**Dear Shareholder:**

Security Investors, LLC (the “Investment Adviser”) is pleased to present the annual shareholder report for 18 of our Funds (the “Funds”) that are part of the Rydex Variable Trust. This report covers performance of the Funds for the annual period ended December 31, 2020.

The Investment Adviser is a part of Guggenheim Investments, which represents the investment management businesses of Guggenheim Partners, LLC (“Guggenheim”), a global, diversified financial services firm.

Guggenheim Funds Distributors, LLC is the distributor of the Funds. Guggenheim Funds Distributors, LLC is affiliated with Guggenheim and the Investment Adviser.

We encourage you to read the Economic and Market Overview section of the report, which follows this letter, and then the Performance Report and Fund Profile for each Fund.

We are committed to providing innovative investment solutions and appreciate the trust you place in us.

Sincerely,

Security Investors, LLC

The global ongoing crisis caused by the outbreak of COVID-19 is causing materially reduced consumer demand and economic output, disrupting supply chains, resulting in market closures, travel restrictions and quarantines, and adversely impacting local and global economies. Investors should be aware that in light of the current uncertainty, volatility and distress in economies, financial markets, and labor and health conditions all over the world, the Funds’ investments and a shareholder’s investment in a Fund are subject to sudden and substantial losses, increased volatility and other adverse events. Firms through which investors invest with the Funds, the Funds, their service providers, the markets in which they invest and market intermediaries are also impacted by quarantines and similar measures intended to contain the ongoing pandemic, which can obstruct their functioning and subject them to heightened operational risks.

**Sector funds may not be suitable for all investors.** Investing in sector funds is more volatile than investing in broadly diversified funds, as there is a greater risk due to the concentration of the Fund’s holdings in issuers of the same or similar offerings. Certain of the sector funds are considered non-diversified and can invest a greater portion of their assets in securities of individual issuers than a diversified fund. As a result, changes in the market value of a single security could cause greater fluctuations in the value of fund shares than would occur in a more diversified fund.

In what could have been one of the worst years on record for equity investors due to the devastating human and economic cost of the COVID-19 pandemic combined with political unrest in the U.S., the 12-month period ended December 31, 2020, witnessed the Standard & Poor's® ("S&P 500®") Index reach a record high of 3,756.07 from 3,234.85 at the start of the year. This was despite plummeting to 2,237.40 on March 23, 2020 as the effects of the pandemic caused the U.S. economy to stall. This dramatic change in fortune for equity markets was due in large part by a swift, sweeping response to the economic shutdown in March 2020 by the U.S. Federal Reserve (the "Fed"), which has continued to signal its intention to use ultra-accommodative monetary policy to strive toward full employment and 2% inflation via unprecedented measures. The central bank's commitment to keeping interest rates near zero and its bond-buying program to lessen the risk of corporate defaults resulted in bountiful debt issuance by corporate borrowers and a growing confidence among equity investors that the investment environment would remain benign for the foreseeable future.

As such, our economic outlook for the coming year is positive, owing to another round of COVID-19 relief and more planned by the new administration, plus the expectation for a successful vaccine distribution. The new package, titled the Coronavirus Response and Relief Supplemental Appropriations Act, delivers a \$900 billion injection into the economy, bringing total COVID-related aid to over \$3.5 trillion including the 2020 bill, or roughly 8.5% of 2020–2021 gross domestic product ("GDP"). On this measure, it is already 3.5x more than the stimulus delivered in the five years following the financial crisis.

The latest round of fiscal stimulus should cause a surge in personal income during the first quarter, and a significant percentage of the population should be vaccinated or immune from prior infection by mid-2021. It is likely that local governments will be able to begin to relax restrictions even before herd immunity is reached since hospitalizations should fall once the elderly are vaccinated. As we move through the year, consumer spending growth should start to accelerate, spurred on by elevated personal savings and strong gains in household net worth. Elsewhere, the housing market will continue to benefit from tight supply and low interest rates, and business investment should rebound as corporations look to put to work record levels of precautionary cash. As a result, we expect real GDP growth to be well above potential for the year.

If the unemployment rate continues to fall at its recent pace and inflation picks up with its usual six-quarter lag behind economic activity, the experience of prior cycles would suggest that the Fed could start its hiking cycle as early as late-2022. However, the change in the Fed's playbook will keep it sidelined for years as it looks to make up for shortfalls related to its 2% inflation target and no longer worries about an overly tight labor market.

This means the Fed is likely to keep rates at zero for several years beyond the late-2023 liftoff currently priced into the bond market. Similarly, the odds are low of a tapering of the Fed's bond purchases in 2021. While we believe the government response to the pandemic was necessary and appropriate, investors are already paying some price with more elevated valuations due in part to the Fed's aggressive relaunch of quantitative easing. Under these circumstances, investors will likely continue to take on more risk as long as more fiscal support is underway and while the Fed remains willing to backstop credit markets to support financial conditions.

For the 12-month period ended December 31, 2020, the S&P 500® Index\* returned 18.40%. The MSCI Europe-Australasia-Far East ("EAFE") Index\* returned 7.82%. The return of the MSCI Emerging Markets Index\* was 15.84%.

In the bond market, the Bloomberg Barclays U.S. Aggregate Bond Index\* posted a 7.51% return for the 12-month period, while the Bloomberg Barclays U.S. Corporate High Yield Index\* returned 7.11%. The return of the ICE Bank of America ("BofA") Merrill Lynch 3-Month U.S. Treasury Bill Index\* was 0.67% for the 12-month period.

*The opinions and forecasts expressed may not actually come to pass. This information is subject to change at any time, based on market and other conditions, and should not be construed as a recommendation of any specific security or strategy.*

**\*Index Definitions:**

The following indices are referenced throughout this report. Indices are unmanaged and not available for direct investment. Index performance does not reflect transaction costs, fees, or expenses.

**Bloomberg Barclays U.S. Aggregate Bond Index** is a broad-based flagship benchmark that measures the investment grade, U.S. dollar-denominated, fixed-rate taxable bond market, including U.S. Treasuries, government-related and corporate securities, mortgage-backed securities or “MBS” (agency fixed-rate and hybrid adjustable-rate mortgage, or “ARM”, pass-throughs), asset-backed securities (“ABS”), and commercial mortgage-backed securities (“CMBS”) (agency and non-agency).

**Bloomberg Barclays U.S. Corporate High Yield Index** measures the U.S. dollar-denominated, high yield, fixed-rate corporate bond market. Securities are classified as high yield if the middle rating of Moody's, Fitch, and S&P is Ba1/BB +/BB + or below.

**ICE BofA Merrill Lynch 3-Month U.S. Treasury Bill Index** is an unmanaged market index of U.S. Treasury securities maturing in 90 days that assumes reinvestment of all income.

**MSCI EAFE Index** is a free float-adjusted market capitalization index that is designed to measure the equity market performance of developed markets, excluding the U.S. & Canada.

**MSCI Emerging Markets Index** is a free float-adjusted market capitalization weighted index that is designed to measure equity market performance in the global emerging markets.

**MSCI U.S. REIT Index** is a free float market capitalization weighted index that is comprised of equity real estate investment trust (“REIT”) securities that belong to the MSCI U.S. Investable Market 2500 Index. The MSCI U.S. REIT Index includes only REIT securities that are of reasonable size in terms of full and free float-adjusted market capitalization to ensure that the performance of the equity REIT universe can be captured and replicated in actual institutional and retail portfolios of different sizes.

**S&P 500®** is a broad-based index, the performance of which is based on the performance of 500 widely held common stocks chosen for market size, liquidity, and industry group representation.

**S&P 500® Consumer Discretionary Index** is a sub-index of the S&P 500®. The Consumer Discretionary index includes companies in the following industries: automobiles and components, consumer durables, apparel, hotels, restaurants, leisure, media and retailing.

**S&P 500® Consumer Staples Index** is a sub-index of the S&P 500®. The Consumer Staples index comprises companies whose businesses are less sensitive to economic cycles. It includes manufacturers and distributors of food, beverages and tobacco and producers of non-durable household goods and personal products. It also includes food & drug retailing companies as well as supermarkets and consumer super centers.

**S&P 500® Energy Index** is a sub-index of the S&P 500®. The Energy index comprises companies whose businesses are dominated by either of the following activities: The construction or provision of oil rigs, drilling equipment and other energy-related equipment and services, including seismic data collection; companies engaged in the exploration, production, marketing, refining and/or transportation of oil and gas products, coal and other consumable fuels.

**S&P 500® Financials Index** is a sub-index of the S&P 500®. The Financials index contains companies involved in activities such as banking, mortgage finance, consumer finance, specialized finance, investment banking and brokerage, asset management and custody, corporate lending, insurance, and financial investment, and real estate, including REITs.

**S&P 500® Health Care Index** is a sub-index of the S&P 500®. The Health Care index encompasses two main industry groups. The first includes companies who manufacture health care equipment and supplies or provide health care related services, including distributors of health care products, providers of basic health-care services, and owners and operators of health care facilities and organizations. The first group also includes companies operating in the health care technology industry. The second group includes companies primarily involved in the research, development, production and marketing of pharmaceuticals, biotechnology and life sciences products.

**S&P 500® Industrials Index** is a sub-index of the S&P 500®. The Industrials index includes companies whose businesses are dominated by one of the following activities: the manufacture and distribution of capital goods, including aerospace & defense, construction, engineering & building products, electrical equipment and industrial machinery; the provision of commercial services and supplies, including printing, environmental, office and security services; the provision of professional services, including employment and research & consulting services; or the provision of transportation services, including airlines, couriers, marine, road & rail and transportation infrastructure.

**S&P 500® Information Technology Index** is a sub-index of the S&P 500®. The Information Technology index covers the following general areas: technology software & services, including companies that primarily develop software in various fields such as the Internet, applications, systems, databases management and/or home entertainment, and companies that provide information technology consulting and services, as well as data processing and outsourced services; secondly, technology hardware & equipment, including manufacturers and distributors of communications equipment, computers & peripherals, electronic equipment and related instruments; and thirdly, semiconductors & semiconductor equipment manufacturers.

**S&P 500® Materials Index** is a sub-index of the S&P 500®. The Materials index encompasses a wide range of commodity-related manufacturing industries. Included in this sector are companies that manufacture chemicals, construction materials, glass, paper, forest products and related packaging products, and metals, minerals and mining companies, including producers of steel.

**S&P 500® Telecommunications Services Index** is a sub-index of the S&P 500®. The Telecommunications Services index contains companies that provide communications services primarily through a fixed-line, cellular, wireless, high bandwidth and/or fiber optic cable network.

**S&P 500® Utilities Index** is a sub-index of the S&P 500®. The Utilities index encompasses those companies considered electric, gas or water utilities, or companies that operate as independent producers and/or distributors of power.

All mutual funds have operating expenses, and it is important for our shareholders to understand the impact of costs on their investments. Shareholders of a fund incur two types of costs: (i) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, other distributions, and exchange fees, and (ii) ongoing costs, including management fees, administrative services, and shareholder reports, among others. These ongoing costs, or operating expenses, are deducted from a fund's gross income and reduce the investment return of the fund.

A fund's expenses are expressed as a percentage of its average net assets, which is known as the expense ratio. The following examples are intended to help investors understand the ongoing costs (in dollars) of investing in a fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The examples are based on an investment of \$1,000 made at the beginning of the period and held for the entire six-month period beginning June 30, 2020 and ending December 31, 2020.

The following tables illustrate the Funds' costs in two ways:

**Table 1. Based on actual Fund return:** This section helps investors estimate the actual expenses paid over the period. The "Ending Account Value" shown is derived from the Fund's actual return, and the fifth column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Fund. Investors may use the information here, together with the amount invested, to estimate the expenses paid over the period. Simply divide the Fund's account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number provided under the heading "Expenses Paid During Period."

**Table 2. Based on hypothetical 5% return:** This section is intended to help investors compare a fund's cost with those of other mutual funds. The table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses paid during the period. The example is useful in making comparisons because the U.S. Securities and Exchange Commission (the "SEC") requires all mutual funds to calculate expenses based on the 5% return. Investors can assess a fund's costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

The calculations illustrated above assume no shares were bought or sold during the period. Actual costs may have been higher or lower, depending on the amount of investment and the timing of any purchases or redemptions.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads) on purchase payments, and contingent deferred sales charges ("CDSC") on redemptions, if any. Therefore, the second table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

More information about the Funds' expenses, including annual expense ratios for periods up to five years (subject to the Fund's inception date), can be found in the Financial Highlights section of this report. For additional information on operating expenses and other shareholder costs, please refer to the appropriate Fund prospectus.

<sup>1</sup> Annualized and excludes expenses of the underlying funds in which the Funds invest, if any.

<sup>2</sup> Expenses are equal to the Fund's annualized expense ratio, net of any applicable fee waivers, multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period). Expenses shown do not include fees charged by insurance companies.

<sup>3</sup> Actual cumulative return at net asset value for the period June 30, 2020 to December 31, 2020.

## BANKING FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that are involved in the banking sector, including commercial banks (and their holding companies) and savings and loan institutions ("Banking Companies").

For the year ended December 31, 2020, Banking Fund returned -8.46%, compared with the S&P 500 Index, which returned 18.40%. The S&P 500 Financials Index returned -1.69%.

The industries that contributed the most to performance were diversified financial services and diversified capital markets. The industries that detracted the most were diversified banks, thrifts & mortgage finance, and asset management & custody banks.

SVB Financial Group, First Republic Bank, and Independent Bank Group, Inc. were the holdings that contributed the most to the Fund's return for the period. Wells Fargo & Co., Citigroup, Inc., and U.S. Bancorp detracted the most from return.

Performance displayed represents past performance, which is no guarantee of future results.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Financials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>a</sup> Net investment income (loss) per share was computed using average shares outstanding throughout the period.

<sup>b</sup> Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>c</sup> Reverse share split — Per share amounts for the year ended December 31, 2016 have been restated to reflect a 1:6 reverse share split effective December 1, 2016.

## BASIC MATERIALS FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies engaged in the mining, manufacture, or sale of basic materials, such as lumber, steel, iron, aluminum, concrete, chemicals, and other basic building and manufacturing materials (“Basic Materials Companies”).

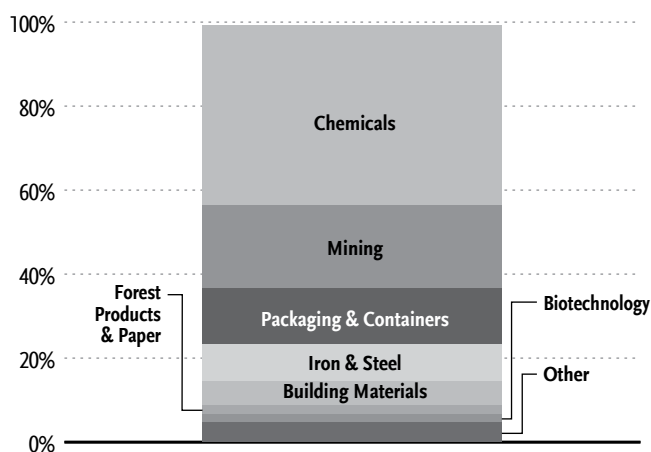

For the year ended December 31, 2020, Basic Materials Fund returned 19.75%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Materials Index returned 20.73%.

The gold industry was the largest contributor to the Fund’s return for the period, followed by the specialty chemicals industry and the metal & glass containers industry. The construction materials industry detracted the most from the Fund’s return for the period, followed by the paper products industry and the aluminum industry.

The top-performing holdings were Newmont Corp., Barrick Gold Corp., and Freeport-McMoRan, Inc. The worst-performing holdings included Carpenter Technology Corp., CF Industries Holdings, Inc., and W R Grace & Co.

Performance displayed represents past performance, which is no guarantee of future results.

S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Materials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Health Care Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## ELECTRONICS FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that are involved in the electronics sector, including semiconductor manufacturers and distributors, and makers and vendors of other electronic components and devices ("Electronics Companies").

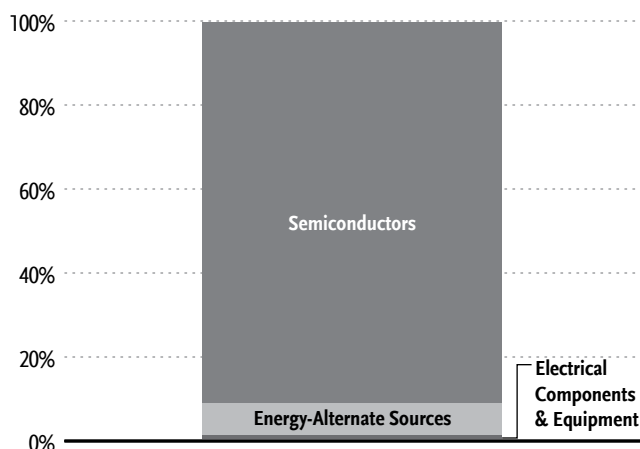

For the year ended December 31, 2020, Electronics Fund returned 55.96%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Information Technology Index returned 43.89%.

The semiconductors group was the largest contributor to return, followed by the semiconductor equipment industry. No industry detracted from return.

Fund performance got the biggest boost from NVIDIA Corp., Advanced Micro Devices, Inc., and Enphase Energy, Inc. Detracting the most from the Fund's performance for the period were Intel Corp., SunPower Corp. and Cirrus Logic, Inc.

Performance displayed represents past performance, which is no guarantee of future results.

### Holdings Diversification (Market Exposure as % of Net Assets)

"Holdings Diversification (Market Exposure as % of Net Assets)" excludes any temporary cash investments.

S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Information Technology Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## ENERGY FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies involved in the energy field, including the exploration, production, and development of oil, gas, coal, and alternative sources of energy ("Energy Companies").

For the year ended December 31, 2020, Energy Fund returned -34.17%, compared with the 18.40% return of the S&P 500 Index. The S&P 500 Energy Index returned -33.68%.

The coal & consumable fuels industry was the only contributor to return for the period. The integrated oil & gas industry detracted the most from return, followed by the oil & gas exploration & production industry and the oil & gas storage & transportation industry.

Renewable Energy Group, Inc., EQT Corp., and Tenaris SA ADR contributed the most to the Fund's return for the year. Holdings detracting the most from performance were Exxon Mobil Corp., Occidental Petroleum Corp., and ONEOK, Inc.

Performance displayed represents past performance, which is no guarantee of future results.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Energy index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## ENERGY SERVICES FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that are involved in the energy services field, including those that provide services and equipment in the areas of oil, coal, and gas exploration and production ("Energy Services Companies").

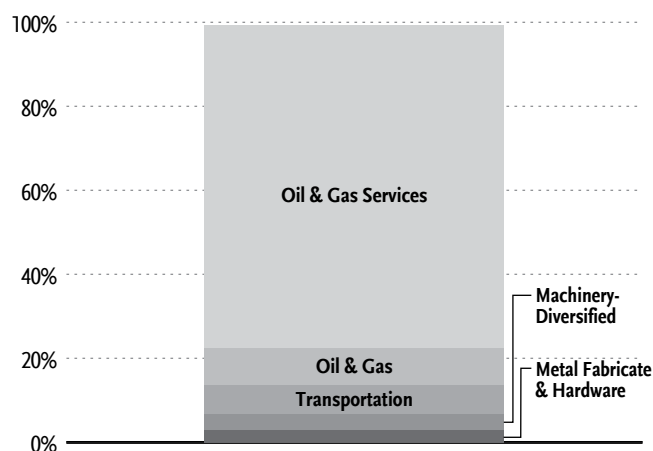

For the year ended December 31, 2020, Energy Services Fund returned -37.33%, compared with the S&P 500 Index, which returned 18.40%. The S&P 500 Energy Index returned -33.68%.

No industry contributed to return for the period. The oil & gas equipment & services industry detracted the most from return, followed by the oil & gas drilling industry.

Nabors Industries Ltd., Archrock, Inc., and Liberty Oilfield Services, Inc. Class A were the Fund's best-performing holdings for the year. The Fund's worst-performing holdings included Schlumberger N.V., Transocean Ltd., and Helix Energy Solutions Group, Inc.

Performance displayed represents past performance, which is no guarantee of future results.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Energy Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## FINANCIAL SERVICES FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that are involved in the financial services sector ("Financial Services Companies").

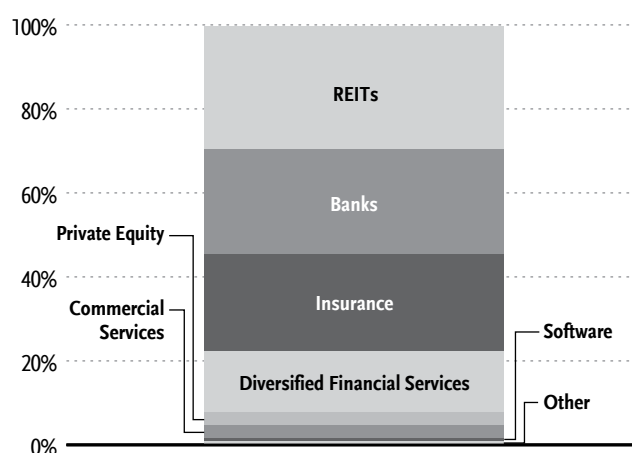

For the year ended December 31, 2020, Financial Services Fund returned -0.11%, while the S&P 500 Index returned 18.40% over the same period. The S&P 500 Financials Index returned -1.69%.

The financial exchanges & data industry was the largest contributor to return, followed by the asset management & custody banks industry and the investment banking & brokerage industry. The diversified banks industry was the largest detractor from return, followed by the residential real estate investment trust ("REIT") industry and the retail REIT industry.

Morgan Stanley, BlackRock, Inc. Class A, and MSCI Inc. Class A were the holdings that contributed the most to the Fund's return for the period. Wells Fargo & Co., Simon Property Group, Inc., and Citigroup, Inc. detracted the most from return.

Performance displayed represents past performance, which is no guarantee of future results.

### Holdings Diversification (Market Exposure as % of Net Assets)

### Cumulative Fund Performance<sup>\*,†</sup>

### Average Annual Returns<sup>\*,†</sup>

Periods Ended December 31, 2020

	1 Year	5 Year	10 Year
Financial Services Fund	(0.11%)	8.48%	8.02%
S&P 500 Financials Index	(1.69%)	11.13%	10.79%
S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and S&P 500 Financials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>a</sup> Net investment income (loss) per share was computed using average shares outstanding throughout the period.

<sup>b</sup> Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>c</sup> The amount shown for a share outstanding throughout the period does not agree with the aggregate net loss on investments for the year because of the sales and purchases of fund shares in relation to fluctuating market value of the investments of the Fund.

## INTERNET FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that provide products or services designed for or related to the Internet ("Internet Companies").

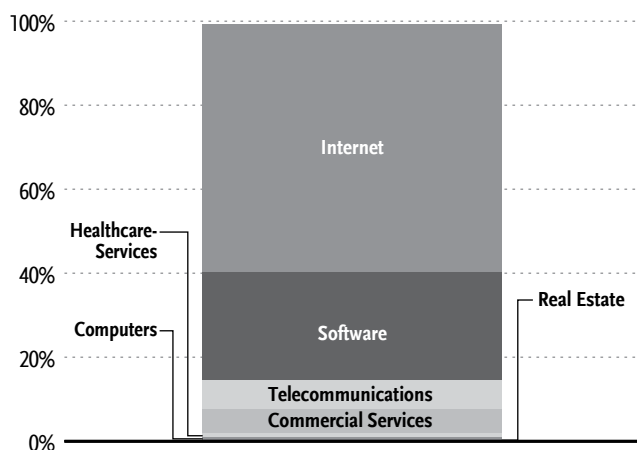

For the year ended December 31, 2020, Internet Fund returned 60.21%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Information Technology Index returned 43.89%.

The internet & direct marketing retail industry contributed the most to return, followed by the interactive media & services industry and the internet services & infrastructure industry. The leading detractors were the asset management & custody banks industry, investment banking & brokerage industry, and the real estate services industry.

Amazon.com, Inc., PayPal Holdings, Inc., and Netflix, Inc. added the most to Fund performance for the year. Momo, Inc. Class A ADR, ViaSat, Inc., and Northern Trust Corp. detracted the most from the Fund's return for the period.

Performance displayed represents past performance, which is no guarantee of future results.

<sup>a</sup> Net investment income (loss) per share was computed using average shares outstanding throughout the period.

<sup>b</sup> Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>c</sup> Reverse share split — Per share amounts for the year ended through December 31, 2016 have been restated to reflect a 1:4 reverse share split effective December 1, 2016.

## LEISURE FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies engaged in leisure and entertainment businesses ("Leisure Companies").

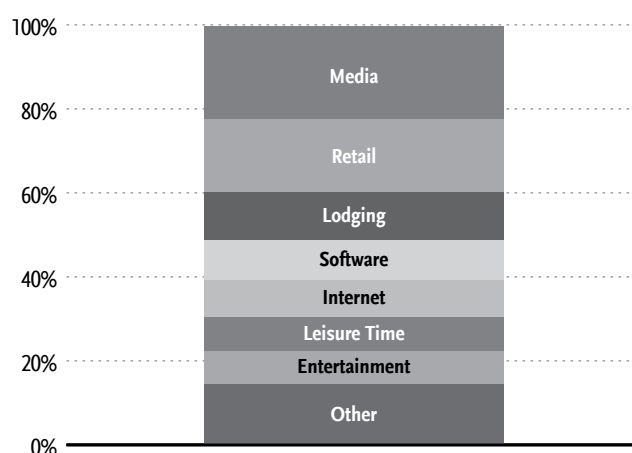

For the year ended December 31, 2020, Leisure Fund returned 21.01%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Consumer Discretionary Index returned 33.30%.

The interactive home entertainment industry contributed the most to return, followed by the movies & entertainment industry and the leisure products industry. The hotels & cruise lines industry was the largest detractor from return, followed by the broadcasting industry and the tobacco industry.

Holdings that contributed the most to the Fund's return were Netflix, Inc., Peloton Interactive, Inc. Class A, and Sea Ltd. ADR. Luckin Coffee, Inc. Class A ADR, Carnival Corp., and Royal Caribbean Group were the holdings detracting the most from return.

Performance displayed represents past performance, which is no guarantee of future results.

Cumulative Fund Performance<sup>\*,†</sup>Average Annual Returns<sup>\*,†</sup>

Periods Ended December 31, 2020

	1 Year	5 Year	10 Year
Leisure Fund	21.01%	12.25%	13.02%
S&P 500 Consumer Discretionary Index	33.30%	17.53%	17.68%
S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Consumer Discretionary Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Materials Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## RETAILING FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies engaged in merchandising finished goods and services, including department stores, mail order operations, and other companies involved in selling products to consumers ("Retailing Companies").

For the year ended December 31, 2020, Retailing Fund returned 43.68%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Consumer Discretionary Index returned 33.30%.

The Internet & direct marketing retail industry contributed the most to the Fund's return for the period, followed by the hypermarkets & super centers industry and the general merchandise stores industry. The department stores industry, drug retail industry, and apparel retail industry detracted the most from return.

Fund performance for the year benefited most from Amazon.com, Inc., Pinduoduo, Inc. ADR, and Chewy, Inc. Class A. Walgreen's Boots Alliance, Inc., Macy's, Inc., and Bed Bath & Beyond, Inc. were the largest detractors from the Fund's performance for the period.

Performance displayed represents past performance, which is no guarantee of future results.

### Cumulative Fund Performance<sup>\*,†</sup>

### Average Annual Returns<sup>\*,†</sup>

Periods Ended December 31, 2020

	1 Year	5 Year	10 Year
Retailing Fund	43.68%	14.39%	13.36%
S&P 500 Consumer Discretionary Index	33.30%	17.53%	17.68%
S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Consumer Discretionary Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## TECHNOLOGY FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that are involved in the technology sector, including computer software and service companies, semiconductor manufacturers, networking and telecommunications equipment manufacturers, PC hardware, and peripherals companies ("Technology Companies").

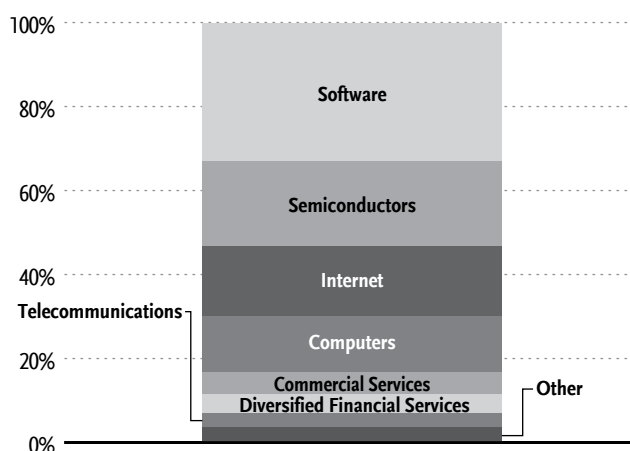

For the year ended December 31, 2020, Technology Fund returned 49.25%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Information Technology Index returned 43.89%.

The application software industry contributed the most to the Fund's performance for the period, followed by the semiconductors industry and the systems software industry. The technology distributors industry was the only detractor from performance for the period.

Top-contributing holdings were Apple, Inc., Zoom Video Communications, Inc. Class A, and Microsoft Corp., Momo, Inc. Class A ADR, Hewlett Packard Enterprise Co., and DXC Technology Co. were the weakest-performing technology holdings for the period.

Performance displayed represents past performance, which is no guarantee of future results.

S&P 500 Index	18.40%	15.22%	13.88%

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Information Technology Index are unmanaged indices and, unlike the Fund, has no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

## TELECOMMUNICATIONS FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies engaged in the development, manufacture, or sale of communications services or communications equipment ("Telecommunications Companies").

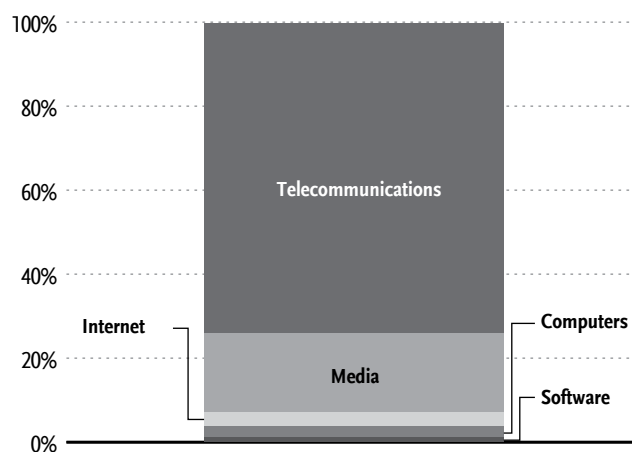

For the year ended December 31, 2020, Telecommunications Fund returned 9.49%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Telecommunications Services Index returned 23.61%.

The industries contributing the most were the wireless telecommunication services industry, the communications equipment industry, and the alternative carriers industry. The integrated telecommunication services industry was the only detractor from return for the period.

T-Mobile US, Inc., Sprint Corp., and Ubiquiti, Inc., were the strongest performers for the year. AT&T, Inc., ViaSat, Inc., and EchoStar Corp. Class A detracted the most from performance during the year.

Performance displayed represents past performance, which is no guarantee of future results.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Telecommunication Services Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

Net assets, end of period (in thousands)	\$3,254	\$3,250	\$3,230	\$3,514	\$5,384
Ratios to average net assets:					
Net investment income (loss)	0.81%	0.63%	0.97%	0.65%	0.86%
Total expenses	1.82%	1.82%	1.73%	1.70%	1.66%
Portfolio turnover rate	258%	263%	365%	372%	410%

<sup>a</sup> Net investment income (loss) per share was computed using average shares outstanding throughout the period.

<sup>b</sup> Total return does not take into account any of the expenses associated with an investment in variable insurance products. If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>c</sup> The amount shown for a share outstanding throughout the period does not agree with the aggregate net loss on investments for the year because of the sales and repurchases of fund shares in relation to fluctuating market value of investments of the Fund.

## TRANSPORTATION FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies engaged in providing transportation services or companies engaged in the design, manufacture, distribution, or sale of transportation equipment ("Transportation Companies").

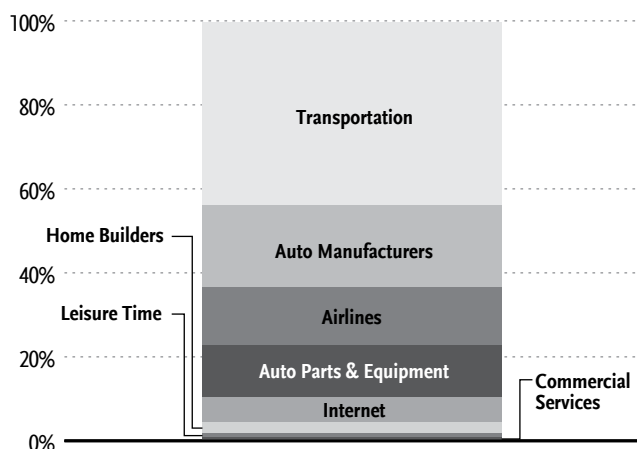

For the year ended December 31, 2020, Transportation Fund returned 40.62%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Industrials Index returned 11.06%.

The automobile manufacturers industry was the largest contributor to the Fund's return for the period, followed by the air freight & logistics industry and the trucking industry. The largest detractors from return were the airlines industry, marine industry, and tires & rubber industry.

Tesla, Inc., United Parcel Services, Inc. Class B, and Uber Technologies, Inc. were the biggest contributors to performance for the year. Delta Air Lines, Inc., Ford Motor Co., and United Airlines Holdings, Inc. detracted the most from performance during the year.

Performance displayed represents past performance, which is no guarantee of future results.

## UTILITIES FUND

**OBJECTIVE:** Seeks to provide capital appreciation by investing in companies that operate public utilities (“Utilities Companies”).

For the year ended December 31, 2020, Utilities Fund returned -5.13%, compared with a return of 18.40% for the S&P 500 Index. The S&P 500 Utilities Index returned 0.48%.

The water utilities industry was the largest contributor to return for the period, followed by the independent power producers & energy traders industry and the renewable electricity industry. The multi-utilities industry, electric utilities industry, and gas utilities industry were the largest detractors from return.

NextEra Energy, Inc., AES Corp., and American Water Works Co., Inc. were the best-performing holdings over the one-year period. First Energy Corp., Consolidated Edison, Inc., and American Electric Power Company, Inc. were the main detractors.

Performance displayed represents past performance, which is no guarantee of future results.

\* The performance data above represents past performance that is not predictive of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Returns are historical and include changes in principal and reinvested dividends and capital gains and do not reflect the effect of taxes. The S&P 500 Index and the S&P 500 Utilities Index are unmanaged indices and, unlike the Fund, have no management fees or operating expenses to reduce their reported returns.

† Performance figures do not reflect fees and expenses associated with an investment in variable insurance products. If returns had taken into account these fees and expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

If total return had taken into account these expenses, performance would have been lower. Shares of a series of Rydex Variable Trust are available only through the purchase of such products.

<sup>c</sup> The amount shown for a share outstanding throughout the period does not agree with the aggregate net loss on investments for the year because of the sale and repurchase of fund shares in relation to fluctuating market value of investments of the Fund.

## Note 1 – Organization and Significant Accounting Policies

### Organization

The Rydex Variable Trust (the “Trust”), a Delaware statutory trust, is registered with the SEC under the Investment Company Act of 1940 (“1940 Act”), as an open-ended investment company of the series type. Each series, in effect, is representing a separate fund (each, a “Fund”). The Trust may issue an unlimited number of authorized shares. The Trust accounts for the assets of each Fund separately. At December 31, 2020, the Trust consisted of forty-nine funds. The Trust offers shares of the funds to insurance companies for their variable annuity and variable life insurance contracts.

This report covers the following funds (collectively, the “Funds”):

Fund Name	Investment Company Type
Banking Fund	Diversified
Basic Materials Fund	Diversified
Biotechnology Fund	Non-diversified
Consumer Products Fund	Diversified
Electronics Fund	Non-diversified
Energy Fund	Diversified
Energy Services Fund	Non-diversified

Transportation Fund	Diversified
Utilities Fund	Diversified

The Funds invest in a specific industry sector. To the extent that investments are concentrated in a single sector, the Funds are subject to legislative or regulatory changes, adverse market conditions and/or increased competition affecting such sector.

The Funds seek capital appreciation and invest substantially all of their assets in equity securities of companies involved in their sector.

The Funds are designed and operated to accommodate frequent trading by shareholders and, unlike most mutual funds, offer unlimited exchange privileges with no minimum holding periods or transactions fees, which may cause the Funds to experience high portfolio turnover.

Security Investors, LLC, which operates under the name Guggenheim Investments (“GI”), provides advisory services. Guggenheim Funds Distributors, LLC (“GFD”) acts as principal underwriter for the Trust. GI and GFD are affiliated entities.

### Significant Accounting Policies

The Funds operate as investment companies and, accordingly, follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 Financial Services – Investment Companies.

The following significant accounting policies are in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”) and are consistently followed by the Trust. This requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. All time references are based on Eastern Time.

The net asset value per share (“NAV”) of a fund is calculated by dividing the market value of a fund’s securities and other assets, less all liabilities, by the number of outstanding shares of that fund.

### (a) Valuation of Investments

The Board of Trustees of the Funds (the “Board”) has adopted policies and procedures for the valuation of the Funds’ investments (the “Valuation Procedures”). Pursuant to the Valuation Procedures, the Board has delegated to a valuation committee, consisting of representatives from Guggenheim’s investment management, fund administration, legal and compliance departments (the “Valuation Committee”), the day-to-day responsibility for implementing the Valuation Procedures, including, under most circumstances, the responsibility for determining the fair value of the Funds’ securities and/or other assets.

Valuations of the Funds’ securities and other assets are supplied primarily by pricing services appointed pursuant to the processes set forth in the Valuation Procedures. The Valuation Committee convenes monthly, or more frequently as needed, to review the valuation of all assets which have been fair valued for reasonableness. The Funds’ officers, through the Valuation Committee and consistent with the monitoring and review responsibilities set forth in the Valuation Procedures, regularly review procedures used and valuations provided by the pricing services.

If the pricing service cannot or does not provide a valuation for a particular investment or such valuation is deemed unreliable, such investment is fair valued by the Valuation Committee.

Equity securities listed or traded on a recognized U.S. securities exchange or the National Association of Securities Dealers Automated Quotations (“NASDAQ”) National Market System shall generally be valued on the basis of the last sale price on the primary U.S. exchange or market on which the security is listed or traded; provided, however, that securities listed on NASDAQ will be valued at the NASDAQ Official Closing Price, which may not necessarily represent the last sale price. If there is no sale on the valuation date, exchange-traded U.S. equity securities will be valued on the basis of the last bid price.

Open-end investment companies are valued at their NAV as of the close of business, on the valuation date. Exchange-traded funds are valued at the last quoted sale price.

Repurchase agreements are generally valued at amortized cost, provided such amounts approximate market value.

Investments for which market quotations are not readily available are fair-valued as determined in good faith by GI, subject to review and approval by the Valuation Committee, pursuant to methods established or ratified by the Board. Valuations in accordance with these methods are intended to reflect each security’s (or asset’s or liability’s) “fair value”. Each such determination is based on a consideration of all relevant factors, which are likely to vary from one pricing context to another. Examples of such factors may include, but are not limited to market prices; sale prices; broker quotes; and models which derive prices based on inputs such as prices of securities with comparable maturities and characteristics, or based on inputs such as anticipated cash flows or collateral, spread over U.S. Treasury securities, and other information analysis.

#### **(b) Currency Translations**

The accounting records of the Funds are maintained in U.S. dollars. All assets and liabilities initially expressed in foreign currencies are converted into U.S. dollars at prevailing exchange rates. Purchases and sales of investment securities, dividend and interest income, and certain expenses are translated at the rates of exchange prevailing on the respective dates of such transactions. Changes in the relationship of these foreign currencies to the U.S. dollar can significantly affect the value of the investments and earnings of the Funds. Foreign investments may also subject the Funds to foreign government exchange restrictions, expropriation, taxation, or other political, social or economic developments, all of which could affect the market and/or credit risk of the investments.

The Funds do not isolate that portion of the results of operations resulting from changes in the foreign exchange rates on investments from the fluctuations arising from changes in the

market prices of securities held. Such fluctuations are included with the net realized gain or loss and unrealized appreciation or depreciation on investments.

Reported net realized foreign exchange gains and losses arise from sales of foreign currencies and currency gains or losses realized between the trade and settlement dates on investment transactions. Net unrealized appreciation and depreciation arise from changes in the fair values of assets and liabilities other than investments in securities at the fiscal period end, resulting from changes in exchange rates.

#### **(c) Foreign Taxes**

The Funds may be subject to foreign taxes (a portion of which may be reclaimable) on income, stock dividends, capital gains on investments or certain foreign currency transactions. All foreign taxes are recorded in accordance with the applicable foreign tax regulations and rates that exist in the foreign jurisdictions in which the Funds invest. These foreign taxes, if any, are paid by the Funds and reflected in their Statement of Operations as follows: foreign taxes withheld at source are presented as a reduction of income and foreign taxes on capital gains from sales of investments are included with the net realized gain (loss) on investments. Foreign taxes payable or deferred as of December 31, 2020, if any, are disclosed in the Funds’ Statement of Assets and Liabilities.

#### **(d) Security Transactions**

Security transactions are recorded on the trade date for financial reporting purposes. Realized gains and losses from securities transactions are recorded using the identified cost basis. Proceeds from lawsuits related to investment holdings are recorded as a reduction to cost if the securities are still held and as realized gains if no longer held in the respective Fund. Dividend income is recorded on the ex-dividend date, net of applicable taxes withheld by foreign countries, if any. Taxable non-cash dividends are recorded as dividend income. Interest income, including amortization of premiums and accretion of discounts, is accrued on a daily basis. Dividend income from Real Estate Investment Trusts (“REITs”) is recorded based on the income included in the distributions received from the REIT investments using published REIT classifications, including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to realized gains. The actual amounts of income, return of capital, and realized gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

**(e) Distributions**

Distributions of net investment income and net realized gains, if any, are declared and paid at least annually. Normally, all distributions of a Fund will automatically be reinvested without charge in additional shares of the same Fund. Distributions are recorded on the ex-dividend date and are determined in accordance with U.S. federal income tax regulations which may differ from U.S. GAAP.

**(f) Cash**

The Funds may leave cash overnight in their cash account with the custodian. Periodically, a Fund may have cash due to the custodian bank as an overdraft balance. A fee is incurred on this overdraft, calculated by multiplying the overdraft by a rate based on the federal funds rate, which was 0.09% at December 31, 2020.

**(g) Indemnifications**

Under the Funds' organizational documents, the Trustees and Officers are indemnified against certain liabilities arising out of the performance of their duties to the Trust. In addition, throughout the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds and/or their affiliates that have not yet occurred. However, based on experience, the Funds expect the risk of loss to be remote.

**Note 2 – Investment Advisory Agreement and Other Agreements**

Under the terms of an investment advisory contract, the Funds pay GI investment advisory fees calculated at the annualized rates below, based on the average daily net assets of the Funds:

<b>Fund</b>	<b>Management Fees (as a % of Net Assets)</b>
Banking Fund	0.85%
Basic Materials Fund	0.85%
Biotechnology Fund	0.85%
Consumer Products Fund	0.85%
Electronics Fund	0.85%
Energy Fund	0.85%
Energy Services Fund	0.85%
Financial Services Fund	0.85%
Health Care Fund	0.85%
Internet Fund	0.85%
Leisure Fund	0.85%
Precious Metals Fund	0.75%
Real Estate Fund	0.85%
Retailing Fund	0.85%
Technology Fund	0.85%
Telecommunications Fund	0.85%
Transportation Fund	0.85%
Utilities Fund	0.85%

GI pays operating expenses on behalf of the Trust, such as audit and accounting related services, legal services, custody, printing and mailing, among others, on a pass-through basis. Such expenses are allocated to various Funds within the complex based on relative net assets.

The Board has adopted an Investor Services Plan for which GFD and other firms that provide investor services ("Service Providers") may receive compensation. The Funds will pay investor service fees to GFD at an annual rate not to exceed 0.25% of average daily net assets. GFD, in turn, will compensate Service Providers for providing such services, while retaining a portion of such payments to compensate itself for investor services it performs.

Certain trustees and officers of the Trust are also officers of GI and/or GFD. The Trust does not compensate its officers or trustees who are officers, directors and/or employees of GI or GFD.

## NOTES TO FINANCIAL STATEMENTS (continued)

MUFG Investor Services (US), LLC ("MUIS") acts as the Funds' administrator, transfer agent and accounting agent. As administrator, transfer agent and accounting agent, MUIS maintains the books and records of the Funds' securities and cash. U.S. Bank, N.A. ("U.S. Bank") acts as the Funds' custodian. As custodian, U.S. Bank is responsible for the custody of the Funds' assets. For providing the aforementioned services, MUIS and U.S. Bank are entitled to receive a monthly fee equal to an annual percentage of each Fund's average daily net assets and out of pocket expenses.

### Note 3 – Federal Income Tax Information

The Funds intend to comply with the provisions of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and will distribute substantially all taxable net investment income and capital gains sufficient to relieve the Funds from all, or substantially all, federal income, excise and state income taxes. Therefore, no provision for federal or state income tax or federal excise tax is required.

Tax positions taken or expected to be taken in the course of preparing the Funds' tax returns are evaluated to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management has analyzed the Funds' tax positions taken, or to be taken, on U.S. federal income tax returns for all open tax years, and has concluded that no provision for income tax is required in the Funds' financial statements. The Funds' U.S. federal income tax returns are subject to examination by the Internal Revenue Service ("IRS") for a period of three years after they are filed.

The tax character of distributions paid during the year ended December 31, 2020 was as follows:

For U.S. federal income tax purposes, capital loss carryforwards represent realized losses of the Funds that may be carried forward and applied against future capital gains. The Funds are permitted to carry forward capital losses for an unlimited period and such capital loss carryforwards retain their character as either short-term or long-term capital losses. As of December 31, 2020, capital loss carryforwards for the Funds were as follows:

Fund	Unlimited		Total Capital Loss Carryforward
	Short-Term	Long-Term	
Banking Fund	\$ (447,456)	\$ —	\$ (447,456)
Energy Fund	(757,782)	(7,786,175)	(8,543,957)

Telecommunications Fund	(111,392)	(186,996)	(298,388)
Utilities Fund	(127,334)	—	(127,334)

For the year ended December 31, 2020, the following capital loss carryforward amounts were utilized:

Fund	Utilized
Banking Fund	\$ 127,234
Precious Metals Fund	304,306
Retailing Fund	110,758

Net investment income and net realized gains (losses) may differ for financial statement and tax purposes because of temporary or permanent book/tax differences. These differences are primarily due to investments in real estate investment trusts, foreign currency gains and losses, losses deferred due to wash sales, distributions in connection with redemption of fund shares, return of capital distributions received, and the “mark-to-market,” recharacterization, or disposition of certain Passive Foreign Investment Companies (PFICs). Additional differences may result

## NOTES TO FINANCIAL STATEMENTS (continued)

from the tax treatment of net operating losses, foreign capital gains taxes, and corporate actions. To the extent these differences are permanent and would require a reclassification between Paid in Capital and Total Distributable Earnings (Loss), such reclassifications are made in the period that the differences arise. These reclassifications have no effect on net assets or NAV per share.

The following adjustments were made on the Statements of Assets and Liabilities as of December 31, 2020 for permanent book/tax differences:

Fund	Paid In Capital	Total Distributable Earnings/(Loss)
Basic Materials Fund	\$ 171,325	\$ (171,325)

### Note 4 – Fair Value Measurement

In accordance with U.S. GAAP, fair value is defined as the price that the Funds would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market for the investment or liability. U.S. GAAP establishes a three-tier fair value hierarchy based on the types of inputs used to value assets and liabilities and requires corresponding disclosure. The hierarchy and the corresponding inputs are summarized below:

Level 1 — quoted prices in active markets for identical assets or liabilities.

## NOTES TO FINANCIAL STATEMENTS (continued)

Level 2 — significant other observable inputs (for example quoted prices for securities that are similar based on characteristics such as interest rates, prepayment speeds, credit risk, etc.).

Level 3 — significant unobservable inputs based on the best information available under the circumstances, to the extent observable inputs are not available, which may include assumptions.

The types of inputs available depend on a variety of factors, such as the type of security and the characteristics of the markets in which it trades, if any. Fair valuation determinations that rely on fewer or no observable inputs require greater judgment. Accordingly, fair value determinations for Level 3 securities require the greatest amount of judgment.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The suitability of the techniques and sources employed to determine fair valuation are regularly monitored and subject to change.

### Note 5 – Securities Transactions

For the year ended December 31, 2020, the cost of purchases and proceeds from sales of investment securities, excluding short-term investments, were as follows:

Fund	Purchases	Sales
Banking Fund	\$ 17,930,873	\$ 19,062,974
Basic Materials Fund	11,958,527	11,620,849

trustees and/or common officers complies with Rule 17a-7 of the 1940 Act. Further, as defined under these procedures, each transaction is effected at the current market price to save costs, where permissible. For the year ended December 31, 2020, the Funds engaged in purchases and sales of securities, pursuant to Rule 17a-7 of the 1940 Act, as follows:

Fund	Purchases	Sales	Realized Gain (Loss)
Banking Fund	\$ 2,123,601	\$ 2,370,893	\$ 11,043

### Note 6 – Repurchase Agreements

The Funds transfer uninvested cash balances into a single joint account, the daily aggregate balance of which is invested in one or more repurchase agreements collateralized by obligations of the U.S. Treasury and U.S. government agencies. The joint account includes other Funds in the Guggenheim complex not covered in this report. The collateral is in the possession of the Funds' custodian and is evaluated to ensure that its market value exceeds, at a minimum, 102% of the original face amount of the repurchase agreements. Each Fund holds a pro rata share of the collateral based on the dollar amount of the repurchase agreement entered into by each Fund.

At December 31, 2020, the repurchase agreements in the joint account were as follows:

Counterparty and Terms of Agreement	Face Value	Repurchase Price	Collateral	Par Value	Fair Value
J.P. Morgan Securities LLC 0.06% Due 01/04/21	\$ 52,863,147	\$ 52,863,499	U.S. Treasury Note 2.13% 02/29/24	\$ 50,484,000	\$ 53,920,527
Barclays Capital, Inc. 0.06% Due 01/04/21	22,023,354	22,023,501	U.S. Treasury Note 1.63% 11/15/22	21,811,900	22,463,921
BofA Securities, Inc. 0.06% Due 01/04/21	20,391,995	20,392,131	U.S. Treasury Bond 5.25% 11/15/28	15,370,000	20,799,887

In the event of counterparty default, the Funds have the right to collect the collateral to offset losses incurred. There is potential loss to the Funds in the event the Funds are delayed or prevented from exercising their rights to dispose of the collateral securities, including the risk of a possible decline in the value of the underlying securities during the period while the Funds seek to assert their rights. GI, acting under the supervision of the Board, reviews the value of the collateral and the creditworthiness of those banks and dealers with which the Funds enter into repurchase agreements to evaluate potential risks.

### Note 7 – Portfolio Securities Loaned

The Funds may lend their securities to approved brokers to earn additional income. Security lending income shown on the Statements of Operations is shown net of rebates paid to the borrowers and earnings on cash collateral investments shared with the lending agent. Within this arrangement, the Funds act as the lender, U.S. Bank acts as the lending agent, and other approved registered broker dealers act as the borrowers. The Funds receive cash collateral, valued at 102% of the value of the securities on loan. Under the terms of the Funds' securities lending agreement with U.S. Bank, cash collateral and proceeds are invested in the First American Government Obligations Fund — Class Z. The Funds bear the risk of loss on cash collateral investments. Collateral is maintained over the life of the loan in an amount not less than the value of loaned securities, as determined at the close of fund business each day; any additional collateral required due to changes in security values is delivered to the Funds the next business day. Although the collateral mitigates the risk, the Funds could experience a delay in recovering their securities and a possible loss of income or value if the borrower fails to return the securities. The Funds have the right under the securities lending agreement to recover the securities from the borrower on demand. Securities lending transactions are accounted for as secured borrowings. The remaining contractual maturity of the securities lending agreement is overnight and continuous.

At December 31, 2020, the Funds participated in securities lending transactions, which are subject to enforceable netting arrangements, as follows:

Fund	Gross Amounts Not Offset in the Statements of Assets and Liabilities			Securities Lending Collateral		
	Value of Securities Loaned	Collateral Received <sup>(a)</sup>	Net Amount	Cash Collateral Invested	Cash Collateral Uninvested	Total Collateral
Banking Fund	\$ 35,600	\$ (35,600)	\$ —	\$ 36,565	\$ —	\$ 36,565

Transportation Fund	200,373	(200,373)	—	214,937	—	214,937

<sup>(a)</sup> Actual collateral received by the Fund is generally greater than the amount shown due to overcollateralization.

In the event of counterparty default, the Funds have the right to collect the collateral to offset losses incurred. There is potential loss to the Funds in the event the Funds are delayed or prevented from exercising their rights to dispose of the collateral securities, including the risk of a possible decline in the value of the underlying securities during the period while the Funds seek to assert their rights. GI, acting under the supervision of the Board, reviews the value of the collateral and the creditworthiness of those banks and dealers to evaluate potential risks.

### Note 8 – Line of Credit

The Trust, along with other affiliated trusts, secured an uncommitted \$75,000,000 line of credit from U.S. Bank, N.A., which expired June 8, 2020. On March 30, 2020, the Board approved increasing the line of credit from \$75,000,000 to \$150,000,000. On June 8, 2020, the line of credit agreement was renewed at the increased \$150,000,000 amount and expires on June 7, 2021. This line of credit is reserved for emergency or temporary purposes. Borrowings, if any, under this arrangement bear interest equal to the Prime Rate, minus 2%, which shall be paid monthly, averaging 1.54% for the year ended December 31, 2020. The Funds did not have any borrowings outstanding under this agreement at December 31, 2020.

The average daily balances borrowed for the year ended December 31, 2020, were as follows:

<b>Fund</b>	<b>Average Daily Balance</b>
Banking Fund	\$ 956
Basic Materials Fund	486
Biotechnology Fund	4,762
Consumer Products Fund	2,710
Electronics Fund	3,596

Utilities Fund	2,281

#### **Note 9 – Reverse Share Splits**

Effective on August 24th, 2020, reverse share splits occurred for the following Funds:

<b>Fund</b>	<b>Split Type</b>
Energy Fund	One-for-Three Reverse Share Split
Energy Services Fund	One-for-Ten Reverse Share Split

The effect of these transactions was to divide the number of outstanding shares of the Energy Fund and the Energy Services Fund by their respective reverse split ratios, resulting in a corresponding increase in the NAV. The share transactions presented in the Statements of Changes in Net Assets and the Per Share Data in the Financial Highlights for each of the periods presented prior to the effective date, have been restated to reflect these respective share splits. There were no changes in net assets, results of operations or total return as a result of these transactions.

#### **Note 10 – Legal Proceedings**

##### **Tribune Company**

Rydex Variable Trust has been named as a defendant and a putative member of the proposed defendant class of shareholders in the case entitled *Kirschner v. FitzSimons*, No. 12-2652 (S.D.N.Y.) (formerly *Official Committee of Unsecured Creditors of Tribune Co. v. FitzSimons*, Adv. Pro. No. 10-54010 (Bankr. D. Del.)) (the “*FitzSimons* action”), as a result of ownership by certain series of the Rydex Variable Trust of shares in the Tribune Company (“Tribune”) in 2007, when Tribune effected a leveraged buyout transaction (“LBO”) by which Tribune converted to a privately-held company. In his complaint, the plaintiff has alleged that, in connection with the LBO, Tribune insiders and shareholders were overpaid for their Tribune stock using financing that the insiders knew would, and ultimately did, leave Tribune insolvent. The plaintiff has asserted claims against certain insiders, major shareholders, professional advisers, and others involved in the LBO. The plaintiff is also attempting to obtain from former Tribune shareholders, including the Rydex Variable Trust, the proceeds they received in connection with the LBO.

In June 2011, a group of Tribune creditors filed multiple actions against former Tribune shareholders involving state law constructive fraudulent conveyance claims arising out of the 2007 LBO (the “SLCFC actions”). Rydex Variable Trust has been named as a defendant in one or more of these suits. In those actions, the creditors seek to recover from Tribune’s former shareholders the proceeds received in connection with the 2007 LBO.

The *FitzSimons* action and the SLCFC actions have been consolidated with the majority of the other Tribune LBO-related lawsuits in a multidistrict litigation proceeding captioned *In re Tribune Company Fraudulent Conveyance Litig.*, No. 11-md-2296 (S.D.N.Y.) (the “MDL Proceeding”).

On September 23, 2013, the District Court granted the defendants’ omnibus motion to dismiss the SLCFC actions, on the basis that the creditors lacked standing. On September 30, 2013, the creditors filed a notice of appeal of the September 23 order. On October 28, 2013, the defendants filed a joint notice of cross-appeal of that same order. On March 29, 2016, the U.S. Court of Appeals for the Second Circuit issued its opinion on the appeal of the SLCFC actions. The appeals court affirmed the district court’s dismissal of those lawsuits, but on different grounds than the district court. The appeals court held that while the plaintiffs have standing under the U.S. Bankruptcy Code, their claims were preempted by Section 546(e) of the Bankruptcy Code—the statutory safe harbor for settlement payments. On April 12, 2016, the Plaintiffs in the SLCFC actions filed a petition seeking rehearing *en banc* before the appeals court. On July 22, 2016, the appeals court denied the petition. On September 9, 2016, the plaintiffs filed a petition for writ of certiorari in the U.S. Supreme Court challenging the Second Circuit’s decision that the safe harbor of Section 546(e) applied to their claims. The shareholder defendants, including the Funds, filed a joint brief in opposition to the petition for certiorari on October 24, 2016. On April 3, 2018, Justice Kennedy and Justice Thomas issued a “Statement” related to the petition for certiorari suggesting that the Second Circuit and/or District Court may want to take steps to reexamine the application of the Section 546(e) safe harbor to the previously dismissed state law constructive fraudulent transfer claims based on the Supreme Court’s decision in *Merit Management Group LP v. FTI Consulting, Inc.* On April 10, 2018, Plaintiffs filed in the Second Circuit a motion for that court to recall its mandate, vacate its prior decision, and remand to the district court for further proceedings consistent with *Merit Management*. On April 20, 2018, the shareholder defendants filed an opposition to Plaintiffs’ motion to recall the mandate. On May 15, 2018, the Second Circuit issued an order recalling the mandate “in anticipation of further panel review.” On December 19, 2019, the Second Circuit issued an amended opinion that again affirmed the district court’s ruling on the basis that plaintiffs’ claims were preempted by Section 546(e) of the Bankruptcy Code. Plaintiffs filed a motion for rehearing and rehearing *en banc* on January 2, 2020. The Second Circuit denied the petition on February 6, 2020. On July 6, 2020, plaintiffs filed a new petition for a writ of certiorari in the U.S. Supreme Court. In that petition, plaintiffs stated that “[t]o make it more likely that there will be a quorum for this petition,” they have “abandon[ed] the case and let the judgment below stand” with respect to certain defendants. That list did not include Rydex Variable Trust. Defendants filed an opposition to the petition for certiorari on August 26, 2020, and plaintiffs filed a reply in support of the petition for certiorari on September 8, 2020.

On May 23, 2014, the defendants filed motions to dismiss the *FitzSimons* action, including a global motion to dismiss Count I, which is the claim brought against former Tribune shareholders for intentional fraudulent conveyance under U.S. federal law. On January 6, 2017, the United States District Court for the Southern District of New York granted the shareholder defendants’ motion to dismiss the intentional fraudulent conveyance claim in the *FitzSimons* action. The Court concluded that the plaintiff had failed to allege that Tribune entered the LBO with actual intent to hinder, delay, or defraud its creditors, and therefore the complaint failed to state a claim. In dismissing the intentional fraudulent conveyance claim, the Court denied the plaintiff’s request to amend the complaint. On February 23, 2017, the Court issued an order stating that it intended to permit an interlocutory appeal of the dismissal order, but would wait to do so until it has resolved outstanding motions to dismiss filed by other defendants.

On July 18, 2017, the plaintiff submitted a letter to the District Court seeking leave to amend its complaint to add a constructive fraudulent transfer claim. The shareholder defendants opposed that request. On August 24, 2017, the Court denied the plaintiff’s request without prejudice to renewal of the request in the event of an intervening change in the law. On March 8, 2018, the plaintiff renewed his request for leave to file a motion to amend the complaint to assert a constructive fraudulent transfer claim based on the Supreme Court’s ruling in *Merit Management Group LP v. FTI Consulting, Inc.* The shareholder defendants opposed that request. On June 18, 2018 the District Court ordered that the request would be stayed pending further action by the Second Circuit in the SLCFC actions.

On December 18, 2018, plaintiff filed a letter with the District Court requesting that the stay be dissolved in order to permit briefing on the motion to amend the complaint and indicating plaintiff’s intention to file another motion to amend the complaint to reinstate claims for intentional fraudulent transfer. The shareholder defendants opposed that request. On January 14, 2019, the court held a case management conference, during which the court stated that it would not lift the stay prior to further action from the Second Circuit in the SLCFC actions. The court further stated that it would allow the plaintiff to file a motion to amend to try to reinstate its intentional fraudulent transfer claim. On January 23, 2019, the court ordered the parties still facing pending claims to participate in a mediation, to commence on January 28, 2019. The mediation did not result in a settlement of the claims against the shareholder defendants.

On April 4, 2019, plaintiff filed a motion to amend the Fifth Amended Complaint to assert a federal constructive fraudulent transfer claim against certain shareholder defendants. On April 10, 2019, the shareholder defendants filed a brief in opposition to plaintiff's motion to amend. On April 12, 2019, the plaintiff filed a reply brief. On April 23, 2019, the court denied the plaintiff's motion to amend. On June 13, 2019, the court entered judgment pursuant to Rule 54(b). On July 12, 2019, the Plaintiff filed a notice of appeal with respect to the dismissal of his claims and the District Court's denial of his motion for leave to amend. Plaintiff filed an appellate brief on January 7, 2020. The shareholder defendants' brief was filed on April 27, 2020. Plaintiff filed a reply brief on May 18, 2020. The Court held oral argument on August 24, 2020.

None of these lawsuits alleges any wrongdoing on the part of Rydex Variable Trust. The following series of Rydex Variable Trust held shares of Tribune and tendered these shares as part of Tribune's LBO: Nova Fund, S&P 500 2x Strategy Fund, Multi-Cap Core Equity Fund, S&P 500 Pure Value Fund, Hedged Equity Fund and Multi-Hedge Strategies Fund (the "Funds"). The value of the proceeds received by the foregoing Funds was \$12,580, \$2,380, \$1,360, \$148,376, \$2,720, and \$119,034, respectively. At this stage of the proceedings, Rydex Variable Trust is not able to make a reliable predication as to the outcome of these lawsuits or the effect, if any, on a Fund's net asset value.

**Note 11 – COVID-19 and Recent Developments**

The global ongoing crisis caused by the outbreak of COVID-19 is causing materially reduced consumer demand and economic output, disrupting supply chains, resulting in market closures, travel restrictions and quarantines, and adversely impacting local and global economies. Investors should be aware that in light of the current uncertainty, volatility and distress in economies, financial markets, and labor and health conditions all over the world, the Funds' investments and a shareholder's investment in a Fund are subject to sudden and substantial losses, increased volatility and other adverse events. Firms through which investors invest with the Funds, the Funds, their service providers, the markets in which they invest and market intermediaries are also impacted by quarantines and similar measures intended to contain the ongoing pandemic, which can obstruct their functioning and subject them to heightened operational risks.

**Note 12 – Subsequent Events**

On February 10, 2021, the Trust, along with other affiliated trusts, increased the line of credit agreement with U.S. Bank, N.A. from \$150,000,000 to \$200,000,000.

The Funds evaluated subsequent events through the date the financial statements were available for issue and determined there were no material events, other than disclosed above, that would require adjustment to or disclosure in the Funds' financial statements.

To the Shareholders of Banking Fund, Basic Materials Fund, Biotechnology Fund, Consumer Products Fund, Electronics Fund, Energy Fund, Energy Services Fund, Financial Services Fund, Health Care Fund, Internet Fund, Leisure Fund, Precious Metals Fund, Real Estate Fund, Retailing Fund, Technology Fund, Telecommunications Fund, Transportation Fund and Utilities Fund and the Board of Trustees of Rydex Variable Trust

### Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities of Banking Fund, Basic Materials Fund, Biotechnology Fund, Consumer Products Fund, Electronics Fund, Energy Fund, Energy Services Fund, Financial Services Fund, Health Care Fund, Internet Fund, Leisure Fund, Precious Metals Fund, Real Estate Fund, Retailing Fund, Technology Fund, Telecommunications Fund, Transportation Fund and Utilities Fund (collectively referred to as the “Funds”), (eighteen of the funds constituting Rydex Variable Trust (the “Trust”)), including the schedules of investments, as of December 31, 2020, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds (eighteen of the funds constituting Rydex Variable Trust) at December 31, 2020, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended and their financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

### Basis for Opinion

These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on each of the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of the Trust's internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2020, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**Delivery of Shareholder Reports**

Paper copies of the Funds' annual and semi-annual shareholder reports are not sent by mail, unless you specifically request paper copies of the reports from the insurance company that offers your contract or from your financial intermediary. Instead, the reports are made available on a website, and you are notified by mail each time a report is posted and provided with a website address to access the report.

You may elect to receive paper copies of all future shareholder reports free of charge. You can inform the insurance company that you wish to receive paper copies of reports by following the instructions provided by the insurance company. Your election to receive reports in paper may apply to all portfolio companies available under your contract.

**Proxy Voting Information**

A description of the policies and procedures that the Trust uses to determine how to vote proxies relating to securities held in the Funds' portfolios is available, without charge and upon request, by calling 800.820.0888. This information is also available from the EDGAR database on the SEC's website at <https://www.sec.gov>.

Information regarding how the Funds' voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling 800.820.0888. This information is also available from the EDGAR database on the SEC's website at <https://www.sec.gov>.

**Sector Classification**

Information in the Schedule of Investments is categorized by sectors using sector-level Classifications defined by the Bloomberg Industry Classification System, a widely recognized industry classification system provider. Each Fund's registration statement has investment policies relating to concentration in specific sectors/industries. For purposes of these investment policies, the Funds usually classify sectors/industries based on industry-level Classifications used by widely recognized industry classification system providers such as Bloomberg Industry Classification System, Global Industry Classification Standards and Barclays Global Classification Scheme.

**Quarterly Portfolio Schedules Information**

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year as an exhibit to its reports on Form N-PORT, and for reporting periods ended prior to March 31, 2019, filed such information on Form N-Q. The Funds' Forms N-PORT and N-Q are available on the SEC's website at <https://www.sec.gov>. Copies of the portfolio holdings are also available to shareholders, without charge and upon request, by calling 800.820.0888.

### How We Handle Your Personal Information

The legal basis for using your information as set out in this Privacy Notice is as follows: (a) use of your personal data is necessary to perform our obligations under any contract with you (such as a contract for us to provide financial services to you); or (b) where use of your personal data is not necessary for performance of a contract, use of your personal data is necessary for our legitimate interests or the legitimate interests of others (for example, to enforce the legal terms governing our services, operate and market our website and other services we offer, ensure safe environments for our personnel and others, make and receive payments, prevent fraud and to know the customer to whom we are providing the services). Some processing is done to comply with applicable law.

In addition to the specific uses described above, we also use your information in the following manner:

- We use your information in connection with servicing your accounts.
- We use information to respond to your requests or questions. For example, we might use your information to respond to your customer feedback.
- We use information to improve our products and services. We may use your information to make our website and products better. We may use your information to customize your experience with us.
- We use information for security purposes. We may use your information to protect our company and our customers.
- We use information to communicate with you. For example, we will communicate with you about your account or our relationship. We may contact you about your feedback. We might also contact you about this Privacy Notice. We may also enroll you in our email newsletter.

- We use information as otherwise permitted by law, as we may notify you.
- **Aggregate/Anonymous Data.** We may aggregate and/or anonymize any information collected through the website so that such information can no longer be linked to you or your device ("Aggregate/Anonymous Information"). We may use Aggregate/Anonymous Information for any purpose, including without limitation for research and marketing purposes, and may also share such data with any third parties, including advertisers, promotional partners, and sponsors.

We do not sell information about current or former clients or their accounts to third parties. Nor do we share this information, except when necessary to complete transactions at your request, to make you aware of investment products and services that we or our affiliates offer, or as permitted or required by law.

We provide information about you to companies and individuals not affiliated with Guggenheim Investments to complete certain transactions or account changes, or to perform services for us related to your account. For example, if you ask to transfer assets from another financial institution to Guggenheim Investments, we must provide certain information about you to that company to complete the transaction. We provide the third party with only the information necessary to carry out its responsibilities and only for that purpose. And we require these third parties to treat your private information with the same high degree of confidentiality that we do. To alert you to other Guggenheim Investments products and services, we share your information within our family of affiliated companies. You may limit our sharing with affiliated companies as set out below. We may also share information with any successor to all or part of our business, or in connection with steps leading up to a merger or acquisition. For example, if part of our business was sold we may give customer information as part of that transaction. We may also share information about you with your consent.

We will release information about you if you direct us to do so, if we are compelled by law to do so, or in other circumstances as permitted by law (for example, to protect your account from fraud).

If you close your account(s) or become an inactive client or investor, we will continue to adhere to the privacy policies and practices described in this notice.

### **Opt-Out Provisions and Your Data Choices**

The law allows you to "opt out" of certain kinds of information sharing with third parties. We do not share personal information about you with any third parties that triggers this opt-out right. This means **YOU ARE ALREADY OPTED OUT**.

When you are no longer our client or investor, we continue to share your information as described in this notice, and you may contact us at any time to limit our sharing by sending an email to [CorporateDataPrivacy@GuggenheimPartners.com](mailto:CorporateDataPrivacy@GuggenheimPartners.com).

**European Union Data Subjects and certain others:** In addition to the choices set forth above, residents of the European Union and certain other jurisdictions have certain rights to (1) request access to or rectification or deletion of information we collect about them, (2) request a restriction on the processing of their information, (3) object to the processing of their information, or (4) request the portability of certain information. To exercise these or other rights, please contact us using the contact information below. We will consider all requests and provide our response within the time period stated by applicable law. Please note, however, that certain information may be exempt from such requests in some circumstances, which may include if we need to keep processing your information for our legitimate interests or to comply with a legal obligation. We may request you provide us with information necessary to confirm your identity before responding to your request.

Residents of France and certain other jurisdictions may also provide us with instructions regarding the manner in which we may continue to store, erase and share your information after your death, and where applicable, the person you have designated to exercise these rights after your death.

### **How We Protect Privacy Online**

We take steps to protect your privacy when you use our web site – [www.guggenheiminvestments.com](http://www.guggenheiminvestments.com) – by using secure forms of online communication, including encryption technology, Secure Socket Layer (SSL) protocol, firewalls and user names and passwords. These safeguards vary based on the sensitivity of the information that we collect and store. However, we cannot and do not guarantee that these measures will prevent every unauthorized attempt to access, use, or disclose your information since despite our efforts, no Internet and/or other

electronic transmissions can be completely secure. Our web site uses “http cookies”—tiny pieces of information that we ask your browser to store. We use cookies for session management and security features on the Guggenheim Investments web site. We do not use them to pull data from your hard drive, to learn your e-mail address, or to view data in cookies created by other web sites. We will not share the information in our cookies or give others access to it. See the legal information area on our web site for more details about web site security and privacy features.

### **How We Safeguard Your Personal Information and Data Retention**

We restrict access to nonpublic personal information about you to our employees and in some cases to third parties (for example, the service providers described above) as permitted by law. We maintain strict physical, electronic and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

We keep your information for no longer than necessary for the purposes for which it is processed. The length of time for which we retain information depends on the purposes for which we collected and use it and/or as required to comply with applicable laws. Information may persist in copies made for backup and business continuity purposes for additional time.

### **International Visitors**

If you are not a resident of the United States, please be aware that your information may be transferred to, stored and processed in the United States where our servers are located and our databases are operated. The data protection and other laws of the United States and other countries might not be as comprehensive as those in your country.

In such cases, we ensure that a legal basis for such a transfer exists and that adequate protection is provided as required by applicable law, for example, by using standard contractual clauses or by transferring your data to a jurisdiction that has obtained an adequacy finding. Individuals whose data may be transferred on the basis of standard contractual clauses may contact us as described below.

### **We'll Keep You Informed**

If you have any questions or concerns about how we treat your personal data, we encourage you to consult with us first. You may also contact the relevant supervisory authority.

We reserve the right to modify this policy at any time and will inform you promptly of material changes. You may access our privacy policy from our web site at [www.guggenheiminvestments.com](http://www.guggenheiminvestments.com). Should you have any questions regarding our privacy policy, contact us by email at [CorporateDataPrivacy@GuggenheimPartners.com](mailto:CorporateDataPrivacy@GuggenheimPartners.com).

In compliance with SEC Rule 22e-4 under the U.S. Investment Company Act of 1940 (the “Liquidity Rule”), the Rydex Variable Trust (the “Trust”) has adopted and implemented a written liquidity risk management program (the “Program”) for each series of the Trust (each, a “Fund” and, collectively, the “Funds”). The Trust’s Board of Trustees (the “Board”) previously approved the designation of a Program administrator (the “Administrator”).

The Liquidity Rule requires that the Program be reasonably designed to assess and manage each Fund’s liquidity risk. A Fund’s “liquidity risk” is the risk that the Fund could not meet requests to redeem shares issued by the Fund without significant dilution of the remaining investors’ interests in the Fund. The Program includes a number of elements that support the assessment, management and review of liquidity risk. In accordance with the Program, each Fund’s liquidity risk is assessed no less frequently than annually taking into consideration a variety of factors, including, as applicable, the Fund’s investment strategy and liquidity of portfolio investments, cash flow projections, and holdings of cash and cash equivalents, as well as borrowing arrangements and other funding sources. Certain factors are considered under both normal and reasonably foreseeable stressed conditions. There is no guarantee that the Program will achieve its objective under all circumstances.

Under the Program, each Fund portfolio investment is classified into one of four liquidity categories based on a determination of the number of days it is reasonably expected to take to convert the investment to cash, or sell or dispose of the investment, in current market conditions without significantly changing the investment’s market value. The Program is reasonably designed to meet Liquidity Rule requirements relating to “highly liquid investment minimums” (*i.e.*, the minimum amount of Fund net assets to be invested in highly liquid investments that are assets) and to monitor compliance with the Liquidity Rule’s limitations on a Fund’s investments in illiquid investments. Under the Liquidity Rule, a Fund is prohibited from acquiring any illiquid investment if, immediately after the acquisition, the Fund would have invested more than 15% of its net assets in illiquid investments that are assets.

During the period covered by this shareholder report, the Board received a written report (the “Report”) prepared by the Administrator addressing the Program’s operation and assessing the adequacy and effectiveness of its implementation for the period from December 1, 2018, through March 31, 2020. The Report concluded that the Program operated effectively, the Program had been and continued to be reasonably designed to assess and manage each Fund’s liquidity risk and the Program has been adequately and effectively implemented to monitor and respond to the Funds’ liquidity developments, as applicable.

Please refer to your Fund’s prospectus for more information regarding the Fund’s exposure to liquidity risk and other risks to which an investment in the Fund may be subject.
