except total return and portfolio turnover rate, have been annualized.

^b Net investment income (loss) per share was computed using average shares outstanding throughout the period.

^c Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

^d The amount shown for a share outstanding throughout the period does not agree with the aggregate net losses on investments for the year because of the sales and repurchases of fund shares in relation to fluctuating market value of investments of the Fund.

Note 1 – Organization and Significant Accounting Policies

Organization

The Rydex Variable Trust (the “Trust”), a Delaware statutory trust, is registered with the SEC under the Investment Company Act of 1940 (“1940 Act”), as an open-ended investment company of the series type. Each series, in effect, is representing a separate fund (collectively the “Funds”). The Trust is authorized to issue an unlimited number of no par value shares. At June 30, 2019, the Trust consisted of forty-nine funds. The Trust offers shares of the Funds to insurance companies for their variable annuity and variable life insurance contracts.

This report covers the following Funds:

The Funds invest in a specific industry sector. To the extent that investments are concentrated in a single sector, the Funds are subject to legislative or regulatory changes, adverse market conditions and/or increased competition affecting such sector.

The Funds seek capital appreciation and invest substantially all of their assets in equity securities of companies involved in their sector.

The Funds are designed and operated to accommodate frequent trading by shareholders and, unlike most mutual funds, offer unlimited exchange privileges with no minimum holding periods or transactions fees, which may cause the Funds to experience high portfolio turnover.

Security Investors, LLC, which operates under the name Guggenheim Investments (“GI”), provides advisory services. Guggenheim Funds Distributors, LLC (“GFD”) acts as principal underwriter for the Trust. GI and GFD are affiliated entities.

Significant Accounting Policies

The Funds operate as investment companies and, accordingly, follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 Financial Services – Investment Companies.

The following significant accounting policies are in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”) and are consistently followed by the Trust. This requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. All time references are based on Eastern Time.

The net asset value per share (“NAV”) of a fund is calculated by dividing the market value of a fund’s securities and other assets, less all liabilities, by the number of outstanding shares of that fund.

(a) Valuation of Investments

The Board of Trustees of the Funds (the “Board”) has adopted policies and procedures for the valuation of the Funds’ investments (the “Valuation Procedures”). Pursuant to the Valuation Procedures, the Board has delegated to a valuation committee, consisting of representatives from Guggenheim’s investment management, fund administration, legal and compliance departments (the “Valuation Committee”), the day-to-day responsibility for implementing the Valuation Procedures, including, under most circumstances, the responsibility for determining the fair value of the Funds’ securities and/or other assets.

Valuations of the Funds’ securities are supplied primarily by pricing services appointed pursuant to the processes set forth in the Valuation Procedures. The Valuation Committee convenes monthly, or more frequently as needed, to review the valuation of all assets which have been fair valued for reasonableness. The Funds’ officers, through the Valuation Committee and consistent with the monitoring and review responsibilities set forth in the Valuation Procedures, regularly review procedures used and valuations provided by the pricing services.

If the pricing service cannot or does not provide a valuation for a particular investment or such valuation is deemed unreliable, such investment is fair valued by the Valuation Committee.

Equity securities listed on an exchange (New York Stock Exchange (“NYSE”) or American Stock Exchange) are valued at the last quoted sale price as of the close of business on the NYSE, usually

at 4:00 p.m. on the valuation date. Equity securities listed on the NASDAQ market system are valued at the NASDAQ Official Closing Price on the valuation date, which may not necessarily represent the last sale price. If there has been no sale on such exchange or NASDAQ on a given day, the security is valued at the closing bid price on that day.

Open-end investment companies are valued at their NAV as of the close of business, on the valuation date. Exchange-traded funds and closed-end investment companies are valued at the last quoted sale price.

Repurchase agreements are valued at amortized cost, provided such amounts approximate market value.

Investments for which market quotations are not readily available are fair-valued as determined in good faith by GI, subject to review and approval by the Valuation Committee, pursuant to methods established or ratified by the Board. Valuations in accordance with these methods are intended to reflect each security's (or asset's or liability's) "fair value". Each such determination is based on a consideration of all relevant factors, which are likely to vary from one pricing context to another. Examples of such factors may include, but are not limited to market prices; sale prices; broker quotes; and models which derive prices based on inputs such as prices of securities with comparable maturities and characteristics, or based on inputs such as anticipated cash flows or collateral, spread over U.S. Treasury securities, and other information analysis.

(b) Foreign Taxes

The Funds may be subject to foreign taxes (a portion of which may be reclaimable) on income, stock dividends, capital gains on investments or certain foreign currency transactions. All foreign taxes are recorded in accordance with the applicable foreign tax regulations and rates that exist in the foreign jurisdictions in which the Funds invest. These foreign taxes, if any, are paid by the Funds and reflected in their Statements of Operations as follows: foreign taxes withheld at source are presented as a reduction of income and foreign taxes on capital gains from sales of investments are included with the net realized gain (loss) on investments. Foreign taxes payable or deferred as of June 30, 2019, if any, are disclosed in the Funds' Statements of Assets and Liabilities.

(c) Security Transactions

Security transactions are recorded on the trade date for financial reporting purposes. Realized gains and losses from securities transactions are recorded using the identified cost basis. Proceeds from lawsuits related to investment holdings are recorded as a reduction to cost if the securities are still held and as realized gains if no longer held in the respective Fund. Dividend income is recorded on the ex-dividend date, net of applicable taxes withheld

by foreign countries. Taxable non-cash dividends are recorded as dividend income. Interest income, including amortization of premiums and accretion of discounts, is accrued on a daily basis. Dividend income from Real Estate Investment Trusts ("REITs") is recorded based on the income included in the distributions received from the REIT investments using published REIT classifications, including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to realized gains. The actual amounts of income, return of capital, and realized gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

(d) Distributions

Distributions of net investment income and net realized gains, if any, are declared and paid at least annually. Normally, all distributions of a Fund will automatically be reinvested without charge in additional shares of the same Fund. Distributions are recorded on the ex-dividend date and are determined in accordance with U.S. federal income tax regulations which may differ from U.S. GAAP.

(e) Cash

The Funds may leave cash overnight in their cash account with the custodian. Periodically, a Fund may have cash due to the custodian bank as an overdraft balance. A fee is incurred on this overdraft, calculated by multiplying the overdraft by a rate based on the federal funds rate, which was 2.40% at June 30, 2019.

(f) Indemnifications

Under the Funds' organizational documents, the Trustees and Officers are indemnified against certain liabilities arising out of the performance of their duties to the Trust. In addition, throughout the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds and/or their affiliates that have not yet occurred. However, based on experience, the Funds expect the risk of loss to be remote.

Note 2 – Investment Advisory Agreement and Other Agreements

Under the terms of an investment advisory contract, the Funds pay GI investment advisory fees calculated at the annualized rates below, based on the average daily net assets of the Funds:

Fund	Management Fees (as a % of Net Assets)
Banking Fund	0.85%
Basic Materials Fund	0.85%
Biotechnology Fund	0.85%
Consumer Products Fund	0.85%
Electronics Fund	0.85%
Energy Fund	0.85%
Energy Services Fund	0.85%
Financial Services Fund	0.85%
Health Care Fund	0.85%
Internet Fund	0.85%
Leisure Fund	0.85%
Precious Metals Fund	0.75%
Real Estate Fund	0.85%
Retailing Fund	0.85%

Transportation Fund	0.85%
Utilities Fund	0.85%

GI engages external service providers to perform other necessary services for the Trust, such as audit and accounting related services, legal services, custody, printing and mailing, etc., on a pass-through basis. Such expenses are allocated to various Funds within the complex based on relative net assets.

The Trust has adopted an Investor Services Plan for which GFD and other firms that provide investor services (“Service Providers”) may receive compensation. The Funds will pay investor service fees to GFD at an annual rate not to exceed 0.25% of average daily net assets. GFD, in turn, will compensate Service Providers for providing such services, while retaining a portion of such payments to compensate itself for investor services it performs.

Certain officers of the Trust are also officers of GI and/or GFD. The Trust does not compensate its officers or trustees who are officers, directors and/or employees of GI or GFD.

MUFG Investor Services (US), LLC (“MUIS”) acts as the Funds’ administrator, transfer agent and accounting agent. As administrator, transfer agent and accounting agent, MUIS is responsible for maintaining the books and records of the Funds’ securities and cash. U.S. Bank, N.A. (“U.S. Bank”) acts as the Funds’ custodian. As custodian, U.S. Bank is responsible for the custody of the Funds’ assets. For providing the aforementioned services, MUIS and U.S. Bank are entitled to receive a monthly fee equal to an annual percentage of each Fund’s average daily net assets and out of pocket expenses.

Note 3 – Federal Income Tax Information

The Funds intend to comply with the provisions of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and will distribute substantially all taxable net investment income and capital gains sufficient to relieve the Funds from all, or substantially all, federal income, excise and state income taxes. Therefore, no provision for federal or state income tax or federal excise tax is required.

Tax positions taken or expected to be taken in the course of preparing the Funds’ tax returns are evaluated to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management has analyzed the Funds’ tax positions taken, or to be taken, on U.S. federal income tax returns for all open tax years, and has concluded that no provision for income tax is required in the Funds’ financial statements. The Funds’ U.S. federal income tax returns are subject to examination by the Internal Revenue Service for a period of three years after they are filed.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (continued)

At June 30, 2019, the cost of investments for U.S. federal income tax purposes, the aggregate gross unrealized appreciation for all investments for which there was an excess of value over tax cost, and the aggregate gross unrealized depreciation for all investments for which there was an excess of tax cost over value were as follows:

Note 4 – Fair Value Measurement

In accordance with U.S. GAAP, fair value is defined as the price that the Funds would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market for the investment or liability. U.S. GAAP establishes a three-tier fair value hierarchy based on the types of inputs used to value assets and liabilities and requires corresponding disclosure. The hierarchy and the corresponding inputs are summarized below:

Level 1 — quoted prices in active markets for identical assets or liabilities.

Level 2 — significant other observable inputs (for example quoted prices for securities that are similar based on characteristics such as interest rates, prepayment speeds, credit risk, etc.).

Level 3 — significant unobservable inputs based on the best information available under the circumstances, to the extent observable inputs are not available, which may include assumptions.

The types of inputs available depend on a variety of factors, such as the type of security and the characteristics of the markets in which it trades, if any. Fair valuation determinations that rely on fewer or no observable inputs require greater judgment. Accordingly, fair value determinations for Level 3 securities require the greatest amount of judgment.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The suitability of the techniques and sources employed to determine fair valuation are regularly monitored and subject to change.

Note 5 – Securities Transactions

For the period ended June 30, 2019, the cost of purchases and proceeds from sales of investment securities, excluding government securities, short-term investments and derivatives, were as follows:

Fund	Purchases	Sales
Banking Fund	\$ 3,354,021	\$ 5,499,384
Basic Materials Fund	2,634,747	3,300,980
Biotechnology Fund	9,630,210	11,955,365

Transportation Fund	3,573,683	4,553,790
Utilities Fund	17,570,081	15,642,777

The Funds are permitted to purchase or sell securities from or to certain affiliated funds under specified conditions outlined in procedures adopted by the Board. The procedures have been designed to ensure that any purchase or sale of securities by a Fund from or to another fund or portfolio that is or could be considered an affiliate by virtue of having a common investment adviser (or affiliated investment advisers), common Trustees and/or common officers complies with Rule 17a-7 of the 1940 Act. Further, as defined under these procedures, each transaction is effected at the current market price to save costs, where permissible. For the period ended June 30, 2019, the Funds engaged in purchases and sales of securities, pursuant to Rule 17a-7 of the 1940 Act, as follows:

Fund	Purchases	Sales	Realized Gain (Loss)
Banking Fund	\$ 1,226,763	\$ 1,202,579	\$ 44,503

Note 6 – Repurchase Agreements

The Funds transfer uninvested cash balances into a single joint account, the daily aggregate balance of which is invested in one or more repurchase agreements collateralized by obligations of the U.S. Treasury and U.S. government agencies. The joint account includes other Funds in the Guggenheim complex not covered in this report. The collateral is in the possession of the Funds' custodian and is evaluated to ensure that its market value exceeds, at a minimum, 102% of the original face amount of the repurchase agreements. Each Fund holds a pro rata share of the collateral based on the dollar amount of the repurchase agreement entered into by each Fund.

At June 30, 2019, the repurchase agreements in the joint account were as follows:

Counterparty and Terms of Agreement	Face Value	Repurchase Price	Collateral	Par Value	Fair Value
JPMorgan Chase & Co. 2.53% Due 07/01/19	\$ 65,103,744	\$ 65,117,470	U.S. Treasury Note 3.13% 11/15/28 U.S. Treasury Bills 0.00% 09/12/19 - 11/07/19	\$ 55,552,000 <u>5,327,500</u> 60,879,500	\$ 61,111,889 <u>5,293,935</u> 66,405,824
Barclays Capital 2.40% Due 07/01/19	16,172,884	16,176,118	U.S. Treasury Bond 3.63% 02/15/44	13,502,400	16,496,400
Bank of America Merrill Lynch 2.48% Due 07/01/19	16,172,884	16,176,226	U.S. Treasury Strip 0.00% 02/15/40	27,668,676	16,496,341

In the event of counterparty default, the Funds have the right to collect the collateral to offset losses incurred. There is potential loss to the Funds in the event the Funds are delayed or prevented from exercising their rights to dispose of the collateral securities, including the risk of a possible decline in the value of the underlying securities during the period while the Funds seek to assert their rights. GI, acting under the supervision of the Board, reviews the value of the collateral and the creditworthiness of those banks and dealers with which the Funds enter into repurchase agreements to evaluate potential risks.

Note 7 – Portfolio Securities Loaned

The Funds may lend their securities to approved brokers to earn additional income. Security lending income shown on the Statements of Operations is shown net of rebates paid to the borrowers and earnings on cash collateral investments shared with the lending agent. Within this arrangement, the Funds act as the lender, U.S. Bank acts as the lending agent, and other approved registered broker dealers act as the borrowers. The Funds receive cash collateral, valued at 102% of the value of the securities on loan. Under the terms of the Funds' securities lending agreement with U.S. Bank, cash collateral and proceeds are invested in the First American Government Obligations Fund — Class Z. The Funds bear the risk of loss on cash collateral investments. Collateral is maintained over the life of the loan in an amount not less than the value of loaned securities, as determined at the close of fund business each day; any additional collateral required due to changes in security values is delivered to the Funds the next business day. Although the collateral mitigates the risk, the Funds could experience a delay in recovering their securities and a possible loss of income or value if the borrower fails to return the securities. The Funds have the right under the securities lending agreement to recover the securities from the borrower on demand. Securities lending transactions are accounted for as secured borrowings. The remaining contractual maturity of the securities lending agreement is overnight and continuous.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (continued)

At June 30, 2019, the Funds participated in securities lending transactions, which are subject to enforceable netting arrangements, as follows:

Fund	Gross Amounts Not Offset in the Statements of Assets and Liabilities			Securities Lending Collateral

^(a) Actual collateral received by the Fund is generally greater than the amount shown due to overcollateralization.

* Subsequent to June 30, 2019, additional collateral was received.

In the event of counterparty default, the Funds have the right to collect the collateral to offset losses incurred. There is potential loss to the Funds in the event the Funds are delayed or prevented from exercising their rights to dispose of the collateral securities, including the risk of a possible decline in the value of the underlying securities during the period while the Funds seek to assert their rights. GI, acting under the supervision of the Board, reviews the value of the collateral and the creditworthiness of those banks and dealers to evaluate potential risks.

Note 8 – Line of Credit

The Trust, along with other affiliated trusts, secured an uncommitted \$75,000,000 line of credit from U.S. Bank, N.A., which expires June 8, 2020. This line of credit is reserved for emergency or temporary purposes. Borrowings, if any, under this arrangement bear interest equal to the Prime Rate, minus 2%, which shall be paid monthly, averaging 3.50% for the period ended June 30, 2019. On June 30, 2019, the Financial Services Fund and Technology Fund borrowed \$76,000 and \$1,000, respectively, under this agreement.

The average daily balances borrowed for the period ended June 30, 2019, were as follows:

Fund	Average Daily Balance
Banking Fund	\$ 144
Basic Materials Fund	138
Biotechnology Fund	28,503
Consumer Products Fund	873
Electronics Fund	685
Energy Fund	552

Note 9 – Recent Regulatory Reporting Updates

In August 2018, the Financial Accounting Standards Board issued an Accounting Standards Update, ASU 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (the “2018 ASU”) which adds, modifies and removes disclosure requirements related to certain aspects of fair value measurement. The 2018 ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. As of June 30, 2019, the Funds have fully adopted the provisions of the 2018 ASU, which did not have a material impact on the Funds’ financial statements and related disclosures or impact the Funds’ net assets or results of operations.

Note 10 – Legal Proceedings

Tribune Company

Rydex Variable Trust has been named as a defendant and a putative member of the proposed defendant class of shareholders in the case entitled *Kirschner v. FitzSimons*, No. 12-2652 (S.D.N.Y.) (formerly *Official Committee of Unsecured Creditors of Tribune Co. v. FitzSimons*, Adv. Pro. No. 10-54010 (Bankr. D. Del.)) (the “*FitzSimons* action”), as a result of ownership by certain series of the Rydex Variable Trust of shares in the Tribune Company (“Tribune”) in 2007, when Tribune effected a leveraged buyout transaction (“LBO”) by which Tribune converted to a privately-held company. In his complaint, the plaintiff has alleged that, in connection with the LBO, Tribune insiders and shareholders were overpaid for their Tribune stock using financing that the insiders knew would, and ultimately did, leave Tribune insolvent. The plaintiff has asserted claims against certain insiders, major shareholders, professional advisers, and others involved in the LBO. The plaintiff is also attempting to obtain from former Tribune shareholders, including the Rydex Variable Trust, the proceeds they received in connection with the LBO.

In June 2011, a group of Tribune creditors filed multiple actions against former Tribune shareholders involving state law constructive fraudulent conveyance claims arising out of the 2007 LBO (the “SLCFC actions”). Rydex Variable Trust has been named as a defendant in one or more of these suits. In those actions, the creditors seek to recover from Tribune’s former shareholders the proceeds received in connection with the 2007 LBO.

The *FitzSimons* action and the SLCFC actions have been consolidated with the majority of the other Tribune LBO-related lawsuits in a multidistrict litigation proceeding captioned *In re Tribune Company Fraudulent Conveyance Litig.*, No. 11-md-2296 (S.D.N.Y.) (the “MDL Proceeding”).

On September 23, 2013, the District Court granted the defendants' omnibus motion to dismiss the SLCFC actions, on the basis that the creditors lacked standing. On September 30, 2013, the creditors filed a notice of appeal of the September 23 order. On October 28, 2013, the defendants filed a joint notice of cross-appeal of that same order. On March 29, 2016, the U.S. Court of Appeals for the Second Circuit issued its opinion on the appeal of the SLCFC actions. The appeals court affirmed the district court's dismissal of those lawsuits, but on different grounds than the district court. The appeals court held that while the plaintiffs have standing under the U.S. Bankruptcy Code, their claims were preempted by Section 546(e) of the Bankruptcy Code—the statutory safe harbor for settlement payments. On April 12, 2016, the Plaintiffs in the SLCFC actions filed a petition seeking rehearing *en banc* before the appeals court. On July 22, 2016, the appeals court denied the petition. On September 9, 2016, the plaintiffs filed a petition for writ of certiorari in the U.S. Supreme Court challenging the Second Circuit's decision that the safe harbor of Section 546(e) applied to their claims. The shareholder defendants, including the Funds, filed a joint brief in opposition to the petition for certiorari on October 24, 2016. On April 3, 2018, Justice Kennedy and Justice Thomas issued a "Statement" related to the petition for certiorari suggesting that the Second Circuit and/or District Court may want to take steps to reexamine the application of the Section 546(e) safe harbor to the previously dismissed state law constructive fraudulent transfer claims based on the Supreme Court's decision in *Merit Management Group LP v. FTI Consulting, Inc.* On April 10, 2018, Plaintiffs filed in the Second Circuit a motion for that court to recall its mandate, vacate its prior decision, and remand to the district court for further proceedings consistent with *Merit Management*. On April 20, 2018, the shareholder defendants filed an opposition to Plaintiffs' motion to recall the mandate. On May 15, 2018, the Second Circuit issued an order recalling the mandate "in anticipation of further panel review."

On May 23, 2014, the defendants filed motions to dismiss the *FitzSimons* action, including a global motion to dismiss Count I, which is the claim brought against former Tribune shareholders for intentional fraudulent conveyance under U.S. federal law. On January 6, 2017, the United States District Court for the Southern District of New York granted the shareholder defendants' motion to dismiss the intentional fraudulent conveyance claim in the *FitzSimons* action. The Court concluded that the plaintiff had failed to allege that Tribune entered the LBO with actual intent to hinder, delay, or defraud its creditors, and therefore the complaint failed to state a claim. In dismissing the intentional fraudulent conveyance claim, the Court denied the plaintiff's request to amend the complaint. On February 23, 2017, the Court issued an order stating that it intends to permit an interlocutory appeal of the dismissal order, but would wait to do so until it has resolved outstanding motions to dismiss filed by other defendants.

On July 18, 2017, the plaintiff submitted a letter to the District Court seeking leave to amend its complaint to add a constructive fraudulent transfer claim. The shareholder defendants opposed that request. On August 24, 2017, the Court denied the plaintiff's request without prejudice to renewal of the request in the event of an intervening change in the law. On March 8, 2018, the plaintiff renewed his request for leave to file a motion to amend the complaint to assert a constructive fraudulent transfer claim based on the Supreme Court's ruling in *Merit Management Group LP v. FTI Consulting, Inc.* The shareholder defendants opposed that request. On June 18, 2018 the District Court ordered that the request would be stayed pending further action by the Second Circuit in the SLCFC actions.

On December 18, 2018, plaintiff filed a letter with the District Court requesting that the stay be dissolved in order to permit briefing on the motion to amend the complaint and indicating plaintiff's intention to file another motion to amend the complaint to reinstate claims for intentional fraudulent transfer. The shareholder defendants opposed that request. On January 14, 2019, the court held a case management conference, during which the court stated that it would not lift the stay prior to further action from the Second Circuit in the SLCFC actions. The court further stated that it would allow the plaintiff to file a motion to amend to try to reinstate its intentional fraudulent transfer claim. The plaintiff has not yet filed any such motion. On January 23, 2019, the court ordered the parties still facing pending claims to participate in a mediation, to commence on January 28, 2019. The mediation did not result in a settlement of the claims against the shareholder defendants.

On April 4, 2019, plaintiff filed a motion to amend the Fifth Amended Complaint to assert a federal constructive fraudulent transfer claim against certain shareholder defendants. On April 10, 2019, the shareholder defendants filed a brief in opposition to plaintiff's motion to amend. On April 12, 2019, the plaintiff filed a reply brief. On April 23, 2019, the court denied the plaintiff's motion to amend. On June 13, 2019, the court entered judgment pursuant to Rule 54(b). On July 12, 2019, the Plaintiff filed a notice of appeal with respect to the dismissal of his claims and the District Court's denial of his motion for leave to amend.

None of these lawsuits alleges any wrongdoing on the part of Rydex Variable Trust. The following series of Rydex Variable Trust held shares of Tribune and tendered these shares as part of Tribune's LBO: Nova Fund, S&P 500 2x Strategy Fund, Multi-Cap Core Equity Fund, S&P 500 Pure Value Fund, Hedged Equity Fund and Multi-Hedge Strategies Fund (the "Funds"). The value of the proceeds received by the foregoing Funds was \$12,580, \$2,380, \$1,360, \$148,376, \$2,720, and \$119,034, respectively. At this stage of the proceedings, Rydex Variable Trust is not able to make a reliable predication as to the outcome of these lawsuits or the effect, if any, on a Fund's net asset value.

Note 11 – Subsequent Events

The Funds evaluated subsequent events through the date the financial statements were available for issue and determined there were no material events that would require adjustment to or disclosure in the Funds' financial statements.

Proxy Voting Information

A description of the policies and procedures that the Trust uses to determine how to vote proxies relating to securities held in the Funds' portfolios is available, without charge and upon request, by calling 800.820.0888. This information is also available from the EDGAR database on the SEC's website at <https://www.sec.gov>.

Information regarding how the Funds voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling 800.820.0888. This information is also available from the EDGAR database on the SEC's website at <https://www.sec.gov>.

Sector Classification

Information in the Schedule of Investments is categorized by sectors using sector-level Classifications defined by the Bloomberg Industry Classification System, a widely recognized industry classification system provider. Each Fund's registration statement has investment policies relating to concentration in specific sectors/industries. For purposes of these investment policies, the Funds usually classify sectors/industries based on industry-level Classifications used by widely recognized industry classification system providers such as Bloomberg Industry Classification System, Global Industry Classification Standards and Barclays Global Classification Scheme.

Quarterly Portfolio Schedules Information

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year as an exhibit to its reports on Form N-PORT, and for reporting periods ended prior to March 31, 2019, filed such information on Form N-Q. The Funds' Forms N-PORT and N-Q are available on the SEC's website at <https://www.sec.gov>. The Funds' Forms N-PORT and N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, DC, and that information on the operation of the Public Reference Room may be obtained by calling 800-SEC-0330. Copies of the portfolio holdings are also available to shareholders, without charge and upon request, by calling 800.820.0888.

Board Considerations in Approving the Investment Advisory Agreement

The Board of Trustees (the "Board") of Rydex Variable Trust (the "Trust"), each of whom is not an "interested person," as defined by the Investment Company Act of 1940 (the "1940 Act"), of the Trust (the "Independent Trustees"), attended an in-person meeting held on May 20, 2019 (the "May Meeting"), called for the purpose of, among other things, the consideration of, and voting on, the approval and continuation of the Advisory Agreement dated March 1, 2012, as amended, between the Trust and Security Investors, LLC (the "Advisor"), pursuant to which the Advisor serves as investment adviser to each series of the Trust (each, a "Fund" and collectively, the "Funds") (the "Advisory Agreement"). Consistent with its practice, the Board considered information pertaining to the renewal of the Advisory Agreement at an in-person meeting held on April 24, 2019 (the "April Meeting" and, together with the May Meeting, the "Meetings"). After careful consideration, the Board unanimously approved, at the May Meeting, the continuance of the Advisory Agreement for an additional one-year term based on the Board's review of qualitative and quantitative information provided by the Advisor. In the course of its consideration, the Board deemed the materials provided by the Advisor at, and prior to, the Meetings to be instrumental in the Trustees' deliberations and their process in considering the continuation of the Advisory Agreement. The Board also considered the review it conducted at each Meeting, as augmented by additional teleconference meetings prior to each Meeting, to be integral to its consideration of the continuation of the Advisory Agreement.

Prior to reaching the conclusion to approve the continuation of the Advisory Agreement, the Independent Trustees requested and obtained from the Advisor such information as they deemed reasonably necessary to evaluate the Advisory Agreement. In addition, the Board received a memorandum from independent legal counsel to the Independent Trustees regarding the Board's fiduciary responsibilities under state and federal law with respect to the Board's consideration of the continuation of the Advisory Agreement, and participated in discussions with representatives of the Advisor during which the representatives answered the Independent Trustees' questions and agreed to provide certain additional information for their consideration. The Independent Trustees also carefully considered information that they had received throughout the year as part of their regular oversight of the Funds. At the Meetings, the Board obtained and reviewed a wide variety of information, including comparative information regarding the Funds' fees, expenses, and performance relative to the fees, expenses, and performance of other comparable funds (the "FUSE reports"). In addition, at the April Meeting, the Board met with representatives of FUSE Research Network ("FUSE"), the independent third-party service provider engaged to prepare the FUSE reports, to review FUSE's process and methodology for preparing the FUSE reports presented to the Board for its consideration, including in particular, the process for the selection of peer funds. The Independent Trustees carefully evaluated all of the information provided, met in executive session outside the presence of Fund management, and were advised by independent legal counsel with respect to their deliberations.

At the Meetings, the Board, including the Independent Trustees, evaluated a number of factors, including among others: (a) the nature, extent and quality of the Advisor's investment advisory and other services; (b) the Advisor's substantial commitment to the recruitment and retention of high quality personnel; (c) a comparison of the Funds' advisory fees to the advisory fees charged to comparable funds or accounts; (d) each Fund's overall fees and operating expenses compared with those of similar funds, and the existence of or potential for the realization of economies of scale; (e) the level of the Advisor's profitability from its Fund-related operations; (f) the Advisor's compliance processes and systems; (g) the Advisor's compliance policies and procedures; (h) the Advisor's reputation, expertise and resources in the financial markets; (i) Fund performance compared with that of similar funds and/or appropriate benchmarks; (j) other benefits to the Advisor and/or its affiliates from their relationship to the Funds; and (k) the Advisor's maintenance of operational resources and relationships with third-party service providers, necessary to manage the Funds in a professional manner consistent with the best interests of the Funds and their shareholders. In its deliberations, the Trustees did not identify any particular factor or factors as controlling, noting that each Trustee could attribute different weights to the various factors considered.

Based on the Board's deliberations at the Meetings, the Board, including all of the Independent Trustees, unanimously: (a) concluded that the terms of the Advisory Agreement are fair and reasonable; (b) concluded that the Advisor's fees for each Fund are reasonable in light of, and not so disproportionately large as to bear no reasonable relationship to, the services that it provides to each Fund; and (c) agreed to approve the continuation of the Advisory Agreement for an additional one-year term based upon the following considerations, among others:

Nature, Extent and Quality of Services Provided by the Advisor. The Board evaluated, among other things, the Advisor's business, financial resources, quality and quantity of personnel, experience, past performance, the variety and complexity of its investment strategies (including the extent to which the Funds use derivatives), enterprise and Fund risk management infrastructure and processes, brokerage practices, and the adequacy of its compliance systems and processes, proxy voting policies and practices, and cybersecurity program. The Board reviewed the scope of services provided by the Advisor under the Advisory Agreement and noted that there would be no significant differences between the scope of services provided by the Advisor for the past year and the scope of services required to be provided during the upcoming year. The Board also considered the Advisor's representations to the Board that the Advisor would continue to provide investment and related services that were of materially the same quality and quantity as services provided to the Funds in the past, and whether these services are appropriate in scope and extent in light of the Funds' operations, the competitive landscape of the investment company business and investor needs. Based on the foregoing, the Trustees determined that the continuation of the Advisory Agreement would ensure shareholders of the Funds continue to receive high quality services at a cost that is appropriate and reasonable.

Fund Expenses and Performance of the Funds and the Advisor. The Board reviewed statistical information provided by the Advisor regarding the expense ratio components and performance of each Fund. Part of the Board's review focused on the information presented in the FUSE reports, which provided comparisons of the Funds' fees, expenses, and total return performance with those of a peer group and peer universe of funds selected by FUSE. In the FUSE reports, each Fund's expense ratio components, including actual advisory fees, waivers/reimbursements, and gross and net total expenses, are compared to those of other funds with shared key characteristics (e.g., asset size, fee structure, sector or industry investment focus) determined by FUSE to comprise a Fund's applicable peer group. The Board considered the Advisor's opinion that it found the peer groups compiled by FUSE to be appropriate, but acknowledged the existence of certain key features of the Funds that differentiate them from their peer funds (e.g., specific differences in principal investment strategies, index rebalance frequency, and, in certain cases, the Fund's tradability feature) that should be taken into consideration. With respect to tradability, in particular, the Board considered that non-tradable peer funds incur lower expense ratios than the tradable Funds because the non-tradable peer funds necessarily experience less shareholder activity and lower transaction volumes than the tradable Funds. The statistical information related to the performance of each Fund included three-month and one-, three-, and five-year performance for the Fund compared to that of its peers. Based on the foregoing, the Board determined that the proposed advisory fees paid by the Funds are reasonable in relation to the nature and quality of the services provided by the Advisor.

Costs of Services Provided to the Funds and Profits Realized by the Advisor and its Affiliates. The Board reviewed information about the profitability of the Funds to the Advisor based on the advisory fees payable under the Advisory Agreement for the last calendar year. In its review, the Board considered the direct revenue and ancillary revenue, if any, received by the Advisor and/or its affiliates in connection with the services provided to the Funds by the Advisor and/or its affiliates. The Board also discussed the Advisor's profit margin, including the expense allocation methodology used in the Advisor's profitability analysis, which the Advisor confirmed was unchanged from the previous year. In its evaluation, the Board also considered the effect of the sale of Guggenheim's ETF business in April 2018 on the Advisor's and its affiliates' profitability for the past year. The Board also considered the challenges currently affecting variable product-dedicated funds, including slowed investment in variable insurance products generally. Based on the foregoing, the Board determined that the profit to the Advisor on the fees paid by the Funds is not excessive in view of the nature and quality of the services provided by the Advisor.

Economies of Scale. The Board considered the absence of breakpoints in the Advisor's fee schedule and reviewed information regarding the extent to which economies of scale or other efficiencies may result from increases in the Funds' asset levels. In light of the relatively small size of many of the Funds, the current expectation that assets levels are likely to remain the same or decline in the near future due to changes in demand for variable insurance products, and the fact that the size of individual Funds in the complex often increase and decrease significantly due to the unlimited trading that is permitted among most of the Funds in the complex, the Board concluded that the Funds have not yet achieved sufficient asset levels to realize meaningful economies of scale. The Board noted that it intends to continue to monitor fees as each Fund grows in size and assess whether fee breakpoints may be warranted.

Other Benefits to the Advisor and/or its Affiliates. In addition to evaluating the Advisor's services, the Board considered the nature and amount of other benefits to be derived by the Advisor and its affiliates as a result of their relationship with the Funds, including any intangible benefits to the Advisor. In particular, the Board considered the nature, extent, quality, and cost of certain distribution and shareholder services performed by the Advisor's affiliate, Guggenheim Funds Distributors, LLC, under the investor services agreement and investor services plan with respect to the Funds, and under separate distribution agreements, Distribution Plans and Distribution and Shareholder Services Plans pursuant to Rule 12b-1 of the 1940 Act with respect to other of the funds in the Funds' family of funds. In light of the costs of providing services pursuant to the separate agreements, as well as the Advisor's and its affiliate's commitment to the Funds, the Board concluded the ancillary benefits the Advisor and its affiliates received were reasonable.

On the basis of the information provided to it and its evaluation of that information, the Board, including the Independent Trustees, unanimously concluded that the terms of the Advisory Agreement were reasonable, and that approval of the continuation of the Advisory Agreement for an additional one-year term was in the best interests of each Fund and its shareholders.

Guggenheim Partners Investment Management Holdings, LLC, located at 330 Madison Avenue, New York, New York 10017 is the data controller for your information. The affiliates who are also controllers of certain of your information are: Guggenheim Investment Advisors (Europe) Limited, Guggenheim Partners Europe Limited, Guggenheim Partners, LLC, Guggenheim Funds Investment Advisors, LLC, Guggenheim Partners Investment Management, LLC, Guggenheim Funds Distributors, LLC and Security Investors, LLC, as well as the Funds.

Our Commitment to You

Guggenheim Investments considers your privacy our utmost concern. When you become our client or investor, you entrust us with not only your hard-earned money but also with your personal and financial information. Because we have access to your private information, we hold ourselves to the highest standards in its safekeeping and use. We strictly limit how we share your information with others, whether you are a current or former Guggenheim Investments client or investor.

The Information We Collect About You

We collect certain nonpublic personal information about you from information you provide on applications, other forms, our website, and/or from third parties including investment advisors. This information includes Social Security or other tax identification number, assets, income, tax information, retirement and estate plan information, transaction history, account balance, payment history, bank account information, marital status, family relationships, information that we collect on our website through the use of “cookies,” and other personal information that you or others provide to us. We may also collect such information through your inquiries by mail, e-mail or telephone. We may also collect customer due diligence information, as required by applicable law and regulation, through third party service providers.

How We Handle Your Personal Information

The legal basis for using your information as set out in this Privacy Notice is as follows: (a) use of your personal data is necessary to perform our obligations under any contract with you (such as a contract for us to provide financial services to you); or (b) where use of your personal data is not necessary for performance of a contract, use of your personal data is necessary for our legitimate interests or the legitimate interests of others (for example, to enforce the legal terms governing our services, operate and market our website and other services we offer, ensure safe environments for our personnel and others, make and receive payments, prevent fraud and to know the customer to whom we are providing the services). Some processing is done to comply with applicable law.

In addition to the specific uses described above, we also use your information in the following manner:

- We use your information in connection with servicing your accounts.
- We use information to respond to your requests or questions. For example, we might use your information to respond to your customer feedback.
- We use information to improve our products and services. We may use your information to make our website and products better. We may use your information to customize your experience with us.
- We use information for security purposes. We may use your information to protect our company and our customers.
- We use information to communicate with you. For example, we will communicate with you about your account or our relationship. We may contact you about your feedback. We might also contact you about this Privacy Notice. We may also enroll you in our email newsletter.

- We use information as otherwise permitted by law, as we may notify you.
- **Aggregate/Anonymous Data.** We may aggregate and/or anonymize any information collected through the website so that such information can no longer be linked to you or your device ("Aggregate/Anonymous Information"). We may use Aggregate/Anonymous Information for any purpose, including without limitation for research and marketing purposes, and may also share such data with any third parties, including advertisers, promotional partners, and sponsors.

We do not sell information about current or former clients or their accounts to third parties. Nor do we share this information, except when necessary to complete transactions at your request, to make you aware of investment products and services that we or our affiliates offer, or as permitted or required by law.

We provide information about you to companies and individuals not affiliated with Guggenheim Investments to complete certain transactions or account changes, or to perform services for us related to your account. For example, if you ask to transfer assets from another financial institution to Guggenheim Investments, we must provide certain information about you to that company to complete the transaction. We provide the third party with only the information necessary to carry out its responsibilities and only for that purpose. And we require these third parties to treat your private information with the same high degree of confidentiality that we do. To alert you to other Guggenheim Investments products and services, we share your information within our family of affiliated companies. You may limit our sharing with affiliated companies as set out below. We may also share information with any successor to all or part of our business, or in connection with steps leading up to a merger or acquisition. For example, if part of our business was sold we may give customer information as part of that transaction. We may also share information about you with your consent.

We will release information about you if you direct us to do so, if we are compelled by law to do so, or in other circumstances as permitted by law (for example, to protect your account from fraud).

If you close your account(s) or become an inactive client or investor, we will continue to adhere to the privacy policies and practices described in this notice.

Opt-Out Provisions and Your Data Choices

The law allows you to "opt out" of certain kinds of information sharing with third parties. We do not share personal information about you with any third parties that triggers this opt-out right. This means **YOU ARE ALREADY OPTED OUT**.

When you are no longer our client or investor, we continue to share your information as described in this notice, and you may contact us at any time to limit our sharing by sending an email to CorporateDataPrivacy@GuggenheimPartners.com.

European Union Data Subjects and certain others: In addition to the choices set forth above, residents of the European Union and certain other jurisdictions have certain rights to (1) request access to or rectification or deletion of information we collect about them, (2) request a restriction on the processing of their information, (3) object to the processing of their information, or (4) request the portability of certain information. To exercise these or other rights, please contact us using the contact information below. We will consider all requests and provide our response within the time period stated by applicable law. Please note, however, that certain information may be exempt from such requests in some circumstances, which may include if we need to keep processing your information for our legitimate interests or to comply with a legal obligation. We may request you provide us with information necessary to confirm your identity before responding to your request.

Residents of France and certain other jurisdictions may also provide us with instructions regarding the manner in which we may continue to store, erase and share your information after your death, and where applicable, the person you have designated to exercise these rights after your death.

How We Protect Privacy Online

We take steps to protect your privacy when you use our web site – www.guggenheiminvestments.com – by using secure forms of online communication, including encryption technology, Secure Socket Layer (SSL) protocol, firewalls and user names and passwords. These safeguards vary based on the sensitivity of the information that we collect and store. However, we cannot and do not guarantee that these measures will prevent every unauthorized attempt to access, use, or disclose your information since despite our efforts, no Internet and/or other electronic transmissions can be completely secure. Our web site uses “http cookies”—tiny pieces of information that we ask your browser to store. We use cookies for session management and security features on the Guggenheim Investments web site. We do not use them to pull data from your hard drive, to learn your e-mail address, or to view data in cookies created by other web sites. We will not share the information in our cookies or give others access to it. See the legal information area on our web site for more details about web site security and privacy features.

How We Safeguard Your Personal Information and Data Retention

We restrict access to nonpublic personal information about you to our employees and in some cases to third parties (for example, the service providers described above) as permitted by law. We maintain strict physical, electronic and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

We keep your information for no longer than necessary for the purposes for which it is processed. The length of time for which we retain information depends on the purposes for which we collected and use it and/or as required to comply with applicable laws. Information may persist in copies made for backup and business continuity purposes for additional time.

International Visitors

If you are not a resident of the United States, please be aware that your information may be transferred to, stored and processed in the United States where our servers are located and our databases are operated. The data protection and other laws of the United States and other countries might not be as comprehensive as those in your country.

In such cases, we ensure that a legal basis for such a transfer exists and that adequate protection is provided as required by applicable law, for example, by using standard contractual clauses or by transferring your data to a jurisdiction that has obtained an adequacy finding. Individuals whose data may be transferred on the basis of standard contractual clauses may contact us as described below.

We'll Keep You Informed

If you have any questions or concerns about how we treat your personal data, we encourage you to consult with us first. You may also contact the relevant supervisory authority.

We reserve the right to modify this policy at any time and will inform you promptly of material changes. You may access our privacy policy from our web site at www.guggenheiminvestments.com. Should you have any questions regarding our privacy policy, contact us by email at CorporateDataPrivacy@GuggenheimPartners.com.
